## **ORIGINALITY**

OLP approach is to think through a problem with creativity and flexibility to provide solution that meet our clients' diverse needs.

## LOYALTY

At OLP we strive to add long term value to our business partners and stakeholders by developing loyal and sustainable relationships.

# **PASSION**

Our passion to excel has been instrumental in our growth and success over the past 36 years.

OLP fosters a culture which encourages and rewards individuals who demonstrate passion to succeed. A host of satisfied customers is testament to the extra effort, innovation and pride our team members put into ensuring a quality experience for our valued customers.

# **VISION**

Excellence in pioneering creative and flexible financial services for a diverse market with particular emphasis on serving the needs of SME sector in Pakistan.

# **MISSION**

A corporate culture and environment that attracts and fosters the best available talent, inspires trust of customers, promotes innovation in products and services, creates value for all stakeholders and is inclusive of support to the less privileged by improving their access to finance.

# **CORE VALUES**

## Innovation

We seek continuous improvement and encourage creativity

## Integrity

We promote honesty and fairness in all our actions

## Ownership

We protect the interests of the Company as if it is our own business

## Respect

We respect each others' feelings and opinions

#### Teamwork

We work together to create synergies

### **Customer Focus**

We are because of our customers and our success lies in their satisfaction

# STRATEGIC OBJECTIVES

Be recognized as making meaningful contribution to the economy and the society with a focus on micro and middle-tier segments.

Maintain the highest credit ratings in the non-banking financial sector of Pakistan to provide maximum security to our depositors and lenders.

Meet varying and diverse demands of customers through innovation and differentiation in our products.

Take personalized customer service to next level through a highly trained and multi-skilled workforce.

Become an employer of choice by creating a fair and conducive work environment that fosters growth and rewards talent.

Bring transparency and control in all spheres of business and operations by introducing well-defined policies and procedures and training staff accordingly.

Identify and capitalize on opportunities for generating sustainable sources of income to secure the future interests of all stakeholders.

Maximize return to shareholders by steadily increasing ROE and ROA.

# CODE OF BUSINESS ETHICS

It is vital to the financial success of OLP that we conduct our business in compliance with the rules and regulations applicable to and laid down by the Company. Our Code of Conduct sets out the fundamental standards to be followed by employees in their everyday actions.

- Acting in the best interests of the Company by ensuring that personal interests do not influence decision-making ability.
- Protecting OLP's proprietary and sensitive information by maintaining the highest level of confidentiality, both within and outside the Company.
- Compliance with applicable laws, rules and regulations in letter and spirit.
- Refrain from engaging in any illegal or unethical transaction.
- Maintaining a conducive working environment by respecting human rights and treating each other with respect, fairness and dignity.
- Exercising due care and acting within the scope of one's own authority.
- Maintaining a respectful and reverential attitude toward customers and conducting ourselves at all times to meet customers' needs.
- Considering values that serve to support and advance societal interests and harmony and conducting our business activities in a manner that promotes harmony with social and environmental issues.
- Committing to a secure and safe work environment and striving to maintain uninterrupted business continuity.
- Reporting the discovery of any illegal or unethical conduct and prohibiting any reprisal against or unfavorable treatment of OLP personnel who come forward in good faith to report issues.

Annual Report 2022

# COMPANY PROFILE

OLP Financial Services Pakistan Limited (OLP) (Formerly ORIX Leasing Pakistan Limited) was established in July 1986 as a joint venture between ORIX Corporation, Japan and local investors. The Company is listed on the Pakistan Stock Exchange.

OLP is headquartered in Karachi and has 36 branches situated in 34 cities. Its major shareholder is ORIX Corporation (ORIX) having 49.58% shareholding. Established in 1964, ORIX is one of Japan's leading integrated financial services groups with operations in 28 countries worldwide. The group has experience of 58 years of operations and has a total asset base of Yen (¥) 14,622 billion and equity of ¥ 3,294 billion as at June 30, 2022, which equates to US\$ 107 billion and US\$ 24 billion respectively.

OLP has traditionally focused on the leasing of productive plant and machinery and transportation assets. Over the past 36 years, OLP has played an important role in the development of the leasing industry in Pakistan and is currently the largest lending NBFC in Pakistan.

OLP offers value-added financial products and innovative customized services to a wide array of customers throughout Pakistan. The blend of international experience and local expertise acquired over the last 36 years provides OLP a distinctive competitive edge.

ANNUAL REPORT 2022

## CHAIRMAN'S MESSAGE

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present the Annual Report of OLP Financial Services Pakistan Limited (OLP/ the Company) for the year ended June 30, 2022.

Pakistan's economy is facing economic challenges in the wake of international events and domestic political crisis. The Board and Management are closely monitoring the prevailing business environment and are guiding the Company well in these adverse circumstances. Against a backdrop of multi-faceted challenges, the Company continues to perform well and distributes a fair return to our valued shareholders by way of interim and final dividends.

A cautious approach was adopted for business growth in FY2022. OLP has a well diversified and strong loan book which increased by 16% to reach Rs. 25 billion (2021: Rs. 21.5 billion). As of June 30, 2022, the Company had total assets of Rs. 30 billion which were 20% higher than last year's total assets of Rs. 25 billion.

Profit before tax for the year at Rs. 1,377 million was 7% higher than last year (2021: Rs. 1,284 million). However, the profit after tax was 4% lower at Rs. 882 million compared to Rs. 915 million last year due to higher tax provision. The Government has levied 4% super tax on companies earning income of more than Rs. 300 million and has also made some other amendments in tax laws. Consequently, the Company has recorded total tax expense of Rs. 495 million which was 34% higher than last year.

OLP's strong risk management framework has been instrumental in the Company's success over the years. I appreciate the Board and its sub-committees efforts which continue to focus on risk management, especially credit and operational risks, to maintain a high level of operational efficiency and improve the Company's performance.

During the year, the Company was rebranded in line with its vision of enhancing its corporate image as an SME focused financial services company and not merely a leasing company. The Board is of the view that a change in the Company's name was essential to develop the Company's image as a financial institution which offers a full spectrum of financial services to its customers. The principal shareholder of the Company, ORIX Corporation, has fully endorsed this rebranding and is committed to the future growth of OLP with the new image.

On behalf of the Board of Directors, I would like to extend my heartfelt gratitude to all our stakeholders and employees for their contribution in steering the Company during these challenging times and creating value through their outstanding level of commitment and dedication. I would also like to thank the Regulators for their continued direction and support during the year.

**Khalid Aziz Mirza** 

Chairman Board of Directors

بورڈ آف ڈائر کیٹرز کی جانب ہے، مجھے 30 جون 2022 کو ختم ہونے والے سال کے لیے OLP فٹانشل سر وسز پاکستان کمیٹٹر کی سالانہ رپورٹ پیش کرتے ہوئے خوشی ہورہی ہے۔

بین الا قوامی واقعات اور مکی سیاسی بحران کے تناظر میں پاکستان کی معیشت کو معاثی چیلنجز کا سامنا ہے۔ بورڈ اور انتظامیہ موجودہ کاروباری ماحول پر گہری نظر رکھے ہوئے ہیں اور ان منفی حالات میں کمپنی کی اچھی رہنمائی کر رہے ہیں۔ کثیر جہتی چیلنجوں کے باوجود کمپنی نے اچھی کار کر دگی کا مظاہرہ کرتے ہوئے عبوری اور حتی ڈیویڈنڈ کے ذریعے ہمارے قابل قدر شیئر ہولڈرز میں منافع کی مناسب تقسیم کی ہے۔

مالی سال 2022 میں کاروباری ترقی کے لیے مختاط انداز اپنایا گیا۔ OLP کے پاس متنوع اور مضبوط لون نبک ہے جو ×16 بڑھ کر 25 بلین روپ (2021: 21.5 بلین روپ ) تک پہنچ گئ ہے۔30 جون 2022 تک، کمپنی کے کل اثاثے۔30 ارب روپ تھے جو گزشتہ سال 25 ارب روپ کے کل اثاثوں کے مقابلے میں ×20 زیادہ تھے۔

سال کے لیے قبل از ٹیکس منافع 1,377 ملین روپے پچھلے سال (1,284:2021 ملین روپے) کے مقابلے میں ٪7زیادہ تھا۔ تاہم، بعد از ٹیکس منافع 882 ملین روپے زیادہ ٹیکس اور کے سے زیادہ آمدنی حاصل کرنے والی کمپنیوں پر ٪4 سپر ٹیکس لگایا ہے اس کے علاوہ ٹیکس قوانین میں پچھلے سال 915 ملین روپے کے مقابلے میں ٪44 مربا۔ حکومت نے 300 ملین روپے سے زیادہ آمدنی حاصل کرنے والی کمپنیوں پر ٪4 سپر ٹیکس لگایا ہے اس کے علاوہ ٹیکس قوانین میں پچھے دیگر ترامیم بھی کی ہیں۔ نتیجناً، سمپنی نے 495 ملین روپے کے کل ٹیکس اخراجات کوریکارڈ کیا ہے جو کہ گزشتہ سال کے مقابلے میں ٪344 یادہ ہے۔

OLP کا مضبوط رسک مینجنٹ فریم ورک گزشتہ سالوں میں کمپنی کی کامیابی میں اہم کر دار ادا کر رہاہے۔ میں بورڈ اور اس کی ذیلی کمیٹیوں کی کوششوں کو سراہتا ہوں جو رِسک مینیجبنٹ بالخصوص کریڈٹ اور آپریشنل رِسک پر توجہ مر کوز کرتے رہتے ہیں تا کہ آپریشنل کار کر دگی کی اعلیٰ سطح کو ہر قرار رکھاجاسکے اور کمپنی کی کار کر دگی کو بہتر بنایاجا سکے۔

سال کے دوران، کمپنی کو محض ایک لیزنگ کمپنی نہیں بلکہ ایک SME فوسٹہ فنانشل سروسز کمپنی کے طور پر اپنے کارپوریٹ اینج کو بڑھانے کے وژن کے مطابق ری برانڈ کیا گیا۔ بورڈ کاخیال ہے کہ کمپنی کے نام میں تبدیلی کمپنی کے اینج کو ایک مالیاتی ادارے کے طور پر تیار کرنے کے لیے ضروری تھی جو اپنے صارفین کو مکمل مالیاتی خدمات پیش کر تا ہے۔ کمپنی کے پر نسپل شیئر ہولڈر، ORIXکارپوریشن نے اس ری برانڈنگ کی مکمل توثیق کی ہے اور نئے اینج کے ساتھ OLP کی مستقبل میں ترقی کے لیے پر عزم ہے۔

بورڈ آف ڈائر کیٹرز کی جانب سے، میں اپنے تمام اسٹیک ہولڈرز اور ملازمین کا تہہ دل سے شکریہ ادا کرنا چاہوں گا جنہوں نے اس مشکل وقت میں سمپنی کو چلانے میں عزم اور لگن کے ساتھ اپناحصہ ڈالا اور سال کے دوران ریگولیٹر زکی مسلسل رہنمائی اور تعاون کا بھی شکر گزار ہوں۔

Annual Report 2022

## DIRECTOR'S REPORT

On behalf of the Board of Directors, we are pleased to present the thirty sixth annual report of OLP Financial Services Pakistan Limited (OLP/ the Company) together with the Unconsolidated Financial Statements for the year ended June 30, 2022.

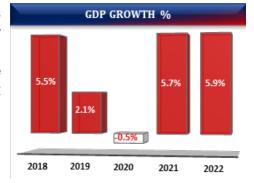

#### The Company

OLP was established in 1986 as one of the pioneers in the leasing industry in Pakistan. The Company has an Investment Finance Services license from SECP under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003. The Company provides financial services to corporate and individual customers with emphasis on serving the needs of Small and Medium Enterprise (SME) sector of the Country.

#### **Overview of the Economy**

Pakistan's economy is facing frequent boom-bust cycles for many years. Continuing with this trend, the economy achieved GDP growth of 5.74% and 5.97% in FY2021 and FY2022 respectively, however, it is again facing severe challenges owing to runaway inflation, current account deficit and political instability.

In FY2022, all major sectors performed well. The industrial sector grew by 7.2%, followed by services sector and agricultural sector at 6.2% and 4.4% respectively.

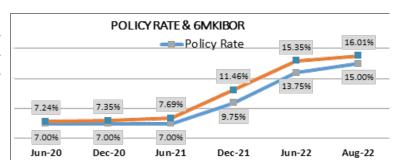

However, international supply issues and high commodity prices, especially after the Russia-Ukraine conflict, created inflationary pressure during the year which exacerbated towards the end of the fiscal year. Annual inflation touched 25% in July 2022, which is one of the highest inflation rates the Country has faced. High commodity prices also caused sharp increase in current account deficit which necessitated the Country having to negotiate with the International Monetary Fund on tough conditions and approach other multilateral and bilateral lenders.

Given these challenges, political turmoil did not help the situation and severely dented business sentiment. Increasing current account deficit and political instability also caused freefall of the rupee against major currencies and it has depreciated by 44% against US Dollar since July 2021; reaching Rs. 223 per USD in September 2022. Increase in taxation of the already burdened documented sector of the economy also negatively affected the corporate sector and the KSE-100 index has fallen by 10% since April 15, 2022.

The SBP has taken a number of steps to control inflation and rupee depreciation, including raising the policy rate from 7% in September 2021 to 15% in July 2022. Other measures included increase in bank reserve requirements; tightening of consumer financing regulations and import curtailments through higher margin requirements.

Despite high interest rates, unprecedented increase in car prices and restriction on consumer financing, car sales for the year increased by 55% to 234,180 units as compared to 151,182 units in FY2021. Truck sales also increased by 57% to 5,802 units in FY2022, indicating improved local and foreign

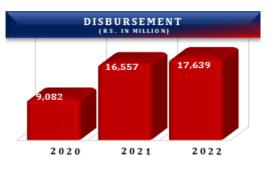

trade in the Country. However, car sales are expected to decline substantially in FY2023, owing to persistent higher rates and high prices.

The challenging economic environment is expected to continue through the current fiscal year. With international demand for commodities remaining high, combined with COVID-related logistical issues and international conflicts, inflation is expected to remain high in the Country. The Government is taking difficult economic decisions which have already started impacting some businesses negatively. GDP growth of 3% to 4% has been projected by SBP for FY2023. Going forward, the Country's political situation will play a major role in the overall economic outlook for the current year.

#### **Business Review**

Given that economic conditions remained volatile in the second half of financial year 2021-22, OLP adopted a cautious approach and booked new business with enhanced diligence. Total disbursement for the year increased by 7% compared to last year. Vehicles leasing/financing (commercial vehicles and saloon cars) contributed 82% in total disbursements for the year. During the year, OLP introduced a new product of term financing secured by real estate. Contribution from

this product in total business is expected to increase in coming years. The Company is also focusing on increasing fee based revenue through insurance agency business by leveraging its large customer base.

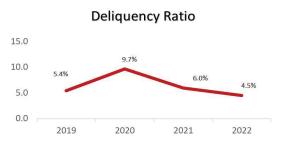

OLP's lease and loan portfolio increased by 16% during the year. Assets-wise, vehicles constituted 79% of the portfolio showing an increase of 19% over FY2021. This was followed by plant & machinery with an 18% contribution in total portfolio. The Company's portfolio is well diversified in a variety of economic sectors. Individual customers constituted the largest segment in the portfolio

ANNUAL REPORT 2022

with a share of 30.8% followed by Goods Transport sector with 14.6% share. OLP also endeavors to keep its portfolio diversified in different customers or groups. As of June 30, 2022, the highest exposure to a single customer is 0.57% of OLP's total portfolio.

The Company's non-performing portfolio and delinquency rate have improved over the past two years. While keeping tight control over overdue accounts in its current portfolio, the Company also made substantial recoveries from old overdue cases.

OLP's associated company, Yanal Finance Company improved its profitability this year. The share of profit from associate amounted to Rs. 64 million; 82% higher than last year's profit.

OLP Modaraba (OM) reported net profit of Rs. 111.5 million for the year; 27% lower than the previous year's profit of Rs. 152.5 million. The reduction was mainly due to taxation imposed on Modarabas in the current year. Total assets at 6,707 million were 1% lower than last year (June 30, 2021: Rs. 6,750 million) mainly due to reduction in Ijarah assets as OM is gradually moving towards a Diminishing Musharikah model. OM declared a cash dividend 20% for the year.

#### **Financial Performance**

OLP's financial results are summarized below:

	2022	2021
	Rup	ees
Profit before taxation	1,376,781,079	1,283,979,509
Taxation	494,570,693	369,168,975
Profit for the year after taxation	882,210,386	914,810,534
Appropriations: transfer to statutory reserve	44,110,519	182,962,107
Earnings per share – basic and diluted	5.03	5.22

Profit before tax (PBT) for the year at Rs. 1,377 million was 7% higher than the PBT of Rs. 1,284 million earned last year. However, profit after tax was 4% lower at Rs. 882 million as compared to Rs. 915 million last year, as the Company's tax expense was 34% higher this year.

#### **Dividend**

The Directors are pleased to recommend a final cash dividend of 20% for the year ended June 30, 2022. This is in addition to interim cash dividend of 20% paid during the year which brings the total dividend for the year to 40% (2021: total cash dividend of 40%)

#### Revenue

Total revenue for the year increased by 22%, from Rs. 3,681 million in FY2021 to Rs. 4,489 million in FY2022. This increase is attributable to the growth in earning portfolio together with increase in interest rates in the Country.

Finance lease income at Rs. 2,252 million (FY2021: Rs. 2,219 million) was 1% higher than last year. The average lease portfolio during the year was Rs. 13,742 million, 3% lower than last year as the Company booked most of its saloon cars business under finance and loan portfolio. Despite the reduction in portfolio, revenue was maintained due to higher interest rates in the later part of the year.

Mark-up on term finance at Rs. 1,614 million was 66% higher than Rs. 971 million earned last year. This significant increase in income reflects increase in both portfolio and interest rates. The average portfolio of term finance and loans has increased from Rs. 6,034 million last year to Rs. 9,549 million in the current year. This portfolio mainly comprises of saloon cars financing and growth therein was facilitated by increase in car sales and car prices in the Country.

Income on operating leases was lower at Rs. 38 million in FY2022 compared to Rs. 88 million in the corresponding period. This income comprises of rentals from cranes provided to corporate customers on operating lease and rentals from the ljarah finance portfolio. Prior year's income included rentals from a large ljarah finance contract which concluded during that year.

Other income for the year of Rs. 520 million was 42% higher than the income of Rs. 367 million earned in FY2021. This income comprises of return on Government securities, documentation fee on new business and miscellaneous other incomes. In December 2021, the Company issued Privately Placed Term Finance Certificates (PPTFC) of Rs. 3,000 million. The excess liquidity available due to this issue was placed in Government securities which resulted in higher other income during the year.

#### **Expenses**

OLP's total expenses for the year at Rs. 3,142 million were 30% higher than the last year's

expenses of Rs. 2,416 million. The breakup of expenses are follows:

• Finance cost for the year was Rs. 1,794 million, 50% higher than finance cost of Rs. 1,194 million last year. Higher borrowing portfolio in FY2022, coupled with the increase in interest rates in the later part of the year, resulted in increase in finance cost for the reported period.

- Administrative and general expenses at Rs. 1,285 million were 13% higher than the expenses of Rs. 1,135 million in the corresponding year. Despite high inflation in the Country, most of the expenses were contained during the year and the increase was mainly due to the increase in staff related expenses.
- Direct cost of Rs. 63 million (FY2021: Rs. 86 million) mainly comprises of stamp duty on new business, expenses associated with operating lease and ljarah finance and other expenses directly attributable to lease and finance. The decline of 26% in this cost is mainly due to decrease of ljarah finance portfolio as compared to last year.

#### **Provision for Potential lease, loan and other losses**

With strong recovery efforts, OLP managed to further reduce its non-performing assets portfolio during the year. Consequently, reversal of Rs. 65 million was made in provision for potential lease and loan losses as compared to the reversal of Rs. 40 million last year. OLP's model for calculation of provision against its lease and loan portfolio meets the requirements of IFRS 9. During the year, some amendments were made in this model in line with the regulatory requirements, which also resulted in lower provisioning requirement. Total provision balance of Rs. 1,055 million as of June 30, 2022 (June 30, 2021: Rs. 1,121 million) provided 94% coverage against the portfolio of 90+ days past due accounts (June 30, 2021: 87%).

#### **Taxation**

In the Finance Act, 2022, the Federal Government has levied a special tax, as super tax, for tax year 2022 and onwards on high earning companies. The rate of this new tax is based on the income earned by a company. For companies earning income of more than Rs. 300 million,

4% super tax will be levied. Further, the Government has also made amendments in taxability of capital gains arising on disposal of capital assets (investments). As per this amendment, the reduction of 25% on tax rate, applicable earlier on disposal of capital assets held for more than 1 year, has been removed. Such capital gains will now be fully taxable.

In line with these changes, higher tax of Rs. 495 million was recorded for the year, 34% higher than the tax expense of Rs. 369 million last year. This included super tax on current year's earning and deferred tax liability for subsequent years at the rate of 4% together with deferred tax liability for capital gains on disposal of investments in future.

#### **Funding and Liquidity**

Total borrowings of the Company as of June 30, 2022 were Rs. 18 billion as compared to Rs. 14.1 billion as of June 30, 2021. The increase in borrowing portfolio is in line with the increase in Company's earning asset portfolio. During the year, OLP issued Privately Placed Term Finance Certificates (PPTFC) of Rs. 3,000 million to further diversify its funding sources. The Company's debt to equity ratio as of June 30, 2022 was 2.02 (June 30, 2021: 1.65) while Capital Adequacy Ratio (CAR) was 27.32% (June 30, 2021: 31.8%) which is well above the regulatory requirement of 10%. This is indicative of the Company's strong capital position.

The breakup of borrowings is as follows:

	Rs. in millions	
	2022	2021
Bank borrowings	10,484	9,203
Certificates of Deposit	4,536	4,869
PPTFC	3,000	-
Total	18,020	14,073

The Company's bank borrowings are well diversified from 10 different banks. The largest exposure from a single bank was 18% of total borrowing of the Company as of June 30, 2022 (June 30, 2021: 15%).

#### **Risk Management**

As OLP's operations exposes it to different types of risks, a sound risk management framework has always played a significant role in Company's success. Risk management systems are the means of identifying, assessing, managing and controlling potential risks faced by the Company and provide reasonable assurance of OLP achieving its objectives. The Company's risk management framework consists of Board oversight, multi-tier supervision by head of departments and/or management committees, effective policies and procedures and strong IT systems. This framework is being continuously monitored and amendments are made in

line with changing market dynamics, regulatory requirements and change in the Company's business strategy.

In order to enhance the Board's role in the governance of risk and implementation of risk management policies, OLP has a Board's Risk Committee (BRC). The Committee comprises of 4 directors and is chaired by an Independent Director. It monitors, evaluates and manages the overall risk profile of the Company on an ongoing basis. Under BRC's supervision, the Company has an Enterprise Risk Management framework in place which allows the Board to review in detail risks faced by different operations and segments of the Company and provide guidelines for mitigating such risks while keeping in view the overall strategic objectives of the Company.

Major risks to which the Company is exposed to and the respective risk management framework are as follows:

#### **Credit Risk**

Credit risk is the risk of loss due to a borrowers' failure to fulfill their financial commitments. Being in the lending business, this is the biggest risk OLP is exposed to and extra efforts are made to bring this risk within the risk appetite acceptable to the Board.

OLP has a Board approved Credit Risk Policies which provides guidelines for extending credit to different segments of the economy. These policies also guides the Company on concentration of credit risk in different sectors and asset classes and for an entity or group. Credit approval authority has been delegated by the Board to different levels of management depending on the amount of the facility. The approving authorities ensure that all credit facilities are approved as per the Credit Risk Policies.

The Risk Management department performs an independent assessment of credit risk and reports the same to the Board's Credit Committee. New credit facilities above certain limits are reviewed by this department before approval. Additionally, a post-disbursement review of other approvals are also made to ensure that the Credit Policy is fully complied with at all levels of approving authorities. The department also ensures that Credit Policies are updated as per the changing business conditions.

The Board has also set exposures limits against each counterparty, sector and asset class. As a result, OLP maintains a well-diversified portfolio with no material concentrations of risk to any single party or sector.

#### **Liquidity Risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligation as they fall due or is unable to arrange sufficient funds to meet its financial commitments. The overall responsibility of managing liquidity risk lies with the Asset Liability Management Committee (ALCO). The Board has approved an Asset Liability Management Policy supplemented by

detailed Terms of Reference of ALCO, which sets out the risk appetite within which ALCO should function.

ALCO meets at least every month to review the impact of changing economic and market conditions on the Company's profitability, liquidity and fund management position. It also monitors ALM ratios, current and future cash flow position and devises strategy for appropriate funding mix between options in hand to maintain adequate diversity in the funding sources.

OLP's main sources of funding are bank borrowings and certificates of deposit. The Company maintains a diversified mix of lenders and ensures that sufficient unutilized lines are available at all times to meet future funding requirements.

#### **Market Risk**

Market risk is the risk that the value of market sensitive assets and liabilities may fluctuate due to the movement in market factors. OLP is exposed to market risk mainly in the form of movement in interest rates affecting its debt obligations and leases and loans receivables, whereas the Company has a policy not to assume any unhedged foreign currency position.

ALCO Monitor and control interest rate risk. Significant portion of lease and loan portfolio is linked to the KIBOR and any change in rates have impact on the earnings of the Company. Similarly, major debts of the Company are also benchmarked against KIBOR. The ALCO has devised pricing strategies and policies to control and manage interest rate risk by passing on the same to customers to the extent possible and by matching substantial portion of variable rate liabilities with variable rate assets. In case of a negative mismatch beyond acceptable limits, OLP has the option of repositioning its assets and/ or liabilities mix or executing interest rate swaps.

The Company is exposed to currency risk due to its strategic investments in foreign associates, which is realized only on any change in holding of those investments. The currency exposure also arises if any debt obligation is taken in foreign currency. As a policy, OLP does not take any such borrowings without having cross currency swap to fully cover against the movement in foreign currency.

#### **Operational Risk**

Operational risk is the risk of loss due to occurrence of an event which disrupts the normal operations of the Company. It may include a loss due to failure of systems or processes, loss due to fraud or human error and loss due to external events like accidents or natural disaster. It also includes non-compliance with the local laws and regulations. Risk of reputational damage to the Company due to the above events also comes under operational risk.

Due to the size of OLP operations and its geographical expansion, OLP is exposed to a number of operational risks. To minimize these risks internal policies and controls are regularly reviewed and strengthened and adherence to these policies are ensured. OLP has a disaster

ANNUAL REPORT 2022 25

recovery plan for any external event, accident or natural disaster, causing disruption to its operations, which is periodically reviewed and tested. New and existing staff is provided orientation and training on Company's Code of Conduct, Anti-money laundering and Anti-fraud and Whistleblowing Policies for prevention of fraud and unethical practices.

Regular checks by the Internal Audit and Compliance functions help in monitoring the implementation of approved policies and related preventative internal controls.

#### **Corporate Governance, Internal Control and Compliance**

OLP's strong corporate governance structure facilitates effective management of the Company and achievement of its long-term objectives by emphasizing transparency, accountability and compliance. Well established policies, well defined authorities and responsibilities and strong risk management framework are in place to achieve these objectives. The Board of Directors heads the governance structure of the Company. The Board comprises of 3 independent directors, 4 nominee directors and 2 executive directors. To discharge their duties more effectively, the Board has constituted following 4 sub-committees:

- i. Board Audit Committee (BAC)
- ii. Board Human Resource, Nomination and Remuneration Committee (BHRN&RC)
- iii. Board Risk Committee (BRC)
- iv. Board Credit Committee (BCC)

A Number of Management Committees further enhances the governance process throughout the organization. These consist of Management Committee, Credit Committee, Asset Liability Management Committee and IT Steering Committee. Senior staff members are part of Management Committees and bring their vast experience in making strategies, business planning and operations.

Internal audit and compliance departments report directly to the Board through the Audit Committee. The internal audit department develops a risk based audit plan at the start of the year which is reviewed and approved by the Audit Committee. The audits during the year are regularly reviewed by this Committee and it provides guidance to the management in enhancing the controls in line with the audit recommendations. The internal audit department not only provides independent view on compliance with the policies, procedures and regulatory requirements, it also advises on improvement of policies in line with the best industry practices.

The Company also places high emphasis on compliance with all regulatory requirements and ensures that the compliance culture is cascaded to all levels of organization. OLP is fully compliant with the regulatory framework of the Country and also aims to comply with industry best practices. OLP's compliance function is responsible for ensuring compliance with the existing and new regulations applicable to the Company. As the Country is enhancing its regulatory framework, the level of oversight by the SECP has increased, especially with

regards to anti-money laundering and terrorist financing. Apart from its lending business, OLP has a sizeable certificates of deposit portfolio which makes a strong compliance framework crucial for its success. The Company has implemented a number of measures to ensure full compliance with all regulatory requirements including UN / NACTA sanctions screening and Customer Due Diligence Process (CDD) / know your customers (KYC) requirements. Compliance department regularly conducts AML / CFT Compliance audit of business functions to ensure that all regulatory requirement applicable to the Company have been complied with. They also conduct training sessions on aspects of Anti-Money laundering (AML) / Countering Financing of Terrorism (CFT) to educate staff on AML / CFT regime and to comply with the requirement of AML / CFT Regulations. Guidelines and risk assessment processes have been strengthened across the board to ensure that employees fully comprehend and apply strict due diligence reviews

#### **Corporate Social Responsibility**

OLP's business objective revolves around making a social impact by creating a sustainable business model, creating maximum value for all stakeholders, fostering individual talent and financial inclusion of all segments of the society. OLP has presence in all major cities of the Country and endeavors to support local businesses especially those which have no access to the financial sector of the Country.

The Company has a CSR Policy and a CSR Committee in place which ensure that all CSR activities are in line with the Company's vision and resources are channeled to the deserving institutions/individual.

#### **Future Outlook**

As political instability continued in the Country, its negative effects are being felt on the overall economy. Pakistan's current account deficit is also under pressure due to high commodity prices internationally. With persistently high inflation, the SBP's policy rate is expected to remain high in FY 2023. Structural changes are required in the economy to control current account deficit.

The Government has been able to reach agreement with IMF for its seventh and eighth reviews for its \$6 billion facility and the IMF has approved much awaited \$1.2 billion. The deal was reached after Pakistan complied with the IMF conditions. The Government is also negotiating with other lenders to ease pressure on its current account.

Given the challenges on the economic front and the high interest rate environment, the Company will continuously review its strategy on business growth and risk management. Strong risk management will also play an important role in the success of the Company in a challenging environment.

#### **Board of Directors and Board Committees**

The composition of the Board of Directors and its sub-committees are given in the Statement of Compliance on page no. 12.

#### **Evaluation of the Performance of the Board**

OLP has a formal process of evaluation of the performance of the Board of Directors and its committees as required by the Listed Companies (Code of Corporate Governance) Regulations, 2019. This evaluation is carried out on an annual basis either in-house or through external independent consultants. The Board members make full efforts to attend all Board Meetings and fully participate in the proceedings of the meetings. The Board ensures that the industry best practices are adopted by the Company and the Board in all its functions.

In this process of evaluation, the evaluation questionnaires are circulated to the Board members who send their replies to the Company Secretary while keeping the whole process confidential. The responses are compiled by the Company Secretary and the results are shared in the Board Meeting and the areas of improvements are highlighted.

#### **Board's Remuneration Policy**

The Company has a Board of Directors Remuneration Policy in place, which was duly approved by the Board. It provides a formal mechanism for determining the remuneration of the directors of the Company, for attending meetings. As per the Policy, only the Independent Non-Executive Directors are eligible for remuneration for attending the Board and its committees' meetings. Whereas, the Non-Executive Directors are only entitled to reimbursement of the expenses incurred for attending the meetings.

Disclosure with regards to remuneration of each director and chief executive officer is given in note 40 of unconsolidated financial statements.

#### Compliance with Pakistan Stock Exchange Limited (PSX) Regulations

In compliance with rule 5.6.1 and 5.6.4 of the PSX Regulations in respect of dissemination of price-sensitive information relating to the business and mandatory disclosure to PSX on buying and selling of shares by Directors, CEO, substantial shareholders and executives, the Board has set the following threshold for the term "Executive":

- Chief Executive Officer
- Deputy Chief Executive Officer
- Chief Financial Officer
- Chief Operating Officer
- Company Secretary
- Head of Internal Audit
- All Departmental Heads

#### **Directors' Declaration**

- 1. The financial statements of the Company fairly represent its financial state of affairs, the results of its operations, cash flows and changes in equity.
- 2. Proper books of accounts of the Company have been maintained.
- 3. Appropriate accounting policies have been consistently applied in the preparation of financial statements, and accounting estimates are based on reasonable and prudent judgment.
- 4. International Financial Reporting Standards as applicable in Pakistan have been followed in the preparation of financial statements, and any departure has been adequately disclosed and explained.
- 5. The system of internal control is sound in design and has been effectively implemented and monitored.
- 6. There is no reason to doubt the Company's ability to continue as a going concern.
- 7. Details of significant deviations in the Company's operating results during the year ended June 30, 2022, are stated within the Directors' Report.
- 8. Key operating and financial data for the last six years in a summarized form is given on page no. 52.
- 9. There are no statutory payments on account of taxes, duties, levies and charges outstanding as on June 30, 2022, except for those disclosed in the financial statements.
- 10. The value of investments of the recognized provident fund as at June 30, 2022, was PKR 645.20 million (unaudited), and as at June 30, 2021, was PKR 617.08 million (audited).
  - The value of investments of the Company's recognized gratuity fund as at June 30, 2022, was PKR 281.61 (unaudited), and as at June 30, 2021, was 259.04 million (audited).
- 11. Eight (08) out of nine (09) Directors of the Company have certification/exemption under the Directors Training Program.
- 12. During the year, five meetings of the Board of Directors, six meetings of the Audit Committee, four meetings of Board Human Resource Nomination and Remuneration Committee, two meetings of Board Risk Committee and one meeting of Board Credit Committee were held. The Directors, who were unable to attend the meetings, followed the progress of the proceedings of the Board.

ہر ڈائز کیٹر اور چیف ایگز کیٹو آفیسر کے معاوضے کے حوالے سے انکشاف غیر مجموعی مالیاتی گوشوارے کے نوٹ نمبر 40 میں دیا گیاہے۔

# پاکستان اسٹاک ایکیچنج لمیٹڈ (PSX)کے ضوابط کی تعمیل

، PSX ریگولیشنز کے ضوابط 5.6.1 اور 5.6.4 کی پاسداری کرتے ہوئے کاروبار سے متعلق قیتوں کی حساس معلومات اور ڈائیر بکٹر ان ، سی ای او، قابل ذکر حصص یافتیگان اور اعلی انتظامیہ کی حصص میں خرید و فروخت کے منکشافات PSX کو فراہم کرنے کے لئے بورڈ نے "ایگز کیٹیو" کی اصطلاح کے لئے درج ذیل حد مقرر کی ہے:

- چيف ايگزيکڻيو آفيسر
- ڙڻڻ چيف ايگزيٽيو آفيسر

  - - سمپنی سیریٹری
  - ميد آف انٹرنل آدك

انٹرنل آڈٹ اور کمپلائنس کے محکے آڈٹ کمپٹی کے ذریعے براہ راست بورڈ کورپورٹ کرتے ہیں۔ انٹرنل آڈٹ سال کے آغاز میں رسک پر مبنی آڈٹ پلان تیار کرتا ہے جس کا جائزہ لیاجاتا ہے اور آڈٹ کمپٹی اسے منظور کرتی ہے۔ اس کمپٹی کے ذریعے سال کے دوران ہونے والے آڈٹ کابا قاعد گی سے جائزہ لیاجاتا ہے اور یہ آڈٹ کی سفارشات کے مطابق کنٹرول کوبڑھانے کے لیے انتظامیہ کور جنمائی فراہم کرتی ہے۔ انٹرنل آڈٹ کا شعبہ نہ صرف پالیسیوں، طریقہ کار اور ریگولیٹری نقاضوں کی تعمیل پر آزادانہ نظریہ فراہم کرتا ہے، بکلہ یہ انڈسٹری کے بہترین اصولوں کے مطابق پالیسیوں کوبہتر بنانے کامشورہ بھی دیتا ہے۔

سمپنی تمام ریگولیٹری تقاضوں کی تعمیل پر بھی زیادہ زور دیتی ہے اور اس بات کو یقینی بناتی ہے کہ تعمیل کا کلچر تنظیم کی تمام سطحوں پر محیط ہو۔ OLP ملک میں رائج ریگولیٹری فریم ورک کے ساتھ پوری طرح تعمیل کر تاہے اور اس کا مقصد صنعت کے بہترین طریقوں کی تعمیل کرناہے۔

OLP کا کمپلائنس فنکشن کمپنی پر لا گو موجودہ اور نئے ضوابط کی لغمیل کو یقینی بنانے کے لیے ذمہ دار ہے۔ ملک کے ریگولیٹری فریم ورک کے بڑھنے کے ساتھ ایس ای می پی نے بھی اپنی نگرانی کی سطح خاص طور پر اپنٹی منی لانڈرنگ اور دہشت گردی کی مالی معاونت کے حوالے سے اضافہ کیا ہے۔ فائنانسنگ فراہم کرنے کے کاروبار کے علاوہ، OLP کے پاس ایک قابلی قدر سرٹیفکیٹ آف ڈپازٹ کا پورٹ فولیو ہے جس کی وجہ سے ایک مضبوط کمپلائنس فریم ورک کی ضرورت اور بھی اہم ہو جاتی ہے۔ مام ریگولیٹری نقاضوں کی مکمل پاسداری کو یقینی بنانے کے لیے متعدد اقد امات کیے ہیں جن میں NACTA کی بندیوں کی اسکریننگ اور کسٹم ڈبو ڈپلیجنس پروسیس (CCD)/(KYC) اپنے صار فیمن کی ضروریات کو جاننا شامل ہیں۔ کمپلائنس ڈپارٹمنٹ با قاعد گی سے کاروباری افعال کا AML/CFT کمپلائنس آڈٹ کر تا ہے تا کہ یہ تقینی بنایا جاسکے کہ کمپنی پر لا گو تمام ریگولیٹری نقاضوں کی تعمیل کی گئی ہے۔ انسداد منی لانڈرنگ (AML/(CFT)) دہشت گردی کی مالی معاونت کے پہلوؤں پر تربیتی سیشن بھی منعقد کرائے جاتے ہیں تا کہ عملے کہ ملکوئل کے بارے میں تعلیم دی جائے اور CFT) کے ملاز مین نوری طرح سے یالیسیوں کو تسمجھیں اور ان کا اطلاق کریں۔

## کاربوریٹ ساجی ذمہ داری

OLP کاکاروباری مقصد ایک پائیدار کاروباری ماڈل بناکر، تمام اسٹیک ہولڈرز کے لیے زیادہ تدرپیدا کرنے، انفرادی ٹیلنٹ کو فروغ دینے اور معاشر ہے کہ تمام طبقات کی مالی شمولیت کے ذریعے ساجی اثرات مرتب کرنے کے گرد گھومتا ہے۔OLP کی ملک کے تمام بڑے شہروں میں موجود مقامی کاروباروں کو سپورٹ کرنے کی کوشش کرتا ہے خاص طور پر ان لوگوں کو جن کی ملک کے مالیاتی شعبے تک رسائی نہیں ہے۔ کمپنی کی CSR پالیسی اور ایک CSR کمیٹی موجود ہے جو اس بات کو یقینی بناتی ہے کہ تمام محالات مرگر میاں کمپنی کے وژن کے مطابق ہوں اور وسائل کو مستحق اداروں / افراد تک پہنچایا جائے۔

## مستقبل كامنظرنامه

ملک میں جوں جوں سیاسی عدم استحکام جاری ہے،اس کے منفی اثرات مجموعی معیشت پر پڑر ہے ہیں۔ بین الا قوامی سطح پر اشیاء کی بلند قیمتوں کی وجہ سے پاکستان کا کرنٹ اکاؤنٹ خسارہ مجھی دباؤ کا شکار ہے۔ مسلسل بلند افراط زر کے ساتھ، مالی سال 2023 میں اسٹیٹ بینک کی پالیسی کی شرح بلند رہنے کی توقع ہے۔ کرنٹ اکاؤنٹ خسارے کو کنٹر ول کرنے کے لیے معیشت کے ڈھانچے میں تبدیلیوں کی ضرورت ہے۔

حکومت 6 ارب ڈالرکی سہولت کے لیے اپنے ساتویں اور آٹھویں جائزے کے بعد آئی ایم ایف کے ساتھ معاہدہ کرنے میں کامیاب رہی ہے جبکہ آئی ایم ایف نے 1.2 بلین ڈالرکی منظوری دے دی ہے۔ یہ معاہدہ پاکستان کی جانب سے آئی ایم ایف کی شر اکط ماننے کے بعد طے پایا۔ حکومت اپنے کرنٹ اکاؤنٹ پر دباؤ کم کرنے کے لیے دوسرے قرض دہندگان کے ساتھ بھی بات چیت کررہی ہے۔

ا قتصادی محاذ پر چیکنجز اور بلند شرح سود کے ماحول کے پیش نظر، کمپنی کاروبار کی ترقی اور رسک مینجنٹ پر اپنی حکمت عملی کا مسلسل جائزہ لے گی۔ ایسے ماحول میں کمپنی کی کامیابی میں مضبوط رسک مینجنٹ بھی اہم کر دار اداکرے گا۔

ALCO سود کی شرح کے رسک کی نگرانی اور اس کو کنٹر ول کرتی ہے۔ لیز اور لون پورٹ فولیو کا بیشتر حصہ KIBOR سے منسلک ہے اور شرحوں میں کسی بھی تبدیلی کا اثر خمپنی کی آمدنی پر پڑتا ہے۔ اسی طرح، نمپنی کے بڑے قرضوں کو بھی KIBOR کے ساتھ منسلک کیا گیا ہے۔ ALCO نے شرح سود کے خطرے کو کنٹر ول کرنے اور ان کا انتظام کرنے کے لیے اسے ممکنہ حد تک صارفین تک پہنچا کر اور متغیر شرح واجبات کے کافی جھے کو متغیر شرح کے اثاثوں کے ساتھ ملاکر قیمتوں کے تعین کی حکمت عملی اور پالیسیاں وضع کی ہیں۔ قابل قبول حدسے زیادہ negative mismatch کی صورت میں، OLP کے پاس اپنے اثاثوں اور / یا واجبات کے مکس کوری پوزیشن کرنے اور شرح سود کے swaps کرنے کا بھی اختیار ہے۔

OLP غیر ملکی کمپنیوں میں اپنی اسٹریٹنجک سرمایہ کاری کی وجہ سے کرنسی رِسک سے دوچار ہے، جس کا اثر صرف ان سرمایہ کاری کے انعقاد میں کسی تبدیلی پر ہو تا ہے۔ کوئی بھی قرض غیر ملکی کرنسی میں لینے کی صورت میں کرنسی ایکسپوژر بھی پیدا ہو تا ہے۔ ایک پالیسی کے طور پر، OLP غیر ملکی کرنسی میں نقل و حرکت کے خلاف مکمل طور پر احاطہ کرنے کے لیے کر اس کرنسی سویپ کیے بغیر اس طرح کا کوئی قرضہ نہیں لیتا ہے۔

# آپریشنل رسک

آپر نیشنل رسک کسی ایسے واقعے کی وجہ سے ہونے والے نقصان کا خطرہ ہے جو سمپنی کے معمول کے کاموں میں خلل ڈالتا ہے۔اس میں نظام یا عمل کی ناکامی، دھو کہ دہی یا انسانی غلطی کی وجہ سے ہونے والا نقصان شامل ہو سکتا ہے۔اس میں مقامی قوانین اور ضوابط کی عدم تعمیل کمنظمی کی وجہ سے ہونے والا نقصان شامل ہو سکتا ہے۔اس میں مقامی قوانین اور ضوابط کی عدم تعمیل مجمی شامل ہے۔مندر جہ بالا واقعات کی وجہ سے سمپنی کی ساکھ کو پہنچنے والے نقصان کا خطرہ بھی آپریشنل خطرے کے زمرے میں آتا ہے۔

OLP پنے آپریشنز کے جم اور جغرافیائی وسعت کی وجہ سے کئی اقسام کے آپریشنل خطرات نے دوچار ہے۔ ان خطرات کو کم کرنے نے لیے داخلی پالیسیوں اور کنٹر ولز کا با قاعد گی سے جائزہ لے کر ان کو مزید مضبوط بناکر اس کی پابندی کو تقین بنایا جاتا ہے۔ OLP کے پاس کسی بھی بیرونی واقعے ، حادثے یا قدرتی آفت سے نمٹنے کے لیے ڈیزاسٹر ریکوری پلان موجود ہے ، جس کا وقتاً فوقاً جائزہ لیا جاتا ہے۔ نئے اور موجودہ عملے کو کمپنی کے ضابطہ اخلاق ، اینٹی منی لانڈرنگ اور دھو کہ دہی اور غیر اخلاقی طریقوں کی روک تھام کے لیے اپنٹی فراڈاور وسل بلونگ پالیسیوں پرواقفیت اور تربیت فراہم کی جاتی ہے۔

انٹرنل آڈٹ اور کمپلائنس کے شعبہ جات منظور شدہ پالیسیوں اور متعلقہ روک تھام کے اندرونی کنٹر ول کے نفاذ کی نگرانی میں مد د کرتے ہیں۔

# کارپوریٹ گورننس،اندرونی کنٹرول اور کمپلائنس

OLP کا مضبوط کارپوریٹ گورننس ڈھانچہ شفافیت، جوابد ہی اور کمپلائنس پر زور دے کر سمپنی کے طویل المدتی مقاصد کے حصول میں موثر انتظام و نفاز کی سہولت فراہم کر تا ہے۔ ان مقاصد کے حصول میں موثر انتظام کا فریم ورک موجود ہے۔ بورڈ آف ڈائر یکٹر زسمپنی کے انتظام کا فریم ورک موجود ہے۔ بورڈ آف ڈائر یکٹر زسمپنی کے انتظام کا فریم ورک موجود ہے۔ بورڈ آف ڈائر یکٹر زاور 2 ایگزیکٹوڈائر یکٹر زشامل ہیں۔ اپنی ذمہ داریوں کوزیادہ موَثر طریقے سے نبھانے کے لیے بورڈ نے مندرجہ ذیل 4 ذیل کو کیلی کمیٹیاں تشکیل دی ہیں:

- 1 بورڈ آڈٹ کمیٹی(BAC)
- 2 بور ده میومن ریسورس، نامی نیشن اینڈریمونریشن کمیٹی (BHRN&RC)
  - (BRC) بورڈرسک سمیٹی
  - 4 بورڈ کریڈٹ کمیٹی(BCC)

کئی مینیجبنٹ کمیٹیاں ادارے میں انظام کے عمل کو مزید بہتر کرتی ہیں۔ یہ مینجنٹ سمیٹی، کریڈٹ سمیٹی، ایسٹ اینڈلا کیسبلیٹی مینجنٹ سمیٹی اور آئی ٹی اسٹیئرنگ سمیٹی پر مشتمل ہے۔ عملے کے سینئر ممبر ان مینجنٹ کمیٹیوں کاحصہ ہیں جو حکمت عملی بنانے، کاروبار کی منصوبہ بندی اور آپریشنز میں ایناوسیع تجربہ بروئے کارلاتے ہیں۔ کے پاس ایک انٹر پر ائزرسک مینجمنٹ فریم ورک موجو دہے جو بورڈ کو تفصیل سے سمپنی کے مختلف آپریشنز اور طبقات کو درپیش خطرات اور سمپنی کے مجموعی اسٹریٹنجک مقاصد کو مد نظر رکھتے ہوئے ایسے خطرات کو کم کرنے کے لیے رہنما خطوط فراہم کر تاہے۔

بڑے خطرات جن کا کمپنی کو سامناہے اور متعلقہ رسک مینجمنٹ فریم ورک درج ذیل ہیں:

## کر **پڈ**ٹ رسک

کریڈٹ رسک قرض لینے والوں کا پنے مالی وعدوں کو پورا کرنے میں ناکامی کی وجہ سے ہونے والے نقصان کا خطرہ ہے۔ قرض دینے کے کاروبار میں ہونے کی وجہ سے ، کریڈٹ رسک سب سے بڑا خطرہ ہے جس کا OLP کو سامنا ہے اور اس خطرے کو بورڈ کے قابل قبول رسک اپیاٹائٹ کے اندر رکھاجاتا ہے۔

OLP کے پاس بورڈ سے منظور شدہ کریڈٹ رسک پالیسیاں ہیں جو معیشت کے مختلف طبقات کو کریڈٹ فراہم کرنے کے لیے رہنمااصول فراہم کرتی ہیں۔ یہ پالیسیاں کمپنی کو مختلف شعبوں، مختلف اثاثوں اور کسی ادارے یا گروپ کے لیے کریڈٹ رسک کے ارتکاز پر بھی رہنمائی فراہم کرتی ہیں۔ بورڈ کی طرف سے کریڈٹ اپر وول اتھارٹی کو مینجنٹ کے مختلف سطحوں پر سہولت کے مطابق تفویض کیا گیا ہے۔

رسک مینجمنٹ ڈپارٹمنٹ کریڈٹ رسک کی آزاد انہ تشخیص کر تاہے اور یہ بورڈ کی کریڈٹ کمیٹی کورپورٹ کر تاہے۔ کچھ حدوں سے زیادہ نئی کریڈٹ سہولیات کا منظوری سے قبل اس محکمہ کے ذریعے جائزہ لیاجا تاہے۔ مزید براں، اس بات کو بھی بنانے کے لیے کہ منظوری دینے والے حکام کی تمام سطحوں پر کریڈٹ پالیسی کی مکمل تعمیل کی گئی ہے۔ تقسیم سے قبل منظوریوں کا جائزہ بھی لیاجا تاہے۔ محکمہ اس بات کو بھی یقنی بناتاہے کہ بدلتے ہوئے کاروباری حالات کے مطابق کریڈٹ پالیسیوں کو اپ ڈیٹ کیاجائے۔
بورڈ نے ہر کاؤنٹر پارٹی، سیٹر اور اثاثہ کلاس کے لئے ایکسپوٹر کی حد بھی مقرر کی ہے۔ نتیج کے طور پر، OLP ایک اچھی طرح سے متنوع پورٹ فولیو کو بر قرار رکھتاہے جس میں کسی ایک فریق بیت بہت زیادہ ارتکاز نہیں ہے۔

## ىيكويڈىٹى رسك

لیکویڈیٹی رسک وہ خطرہ ہے جس کی وجہ سے سمپنی اپنی مالی ذمہ داری کو پورا نہیں کرپائے گی یاوہ اپنے مالی وعدوں کو پورا کرنے کے لیے فنڈز کا بندوبست کرنے سے قاصر رہے گی۔ لیکویڈیٹی رسک کے انتظام کی مجموعی ذمہ داری ایسٹ اینڈلا ئیبلٹی مینجنٹ کمیٹی (ALCO) پر عائد ہوتی ہے۔

بورڈ نے ایسٹ اینڈ لائیبلٹی مینجنٹ پالیسی کے ساتھ ALCO کے لئے ضمیمہ (TermofReference) بھی بنایا ہے جورسک ایپائٹ کو متعین کرتا ہے جس میں ALCO کام کرناچا ہے۔ ALCO کم از کم ہر ماہ میڈنگ کرتا ہے تاکہ کمپنی کے منافع، کیکویڈیٹی اور فنڈ مینجنٹ پوزیشن پر بدلتے ہوئے معاشی اور مارکیٹ کے حالات کے اثرات کا جائزہ لیا جا سکے۔ یہ ALM کے تناسب، موجودہ اور مستقبل میں کیش فلو پوزیشن پر بھی نظر رکھتا ہے اور فنڈنگ کے ذرائع میں مناسب تنوع کو بر قرار رکھنے کے لیے موجود آپشنز کے در میان مناسب فنڈنگ مکس کے لیے حکمت عملی کو وضع کرتا ہے۔

OLP کے فنڈنگ کے اہم ذرائع بینک قرضے اور سر ٹیفکیٹس آف ڈپازٹ ہیں۔ کمپنی قرض دہند گان کے تنوع کوبر قرار رکھتی ہے اور اس بات کویقینی بناتی ہے کہ مستقبل کی فنڈنگ کی ضروریات کو پورا کرنے کے لیے کافی غیر استعال شدہ فنڈز ہر وقت دستیاب ہوں۔

## مار کیٹ رسک

مارکیٹ رسک وہ خطرہ ہے جس کی وجہ سے مارکیٹ کے عوامل میں تغیر کی وجہ سے پیدا ہونے کے سبب حساس اثاثوں اور واجبات کی قیمت میں اتار چڑھاو آ سکتا ہے۔ اوایل پی بنیادی طور پر شرح سود میں تبدیلی کی صورت میں مارکیٹ رسک سے دوچار ہوتی ہے جواس کے قرض کی ذمہ داریوں، لیز اور قرضوں کی وصولی کو متاثر کر تاہے۔ جبکہ سمپنی کی پالیسی ہے کہ unhedged غیر مککی کرنی کی یوزیشن کونہ سنجالے۔

# ئيكس

فنانس ایکٹ 2022 میں، وفاقی حکومت نے ٹیکس سال 2022 اور اس کے بعد زیادہ کمانے والی کمپنیوں پر بطور سپر ٹیکس ایک خصوصی ٹیکس لگایا ہے۔ اس نے ٹیکس کی شرح کمپنی کی کم کی کہونی آمدنی پر بنی ہے۔ 300 ملین روپے سے زیادہ آمدنی حاصل کرنے والی کمپنیوں پر 47 سپر ٹیکس لگایا جائے گا۔ مزید رہے کہ حکومت نے کمپیشل گین کے ٹیکس میں بھی ترامیم کی ہیں۔ اس ترمیم کے مطابق، ٹیکس کی شرح پر 42 کی کمی، جو پہلے ایک سال سے زائد عرصے سے رکھے گئے سرمائے کے اثاثوں کے تصرف پر لا گو ہوتی تھی، ہٹا دی گئی ہے۔ اس طرح کے کیپٹل گین اب مکمل طور پر قابل ٹیکس ہوں گے۔ ان تبدیلیوں کے بعد اس سال 495 ملین روپے کا ٹیکس ریکارڈ کیا گیا جو کہ چھلے سال کے 369 ملین روپے کے 14 ملین کیس بھی شامل ہے جو کہ اس سال کے منافع اور اگلے سالوں کی (Defferedtax liability)ڈیفرڈ ٹیکس لائبلیٹی پر 47 کے صاب سے ریکارڈ کیگر کیادہ مستقبل میں سرمایہ کاری کی فروخت پر ہونے والے کیپیٹل گین پر ڈیفرڈ ٹیکس لائبلیٹی بھی شامل ہے۔

## فنڈنگ اور لیکویڈٹی

30 جون 2022 تک کمپینی کے کل قرضے 18 ارب روپے تھے۔ جو 30 جون 2021 میں 14.1 ارب روپے تھے۔ قرض لینے کے پورٹ فولیو میں اضافہ کمپینی کے اثاثوں کے پورٹ فولیو میں اضافہ سمپینی کے اثاثوں کے پورٹ فولیو میں اضافے سے مطابقت رکھتا ہے۔ سال کے دوران، OLP نے فنڈنگ کے ذرائع کو مزید متنوع بنانے کے لیے 3,000 ملین روپے کے پرائیو پٹلی پلیپیڈڑم فنانس سر شیفکیٹس فولیو میں اضافے سے مطابقت رکھتا ہے۔ میں 2022 تک کمپینی کا قرض ایکو پٹی تناسب 2.02 تھا (30 جون 2021)۔ جبکہ کمپییٹل ایڈ یکسی ریشو بر 2022 تک کمپیٹل کا قرض ایکو پٹی تناسب 2.02 تھا رہ دورت سے کافی زیادہ ہے۔ یہ کمپینی کی مضوط فنڈنگ یوزیشن کی اکائی کر تا ہے۔

# ادھار کی تقسیم درج ذیل ہے:

2022	2021	بینک کے قرضہ جات
ين ميں	روپي ملج	
10,484	9,203	بینک سے حاصل شدہ قرضہ جات
4,536	4,869	سر ٹیفکیٹ آف ڈیا ذلس
3,000	-	پي پي ٿي ايف سي
18,020	14,073	ڻو ڻل

کمپنی کے بینک قرضے 10 مختلف بینکوں سے حاصل کئے گئے ہیں۔30 جون 2022 تک کسی ایک بینک کی طرف سے سب سے بڑاا کیسپوزر کمپنی کے کل قرضے کا 18 تھا (30 جون 2021: ×15)۔

## رسك مينجمنط

چونکہ OLP کے آپریشنز اسے مختلف قسم کے خطرات میں مبتلا کرسکتے ہیں، اس لیے ایک مضبوط رسک مینجمنٹ فریم ورک نے ہمیشہ کمپنی کی کامیابی میں اہم کر دار اداکیا ہے۔ رسک مینجمنٹ سسٹم کمپنی کو دربیش ممکنہ خطرات کی شاخت، تشخیص، انتظام اور کنٹر ول کرنے کا ذریعہ ہیں اور OLP کو اپنے مقاصد کے حصول کے لئے معقول طریقہ کار فراہم کرتے ہیں۔ کمپنی کارسک مینجمنٹ فریم ورک بورڈ کی نگر انی، محکموں اور کیا انتظامی کمیٹیوں کے سربراہ کی طرف سے کثیر سطحی نگر انی، موثر پالیسیوں، طریقہ کار اور مضبوط IT نظام پر مشتمل ہے۔ اس فریم ورک کی مسلسل نگر انی کے ساتھ مارکیٹ کی تبدیلیوں، ریگولیٹر کی تقاضوں اور کمپنی کی کاروباری حکمت عملی میں تبدیلی کے مطابق ترامیم کی جاتی ہیں۔ مشتمل ہے۔ اس فریم ورک کی مسلسل نگر انی کے ساتھ مارکیٹ کی تبدیلیوں، ریگولیٹر کی تقاضوں اور کمپنی کی کاروباری حکمت عملی میں تبدیلی کے مطابق ترامیم کی جاتی ہیں۔ رسک تھوٹی کے مطابق ترامیم کی جاتی ہیں۔ اور کی مسلسل بنیادوں پر کمپنی کے مجموعی رسک پروفائل کی نگر انی، جائزہ اور انتظام کرتا ہے۔ مسلسل بنیادوں پر کمپنی کے مجموعی رسک پروفائل کی نگر انی، جائزہ اور انتظام کرتا ہے۔ BRC کی نگر انی میں، کمپنی

پورٹ فولیو بنیادی طور پرسلون کاروں کی فنانسنگ پر مشتمل ہے اور اس میں اضافہ ملک میں کاروں کی فروخت اور کاروں کی قیمتوں میں اضافے سے ہوا ہے۔

آپر ٹینگ لیز پر آمدنی مالی سال 2022میں 38 ملین روپے رہی جو کہ گزشتہ سال 88 ملین روپے کے مقابلے میں کم تھی۔ یہ آمدنی آپر ٹینگ لیز پر کارپوریٹ صار فین کو فراہم کر دہ کرینوں سے کرایہ اور اجارہ فنانس پورٹ فولیوسے حاصل شدہ کراہیہ پر مشتمل ہے۔ پیچھلے سال کی آمدنی میں ایک بڑے اجارہ فنانس کنٹر یکٹ سے کراہیہ شامل تھا جو اسی سال کے دوران ختم ہو گیا۔

دیگر سالانہ آمدنی 520 ملین روپے رہی جو کہ گزشتہ سال سے ٪42 زیادہ ہے۔ جبکہ کہ مالی سال 2021 میں دیگر آمدنی 367 ملین روپے رہی۔اس آمدنی میں سرکاری سکیورٹیز پر منافع، نئے کاروبار پر دستاویزات کی فیس اور متفرق دیگر آمدنی شامل ہے۔ دسمبر 2021 میں، کمپنی نے 3,000 ملین روپے کے پرائیویٹلی پلیسڈٹرم فنانس سرٹیفکیٹس (PPTFC) جاری کیے۔ دستیاب اضافی لیکویڈیٹی کو سرکاری سکیورٹیز میں رکھا گیا جس کے نتیج میں سال کے دوران دیگر آمدنی زیادہ ہوئی۔

## **اخر اجات** OLP کے کل سالانہ اخراجات 3,142 ملین روپے رہا۔ جو پچھلے سال کے اخراجات 2,416 ملین روپے سے ×30زیادہ تھے۔ اخراجات کی تقسیم درج ذیل ہے:

سالانہ الیاتی لاگت 1,794 ملین روپے رہی جو کہ پچھلے سال 1,194 ملین روپے کی مالیاتی لاگت سے ×50 زیادہ ہے۔ مالی سال 2022 میں قرض کے پورٹ فولیو میں اضافہ اوراس سال کے آخری جھے میں شرح سود میں اضافہ رپورٹ شدہ مدت کے لیے مالیاتی لاگت میں اضافے کی وجہ ہے۔

انظامی اور عمومی اخراجات 1,285 ملین روپے سے 13/ زیادہ رہے جو کہ گزشتہ سال 1,135 ملین روپے سے 1,135 ملین روپے سے۔ملک میں مہنگائی میں اضافے کے باوجود ،سال کے دوران زیادہ تر اخراجات اپنی گزشتہ سال کی سطح پر بر قرار رہے جبکہ مجموعی اضافہ بنیادی طور پر عملے سے متعلق اخراجات میں اضافے کی وجہ سے ہوا۔

63 ملین روپے کی براہ راست لاگت (FY 2021:86 ملین روپے) بنیادی طور پر نئے کاروبار پر اسٹامپ ڈلوٹی، آپر ٹینگ لیز اور اجارہ فنانس سے وابستہ اخراجات اور لیز اور فنانس سے براہ راست منسوب دیگر اخراجات پر مشتمل ہے۔ اس لاگت میں ×26 کی کمی بنیادی طور پر گزشتہ سال کے مقابلے اجارہ فنانس پورٹ فولیو میں کمی کی وجہ سے ہے۔

## مكنه ليز، قرض اور ديگر نقصانات كاير وويژن

ریکوری کی مضبوط کو ششوں کے ساتھ، OLP سال کے دوران اپنے نان پر فار منگ اثاثوں کے پورٹ فولیو کو مزید کم کرنے میں کامیاب رہا۔ جس کے نتیجے میں مکنہ لیز اور لون کا پر دویژن رپورسل 65 ملین روپے بُک ہوا جو گزشتہ سال 40 ملین روپے تھے۔OLP اپنے لیز اور لون پورٹ فولیوز کے پر دویژن کے صاب کے لیے ایک ماڈل استعال کر تا ہے جو IFRS 9 کی ضروریات کے مطابق ہے۔سال کے دوران، ریگولیٹری ضروریات کے مطابق اس ماڈل میں کچھ ترامیم کی گئیں، جس کے نتیج میں پر دویژن کی ضروریت بھی کم ہو کئیں۔ پر دویژن کی خرودت بھی کم ہو کئیں۔ پر دویژن کی خرودت کی کورٹ فولیو کئیں۔ پر دویژن کا مجموعی بیلنس 30 جو ن، 2022 تک 1,055 ملین روپے رہا(30 جون 1,121 2021 ملین روپے) جس نے +90 دنوں کے واجب الاداکاؤنٹس کے پورٹ فولیو کو بر 49 کورٹ خراہم کی (30 جون 2021 1,30 کی میں میں کے دوران کی خراہم کی (30 جون 2021 1,30 کی میں کے دوران کے دوران کے دوران کے دوران کے دوران کے دوران کئیں روپے کے دوران کی میں کے دوران کی میں کے دوران کی دوران کی دوران کورن کی میں کے دوران کے دوران کے دوران کی دوران کے دوران کی میں کے دوران کی میں کے دوران کی دوران کی دوران کی دوران کی دوران کی دوران کی دوران کر تھوں کے دوران کی دوران کی دوران کے دوران کی دوران کی دوران کے دوران کی دوران کے دوران کی دوران کی دوران کے دوران کی دوران کی دوران کے دوران کی دوران کی دوران کی دوران کی دوران کے دوران کی دوران کی دوران کی دوران کی دوران کی دوران کے دوران کی دو

ANNUAL REPORT 2022 41

OLP کی ایسوسی ایکٹلر سمپنی، بنال فٹانس سمپنی اس سال اپنے منافع میں بہتری لائی ہے۔ ایسوسی ایٹ سے منافع کا حصہ 64 ملین روپے تھا۔ جو گزشتہ سال کے منافع سے بڑ82 زیادہ ہے۔

OLP مضاربہ (OLPM) نے رواں سال 111.5 ملین روپے کا منافع کما یا جو کہ گزشتہ سال کے 153 ملین روپے سے ×27 کم ہے۔ یہ کمی بنیادی طور پر موجودہ سال میں مضاربہ OLPM مضاربہ کی وجہ سے ہوئی۔ کل اثاثے ×1 کم ہو کر 6،707 ملین روپے ہوگئے(30 جون، 6,750:2021 ملین روپے)۔ بنیادی طور پر اجارہ اثاثوں میں کمی کی وجہ OLPM کا بتدر تج مشارقہ ماڈل کی طرف بڑھنا ہے۔ OLPM نے سالانہ کیش ڈیویڈنڈ ×20 کا اعلان کیا۔

# مالیاتی کار کر دگی

### OLP کے مالی نتائج کا خلاصہ ذیل میں دیا گیاہے:

2021	2022	
	روپے	
1,283,979,509	1,376,781,079	قبل از محصولِ منافع
369,168,975	494,570,693	محصولات (ٹیکس)
914,810,534	882,210,386	سالانه خالص منافع بعداز محصول (ٹیکس)
182,962,107	44,110,519	مختص: قانونی ریزرو میں منتقلی
5.22	5.03	نی شئیر آ مدنی بیادی اور رقیق شده

سال کے لئے قبل از ٹیکس منافع 1,377 ملین روپے ، گزشتہ سال کمائے گئے قبل از ٹیکس منافع 1,284 ملین روپے ؛ سے ہززیادہ رہا۔ تاہم ٹیکس کے بعد منافع کم ہو کے گزشتہ سال 915 ملین روپے کے مقابلے میں 882 ملین روپے پر آگیا۔ جیسا کے کمپنی کا ٹیکس خرچ اس سال 34 فیصد سے زیادہ تھا۔

### *ڈ*لویڈنڈ

ڈائر کیٹرز 30 جون 2022 کو ختم ہونے والے سال کے لیے بر20 کے حتی نقذ منافع کی سفارش کرتے ہوئے پُر مسرت ہیں۔ یہ سال کے دوران اداکیے گئے بر20 کے عبوری کیش ڈلویڈنڈ کے علاوہ ہے جو سال کے لیے کل ڈلویڈنڈ کو بر40 تک لا تا ہے (2021: کل کیش ڈلویڈنڈ بر40)۔

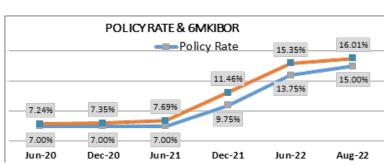

## آ مدنی

سال کی کل آمدنی میں بڑ22 اضافہ ہوا،مالی سال 2021 میں 3,681 ملین روپے سے مالی سال 2022 میں 4,489 ملین روپے تک۔ یہ اضافہ ملک میں شرح سود میں اضافے کے ساتھ آمدنی کے پورٹ فولیو میں اضافے سے منسوب ہے۔

فنانس لیز آمدنی 2,252 ملین روپے ہوئی جو کہ پچھلے سال کی لیز آمدنی سے 1٪ زیادہ ہے (2,219:2021 ملین روپے)۔ سال کے دوران اوسط لیز پورٹ فولیو، 13,742 ملین روپے اسلامی کے دوران اوسط لیز پورٹ فولیو، 13,742 ملین روپے تھا۔ جو کہ پچھلے سال کے مقابلے میں 3٪ کم ہے کیونکہ کمپنی نے اپنے سیلون کاروں کے زیادہ ترکاروبار کو فنانس اور لون پورٹ فولیو کے تحت بک کیا تھا۔ پورٹ فولیو میں کمی کے باوجود سال کے آخر میں شرح سود میں اضافے کی وجہ سے محصول بر قرار رہا۔

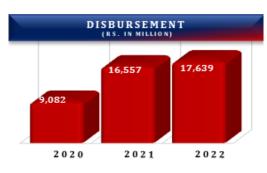

ٹرم فنانس پر مارک اپ 1,614 ملین روپے رہاجو کہ پچھلے سال سے ب<sup>66</sup>زیادہ ہے جبکہ پچھلے سال 971 ملین روپے کمائے۔ آمدنی میں یہ نمایاں اضافہ پورٹ فولیو اور شرح سود دونوں میں اضافے کی عکاس کرتا ہے۔ ٹرم فنانس اور قرضوں کا اوسط پورٹ فولیو گزشتہ سال 6,034 ملین روپے سے بڑھ کر 30 جون 2022 تک 9,549 ملین روپے ہو گیا۔ یہ

### كاروباري جائزه

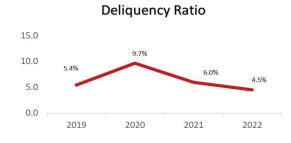

OLP نے یہ دیکھتے ہوئے کہ مالی سال 20-2021 کے دوسرے جھے کے دوران معاثی حالات غیر مستخکم رہے، مختاط انداز اپنایا اور زیادہ احتیاط کے ساتھ نیاکاروبار بک کیا۔ گزشتہ سال کے مقابلے اس سال ادا نیکیوں میں ج7 کا اضافہ ہوا۔ زیادہ ترکاروبار کو انتہائی محفوظ اثاثوں کے بدلے مالی اعانت فراہم کی گئی۔ گاڑیوں کی لیزنگ / فنانسنگ ( تنجارتی گاڑیاں اور سیلون کاریں ) نے سال کے لیے کل ادائیکیوں میں ج82 حصہ ڈالا۔ سال کے دوران، OLP نے رئیل اسٹیٹ کے ذریعے محفوظ ٹرم فنانسنگ کا ایک نیا پروڈکٹ متعارف کرایا۔ آنے والے سالوں میں کل کاروبار میں اس پروڈکٹ کی وجہ سے اضافہ متوقع ہے۔ کمپنی اپنے بڑے کسٹر بیس سے فائدہ اٹھاتے ہوئے انشور نس ایجبنی کے کاروبار کے ذریعے فیس پر مبنی آمد فی بڑھانے پر بھی توجہ دے رہی ہے۔

سال کے دوران OLP کے لیز اور لون پورٹ فولیو میں 16 فیصد اضافہ ہوا۔ اثاثوں کے لحاظ سے، گاڑیاں پورٹ فولیو کا بر79 بنتی ہیں جو کہ مالی سال 2021 کے مقابلے میں بر19 کا اضافہ ظاہر کرتی ہیں۔ جبکہ پلانٹ اور مشینری کا کل پورٹ فولیو مختلف اقتصادی شعبوں میں متنوع ہے۔ سمپنی کا پورٹ فولیو مختلف اقتصادی شعبوں میں متنوع ہے۔ پورٹ فولیو کا سب سے بڑا حصہ انفرادی صارفین پر مشتمل ہے جو کہ بر30.8 ہے، جس کے بعد گڈز ٹرانسپورٹ سیکٹر بر30.8 شیئر کے ساتھ ہے۔ OLP اپنے پورٹ فولیو کو مختلف صارفین یا گروپوں میں متنوع کر گئے کی بھی کوشش کرتا ہے۔ 30 جون 2022 تک، کسی ایک صارف کے لیے سب سے زیادہ ایکسپوژر رکھنے کی بھی کوشش کرتا ہے۔ 30 جون 2022 تک، کسی ایک صارف کے لیے سب سے زیادہ ایکسپوژر OLP

سمپنی کے نان پر فارمنگ پورٹ فولیو کی شرح پچھلے دو سالوں سے بہتری آئی ہے۔ اپنے موجودہ پورٹ فولیو میں زائد المیعاد اکاؤنٹس پر سخت کنٹرول رکھتے ہوئے، سمپنی نے پرانے زائد المیعاد کیسوں سے بھی خاطر خواہ ریکوری کی۔

## معيشت كاجائزه

پاکستان کی معیشت کئی سالوں سے اتار چڑھاؤ کا شکار ہے۔ اسی رجمان کو جاری رکھتے ہوئے معیشت نے مالی سال 2021اور 2022میں بالتر تیب بر74.5اور 5.97جی ڈی ٹی کی نمو حاصل کی، تاہم مہنگائی، کرنٹ اکاؤنٹ خسارہ اور سیاسی عدم استحکام کی وجہ سے ایک بار پھر شدید چیلنجوں کاسامنا ہے۔

مالی سال 2022 میں تمام بڑے شعبوں نے اچھی کارکردگی کا مظاہرہ کیا۔ صنعتی شعبے میں بھر 7.2 اضافہ ہوا جبکہ خدمات اور زراعت کے شعبے بالتر تیب بھر 6.2 اور بھ 4.4 کی رفتار سے آگے بڑھے۔ بین الا قوامی رسد کے مسائل اور اجناس کی گراں قیمتوں نے ، خاص طور پر روس یو کرین تنازعہ کے بعد ، سال کے دوران افراط زر کا مرح کے تک دوران افراط زر کا خرا کے دوران افراط زر کا شرح بھر 2022 میں سالانہ افراط زر کی شرح بھر 20 تک پہنے دوباؤپید اکیا جو ملک کو در پیش مہنگائی کی بلند ترین شرحوں میں سے ایک ہے۔ اجناس کی گراں قیمتوں نے بھی کرنٹ اکاؤنٹ خیارے میں تیزی سے اضافہ کیا جس کی وجہ سے ملک کو بین الا قوامی مالیاتی فنڈ (آئی ایم ایف) کے ساتھ سخت شر الط پر بات چیت کرنے اور دو سرے کثیر جہتی اور دو طرفہ قرض دہندگان سے رجوع کرنے کی ضرورت بڑی۔

ان چیلنجوں کے ساتھ ، سیاسی ہنگامہ آرائی نے صور تحال کو بہتر بنانے میں مدد کرنے کے بجائے کاروباری سر گرمیوں کو شدید نقصان پہنچایا۔ بڑھتا ہوا کرنٹ اکاؤنٹ خسارہ اور سیاسی عدم استخکام بھی اہم کرنسیوں کے مقابلے میں روپے کی گراوٹ کا سبب بناہے اور جولائی 2021سے امریکی ڈالر کے مقابلے میں اس کی قدر میں بھلا کی ہوئی اور روپیہ ستبر 2022 میں 2022 میں 2020میں 2023میں 2023میں گئیس میں اضافے نے کارپوریٹ سیکٹر کو بھی منفی طور پر متاثر کیا جبہ 100 میں 2021میں 2022میں 2022میں کے ٹیکس میں اضافے نے کارپوریٹ سیکٹر کو بھی منفی طور پر متاثر کیا جبہ 2022میں 31 اپریل 2022سے 2024میں گئیس کا اپریل 2022سے 2024میں کے ٹیکس میں اضافے نے کارپوریٹ سیکٹر کو بھی منفی طور پر متاثر کیا جب

اسٹیٹ بینک نے افراط زر اور روپے کی قدر میں کمی کو کنٹر ول کرنے کے لیے متعدد اقدامات کیے ہیں جن میں ستمبر 2021 میں پالیسی ریٹ کو ۶۴ سے بڑھا کر جولائی 2022 میں المجانت کے ضوابط کو سخت کرنا اور زیادہ مار جن کی ضروریات کے ذریعے درآمدی سے 15 کرنا مجھی شامل ہیں۔ کٹوتی شامل ہیں۔

زیادہ شرح سود، کاروں کی قیمتوں میں غیر معمولی اضافے اور صارفین کی فنانسنگ پرر کاوٹوں کے باوجود، مالی سال 2021 کے 151,182 یو نٹس کے مقابلے گزشتہ سال میں کاروں کی فروخت 55 ہے ہڑھ کر234,180 یو نٹس ہو گئے۔ مالی سال 2022 میں ٹرکوں کی فروخت بھی 57 ہر اضافے سے 5,802 یو نٹس تک پہنچ گئی، جو ملک میں مقامی اور غیر ملکی تجارت میں بہتری کی نشاندہی کرتی ہے۔ تاہم، مالی سال 2023 میں، مسلسل بلند شرح اور بلند قیمتوں کی وجہ سے کاروں کی فروخت میں نمایاں کی متوقع ہے۔

# **Statement of Compliance**

with Listed Companies (Code of Corporate Governance) Regulations, 2019 For the Year Ended June 30, 2022

The Company has complied with the requirements of the Regulations in the following manner:

Shaheen Amin Chief Executive Officer

Chairman Board of Directors

# **Notice of Annual General Meeting**

Notice is hereby given that the Thirty Sixth Annual General Meeting (the AGM) of OLP Financial Services Pakistan Limited (the Company) will be held on Thursday, October 27, 2022, at 03:00 p.m. at the Institute of Chartered Accountants of Pakistan, Chartered Accountants Avenue, Karachi and also through video link (Zoom Application), to transact the following business:

### **ORDINARY BUSINESS**

- 1. To receive, consider and adopt the Audited Financial Statements of the Company for the year ended June 30, 2022, the Auditors Report and Directors Report thereon.
- 2. To consider and approve dividend for the year ended June 30, 2022, in cash at PKR 2 per share of PKR 10/- (20%), as recommended by the Board of Directors, which is in addition to the 20% Interim Cash Dividend (i.e. PKR. 2 per share) already paid.
- 3. To appoint auditors of the Company for the financial year 2022-23 and fix their remuneration. The present auditors, Messrs. A.F Fergusons & Co., Chartered Accountants, retire and being eligible, have offered themselves for reappointment.
- 4. To transact any other business as may be placed before the meeting with the consent of the Chair.

Karachi Thursday, October 06, 2022

BY ORDER OF THE BOARD

HAIDER ABBAS Company Secretary

### **NOTES**

### 1. PARTICIPATION IN ANNUAL GENERAL MEETING (AGM) THROUGH ELECTRONIC MEANS:

To attend and participate in the AGM through video link facility, members are requested to register themselves by providing following particulars with the Company Secretary by emailing to <u>agm@olpfinance.com</u> at least 48 hours before the AGM.

Name of Shareholder	CNIC No.	Folio No./ CDC Account No.	Mobile No.	Email Address

Video link details and login credentials (ZOOM Application) will be shared with those shareholders who have shown their intent to attend the meeting containing all the particulars as mentioned above

### 2. BOOK CLOSURE

2.1 The Members' Register shall remain closed from October 20, 2022 to October 27, 2022 (both days inclusive). Transfers in good order received at the office of the Company's Share Registrar before the close of the business on October 19, 2022, will be treated in time to attend the AGM and entitlement of the dividend. Address of the Company's Share Registrar is as follows:

FAMCO Associates (Pvt.) Ltd. 8-F, Block-6, PECHS Main Shahra-e-Faisal Karachi-74400 Pakistan

Phone: +92 (021) 34380101

- 2.2 All Shareholders are entitled to attend, speak and vote at the AGM. A Shareholder may appoint a proxy to attend, speak and vote on behalf of the Shareholder. The proxy needs to be a Member of the Company. A proxy, to be effective, must be received at the office of the Company's Share Registrar not less than 48 hours before the AGM.
- 2.3 The Shareholders and their proxies are required to produce their Computerized National Identity Card (CNIC) or passport for identification purpose, at the time of attending the AGM. The Proxy Form must be submitted to the Company within the stipulated time, duly witnessed by two persons whose names, addresses and CNIC numbers must be mentioned on the Proxy Form, along with attested copies of the CNICs or passports of the beneficial owner and the proxy. In case of corporate entity, the resolution of the Board of Directors or power of attorney with specimen signature of the nominee shall be produced at the time of AGM. The Proxy Form is available on Company's website (<a href="www.olpfinance.com">www.olpfinance.com</a>).
- 2.4 Members are requested to intimate any change in address immediately to the Company's Share Registrar.
- 2.5 The Financial Statements for the year ended June 30, 2022, along with the Auditors and Directors Report thereon are available on the Company's website (<a href="https://www.olpfinance.com">www.olpfinance.com</a>).
- 2.6 CDC account holders shall also follow the guidelines mentioned hereunder, as laid down by the Securities and Exchange Commission of Pakistan (SECP).

### 3. SUBMISSION OF COPIES OF CNICS/NTN

The Company with reference to the S.R.O. 779(I) 2011 dated August 18, 2011 and S.R.O. 831(I)/2012 dated July 5, 2012, had made several requests through advertisements in Urdu and English newspapers having circulation throughout the country, and Share Registrar of the Company had also sent letters to the Shareholders who have not yet provided valid copies of their CNICs/NTNs, requesting them to provide the same. As per the Companies (Distribution of Dividends) Regulations, 2017, CNIC/NTN number of a shareholder is mandatory for the payment of cash dividend, and in the absence of such information, the Company would be constrained to withhold dividend payment. Accordingly, the Members who have not yet submitted a copy of their valid CNIC/NTN are again requested to provide the same to the Company's Share Registrar, with Member's folio number mentioned thereon. It may be noted that in case of non-receipt of the copy of CNIC/NTN, the Company would be constrained to withhold the payment of the dividend.

### 4. PAYMENT OF CASH DIVIDEND THROUGH ELECTRONIC MODE

As per Section 242 of the Companies Act, 2017, a listed company shall pay cash dividend to its shareholders only through electronic mode directly into the bank account designated by the entitled shareholder. Therefore, the physical dividend warrants will not be issued to the Company's Shareholders. In order to receive dividend into respective banks accounts, the Shareholders are requested (if not already provided) to fill in the Dividend Mandate Form for Electronic Credit of Cash Dividend, available on the Company's website and send the duly signed form, along with a copy of CNIC to the Company's Share Registrar in case of physical shares. In case shares are held in the CDC/Brokerage House, Dividend Mandate Form must be directly submitted to the CDC investor account services/respective participant accounts. In case of non-receipt of information, the Company will be obliged to withhold payment of dividend to such shareholders.

# 5. DEDUCTION OF INCOME TAX FROM DIVIDEND UNDER THE SECTION 150 OF THE INCOME TAX ORDINANCE 2001

- 5.1 According to the provisions of the Finance Act 2021 effective July 2022, the rate of deduction of the Income Tax from dividend payments has been as follows:
  - i. The Rate of Income Tax deduction for filers of the Income Tax returns is 15%
  - ii. The Rate of Income Tax deduction for non-filers of income tax returns is 30%

The Shareholders whose names are not entered into the Active Tax-payers List (ATL) available on FBR's website, despite the fact that they have filed their returns, are advised to ensure that their names be entered in ATL. Otherwise, the tax on their cash dividend will be deducted @ 30% instead of 15%.

- 5.2 Withholding Tax exemption from the dividend income shall only be allowed if a copy of the valid tax exemption certificate is made available to the Company's Share Registrar by the first day of the book closure.
- 5.3 Withholding tax will be determined separately on 'Filer/Non-filer' status of principal shareholder as well as joint-holders(s) based on their shareholding proportions. In this regard, the Shareholders who hold the Company's shares jointly are requested to provide shareholding proportions of the principal shareholder and joint-holder(s) in respect of shares held by them (if not already provided) to the Company's Share Registrar in writing, within ten (10) days of this notice. Otherwise, it will be assumed that the shares are equally held by the principal shareholder and joint-holder(s).

5.4 The Corporate Shareholders having CDC accounts are required to have their NTN updated with their respective participants, and the corporate physical shareholders are requested to send a copy of their NTN certificate to the Company's Share Registrar. The Shareholders while sending NTN or NTN certificates, as the case may be, must quote the company's name and their respective folio numbers.

### 6. VIDEO CONFERENCE FACILITY

In pursuance to the SECP's circular No. 10/2014, dated May 21, 2014, and the Section 134(1)(b) of the Companies Act 2017, the Members can also avail video conference facility at places other than Karachi (since the AGM is scheduled to be held in Karachi); provided that the Company shall receive consent from members holding in aggregate 10% or more shareholding, residing at a geographical location, to participate in the meeting through video conference at least 10 days prior to the AGM. The Company will arrange a video conference facility in the city subject to availability of such facility in that city. In this regard, the Shareholders are requested to send duly signed Form of Video Conference Facility, available on Company's website to the Company's Share Registrar.

### 7. AVAILABILITY OF ANNUAL AUDITED FINANCIAL STATEMENTS

The Audited Financial Statements of the Company for the year ended June 30, 2022, have been made available on the Company's website (<a href="www.olpfinance.com">www.olpfinance.com</a>) in addition to the Quarterly Financial Statements. Further, in compliance with the section 223(6) of Companies Act 2017, the Company has electronically transmitted the Annual Report 2022 through email to shareholders whose email addresses are available with the Company's Share Registrar, M/s. FAMCO Associates (Private) Limited. In those cases, where email addresses are not available with the Company, the CDs containing financial statements have been dispatched. However, if a Shareholder, in addition, requests for hard copy of the Annual Audited Financial Statements, the same will be provided free of cost within seven working days of receipt of such request. For the Shareholders' convenience, a 'Standard Request Form for Provision of Annual Audited Financial Accounts' has also been made available on the Company's website.

Moreover, shareholders are requested to kindly provide the valid email address (along with a copy of valid CNIC) to the Company's Share Registrar, M/s. FAMCO Associates (Private) Limited if you hold shares in physical form or to the respective Participant/Investor Account Services if shares are held in book entry form.

### 8. UNCLAIMED DIVIDEND AND UNDELIVERED SHARE CERTIFICATES

The Company has previously discharged its responsibility under Section 244 of the Companies Act, 2017 whereby the Company approached the shareholders to claim their unclaimed dividends and undelivered share certificates in accordance with the law.

Shareholders, whose dividends still remain unclaimed and/or undelivered share certificates are available with the Company, are hereby once again requested to approach the Company to claim their outstanding dividend amounts and/or undelivered share certificates.

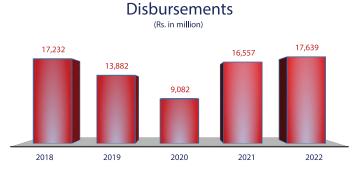

### 9. CONVERSION OF PHYSICAL SHARES INTO CDC ACCOUNT

The Shareholders having physical shareholding are encouraged to place their physical shares into electronic form as Section 72(2) of the Companies Act, 2017 states that "Every existing company shall be required to replace its physical shares with book-entry form in a manner as may be specified and from the date notified by SECP, within a period not exceeding four years from the commencement of the Act".

## ALHAMD SHARIAH ADVISORY SERVICES

### (PVT) LIMITED

### **Shariah Advisor's Report**

For the period ended June 30, 2022

OLP Financial Services Pakistan Limited (OLP) started Islamic Financing in April 2011. OLP, with the consultation of the undersigned, developed and executed initially the following two Shariah Complaint products:

- Ijarah, and
- **Diminishing Musharakah**

By the grace of Allah, in this year, OLP also followed rules and regulations of Shariah in the implementation of Ijarah and Diminishing Musharakah.

I certify that the treasury function and accounting treatment of Ijarah and Diminishing Musharakah transactions are in conformity with Shariah requirements.

I would like to take this opportunity to offer praise to Almighty Allah and seek His Guidance and Blessings and to express my best wishes for further progress, development, and prosperity of OLP Financial Servies Pakistan Limited and Islamic Finance.

### **MUFTI MUHAMMAD IBRAHIM ESSA**

For and on behalf of Alhamd Shariah Advisory Services Private Limited Date: September 26, 2022

### INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of OLP Financial Services Pakistan Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of OLP Financial Services Pakistan Limited (the Company) for the year ended June 30, 2022 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2022.

### INDEPENDENT AUDITOR'S REPORT

### To the members of OLP Financial Services Pakistan Limited

### Report on the Audit of the Unconsolidated Financial Statements

### **Opinion**

We have audited the annexed unconsolidated financial statements of OLP Financial Services Pakistan Limited (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2022, and the unconsolidated statement of profit or loss, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2022 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

S. No.	Key audit matter	How the matter was addressed in our audit
1	Provision for potential lease and loan losses (Refer notes 3.5, 6, 10, 11, 13 and 38 of the annexed unconsolidated financial statements)	
	The Company records provision for potential lease and loan losses under the requirement of IFRS 9 and the Non-Banking Finance Companies Regulations (the NBFC Regulations), whichever is higher.	determination of provision for potential lease and

KARACHI LAHORE ISLAMABAD

### S. No. Key audit matter How the matter was addressed in our audit

Under IFRS 9, simplified approach and general approach are used for lease and loan losses respectively to determine Expected Credit Losses (ECL). A lifetime ECL is recorded on loans in which there have been Significant Increase in Credit Risk (SICR) from the date of initial recognition and on loans which are credit impaired as on the reporting date. A 12 months ECL is recorded for loans which do not meet the criteria for SICR or "credit impaired" as at the reporting date. To assess whether there is a significant increase in the credit risk, the Company compares the risk of a default occurring on the loans as at the reporting date with the risk of default as at the date of initial recognition. The Company also considers reasonable and supportive forward-looking information in the determination of ECL. The allowance is increased by provisions charged to the unconsolidated statement of profit or loss and is decreased by charge-offs, net of recoveries.

Determination of provision including calculating ECL for lease and loans is subject to numerous judgments and estimates. In evaluating the adequacy of ECL, the management considers various factors, including the nature and characteristics of the obligor, current economic conditions, credit concentrations or deterioration in collateral, historical loss experience and delinquencies. The management has further considered the impact of forward-looking information and its resulting impact on the provision for lease and loan portfolio of the Company.

The Company has determined a provision on lease and loans balances and has recognised a gross charge of Rs. 228.279 million and a gross reversal of Rs. 293.648 million in respect of potential lease and loan losses in the unconsolidated statement of profit or loss during the year ended June 30, 2022. As at June 30, 2022, the Company maintained a provision of Rs. 1,033.123 million for potential lease and loan losses.

The determination of provision in respect of lease and loans balances as per the requirements of NBFC Regulations and IFRS 9 remains a significant area of judgment and estimation. Because of the significance of the impact of these judgments / estimations and the materiality of lease and loans balances relative to the overall unconsolidated financial statements of the Company, we considered the area of provision for potential lease and loan losses as a key audit matter.

- Obtained an understanding of the design and tested the operating effectiveness of the relevant controls established by the Company to identify loss events and for determining the extent of provisioning required against lease and loans balances;
- Evaluated the key decisions made by the Company's management with respect to accounting policies, estimates and judgments in relation to computation of provision for potential lease and loan losses and assessed the appropriateness based on our understanding of the Company's business and operations;
- Assessed the reasonableness and accuracy of the data used for provision computation based on the accounting records and information system of the Company as well as the related external sources used for this purpose;
- Checked, on a test basis, the accuracy of specific provision made against non-performing lease and loans balances and of general provision made against performing lease and loans balances as per the requirements of NBFC by recomputing the provision amount in accordance with the criteria prescribed under the NBFC.
- Assessed the ECL model used by the management to calculate provision against lease and loans balances of the Company for appropriateness of the assumptions used and the methodology applied. We also tested the mathematical accuracy of the model;
- Assessed the reasonableness of the forwardlooking factors used by the management in preparing ECL model; and
- Assessed the relevant disclosures made in the unconsolidated financial statements to determine whether they are complied with the accounting and reporting standards as applicable in Pakistan.

## Information Other than the Unconsolidated and Consolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the unconsolidated and consolidated financial statements and our auditor's reports thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

AHCO

Annual Report 2022

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose
  of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

# Notes to and Forming Part of The Unconsolidated Financial Statements

For the year ended June 30, 2022

#### 1 LEGAL STATUS AND OPERATIONS

OLP Financial Services Pakistan Limited (formerly ORIX Leasing Pakistan Limited) ("the Company") was incorporated in Pakistan as a private limited company on July 01, 1986 under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017) and was converted into a public limited company on December 23, 1987. The Company is listed on the Pakistan Stock Exchange Limited and is licensed to carry out Investment Finance Services as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 issued by the Securities and Exchange Commission of Pakistan (SECP).

The registered office of the Company is situated at OLP Building, Plot No. 16, Sector No. 24, Korangi Industrial Area, Karachi.

The Pakistan Credit Rating Agency Limited (PACRA) has assigned a long-term rating of AA+ (2021: AA+) and a short-term rating of A1+ (2021: A1+) to the Company on March 03, 2022 (2021: March 03, 2021).

#### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017; and
- Provisions of and directives issued under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of and directives issued under the Companies Act, 2017, the IFAS, the NBFC Rules or the NBFC Regulations differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, the IFAS, the NBFC Rules or the NBFC Regulations have been followed.

- 2.2 Islamic Financial Accounting Standard (IFAS) 2 'Ijarah' issued by the Institute of Chartered Accountants of Pakistan was adopted by the SECP vide SRO 431(1)/ 2007 dated May 22, 2007. Under IFAS 2, the Ijarah transactions are accounted for in the following manner:
  - Mustajir (lessors) presents the assets subject to Ijarah in their statement of financial position according to the nature of the asset. The Mustajir is required to distinguish these Ijarah assets from the assets in own use.
  - Costs, including depreciation on the assets given on Ijarah, incurred in earning the Ijarah income are recognised as expenses.
  - Ijarah income is recognised in income on an accrual basis as and when the rental becomes due, unless another systematic basis is more representative of the time pattern in which the benefit of the use derived from the leased asset is diminished.

ANNUAL REPORT 2022 69

# Notes to and Forming Part of The Unconsolidated Financial Statements

For the year ended June 30, 2022

#### 2.3 Basis of measurement

These unconsolidated financial statements have been prepared under the historical cost convention except for the following:

- Leasehold land and office building are stated at revalued amounts;
- Certain investments are stated at fair value;
- Non-current assets classified as held-for-sale are valued at lower of carrying amount and fair value less cost to sell;
- Obligation in respect of staff gratuity is measured at present value of the defined benefit obligation; and
- Investment in associate is valued under equity accounting method.

### 2.4 Functional and presentation currency

Items included in these unconsolidated financial statements are measured using the currency of the primary economic environment in which the Company operates. These unconsolidated financial statements are presented in Pakistani Rupee which is the Company's functional and presentation currency.

### 2.5 Critical accounting estimates and judgments

The preparation of unconsolidated financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on the management's experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both the current and future periods.

The areas where various assumptions and estimates are significant to the Company's financial statements or where judgments were exercised in the application of accounting policies are as follows:

- (a) determination of the residual values and useful lives of fixed assets (notes 3.2 and 4);
- (b) determination of allowance for potential lease and other loan losses (notes 3.5 and 38);
- (c) determination of classification, valuation and impairment of financial assets (note 3.10,9,14 and 39);
- (d) classification and valuation of assets classified as held for sale (notes 3.6 and 18);
- (e) recognition of taxation and deferred tax (notes 3.16 and 41);
- (f) accounting for defined benefit obligation (notes 3.17 and 25);
- (g) provision against workers' welfare fund (notes 26 and 39); and
- (h) impairment of non-financial assets (note 3.9).

## 2.6 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year:

**2.6.1** There are certain amendments to the standards and new interpretations that are mandatory for accounting periods beginning on or after July 1, 2021 but are considered not to be relevant or do not have any significant effect on the Company's operations and are, therefore, not detailed in these unconsolidated financial statements.

## 2.7 Interpretations and amendments to published accounting and reporting standards that are not yet effective:

**2.7.1** The following amendments and interpretations with respect to published accounting and reporting standards would be effective from the date mentioned below against the respective amendments or interpretations:

For the year ended June 30, 2022

### **Interpretations or Amendments**

- IAS 1 'Presentation of financial statements' (amendments)
- IAS 8 'Accounting policies, change in accounting estimates and errors' (amendments)

## Effective date (accounting period beginning on or after)

January 1, 2023

January 1, 2023

The amendments highlighted above may impact the unconsolidated financial statements of the Company on application. The management is currently in the process of assessing the impact of these amendments on the unconsolidated financial statements of the Company.

2.7.2 There are certain other new and amended standards, interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Company's operations and are, therefore, not detailed in these unconsolidated financial statements.

#### 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting polices applied in the preparation of these unconsolidated financial statements are set out below. These polices have been consistently applied to all the years presented unless otherwise stated.

#### 3.1 Business combination

Business combinations are accounted for by applying the acquisition method. The cost of acquisition is measured as the fair value of assets given, equity instruments issued and the liabilities incurred or assumed at the date of acquisition. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement, if any. Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the consideration transferred over the fair value of the Company's share of identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets acquired in the case of a bargain purchase, the difference is recognised directly in the unconsolidated statement of profit or loss.

#### 3.2 Fixed assets

## 3.2.1 Own use, operating lease and capital work in progress

Fixed assets (except leasehold land and office building) are stated at cost less accumulated depreciation and impairment losses, if any. Leasehold land and office building are carried at revalued amounts less accumulated depreciation and subsequent impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Cost incurred to replace a component of an item of fixed asset is capitalised and the asset so replaced is retired from use. All repairs and maintenance expenditure are charged to the unconsolidated statement of profit or loss during the period in which these are incurred.

Depreciation is charged using the straight line method over the estimated useful lives of assets, at the rates specified in notes 4.1 and 4.2 to these unconsolidated financial statements after taking into account residual values if significant. Cranes under operating lease are depreciated at the rates specified in note 4.2 by considering residual values. The carrying value of leasehold land is amortised over its lease term. Depreciation on additions is charged from the month in which the assets are available for use. No depreciation is charged in the month of disposal.

For the year ended June 30, 2022

Accounting treatment and presentation of revaluation of fixed assets is in conformity with IAS 16 'Property, Plant and Equipment'. Revaluation surplus on fixed assets is presented in the unconsolidated statement of financial position and unconsolidated statement of changes in equity as a capital reserve.

An increase arising on revaluation is credited to the surplus on revaluation of leasehold land and office building. A decrease arising on revaluation of leasehold land and office building is adjusted against the surplus of that asset or, if no surplus exists, is charged to the unconsolidated statement of profit or loss as an impairment of the asset. A surplus arising subsequently on an impaired asset is reversed through the unconsolidated statement of profit or loss up to the extent of the original impairment. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the unconsolidated statement of profit or loss and depreciation based on the asset's original cost, net of deferred taxation, is reclassified from revaluation surplus on leasehold land and office building to unappropriated profit.

An asset's carrying amount is written down immediately to its recoverable amount if the carrying amount is greater than its estimated recoverable amount.

Gains / losses on disposal of fixed assets, if any, are taken to the unconsolidated statement of profit or loss in the period in which they arise except that the related surplus on revaluation of leasehold land and office building (net of deferred taxation) is transferred directly to unappropriated profit.

Assets having an indefinite useful life are stated at acquisition cost less accumulated impairment losses, if any.

The residual values, useful lives and methods of depreciation of assets are reviewed and adjusted, if appropriate, at each reporting date.

Capital work-in-progress is stated at cost less impairment loss, if any and consists of expenditure incurred (including any borrowing cost, if applicable) and advances made in the course of their construction and installation. Transfers are made to relevant asset category as and when assets are available for intended use.

#### 3.2.2 ljarah assets

Rental from Ijarah arrangements are recognised in the unconsolidated statement of profit or loss on an accrual basis as and when rentals become due. Costs, including depreciation, incurred in earning the Ijarah income are recognised as an expense. Initial direct costs incurred specifically to earn revenues from Ijarah are recognised as an expense in the period in which they are incurred. The ijarah assets are depreciated over the period of ijarah finance on a straight line basis over the underlying term of the contract as stated in note 4.3.

## 3.2.3 Lease liability and right-of-use assets

The Company lease premises of certain branches. Rental contracts are typically for a period of 3 years and may have renewal options as described below. At inception of a contract, the Company assesses whether a rental contract conveys the right to control the use of the rented premises for a period of time in exchange for consideration. Lease term is negotiated on an individual basis.

In determining the lease term, the management considers all facts and circumstances that create an economic incentive to exercise an extension option or not to exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

The lease liability is initially measured as the present value of the lease payments over the period of lease term and that are not paid at the commencement date, discounted using the Company's incremental borrowing rate.

For the year ended June 30, 2022

Lease payments include fixed payments less any lease incentive receivable, variable lease payment that are based on an index or a rate which are initially measured using the index or rate as at the commencement date, amounts expected to be payable by the Company under residual value guarantees, the exercise price of a purchase option if the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease if the lease term reflects the lessee exercising that option. The extension and termination options are incorporated in determination of lease term only when the Company is reasonably certain to exercise these options.

The lease liability is subsequently measured at amortised cost using the effective interest rate method. The lease liability is also remeasured to reflect any reassessment or lease modification, or to reflect revised in-substance fixed lease payment.

The lease liability is remeasured when the Company reassesses with reasonable certainty of exercising the extension or termination option upon occurrence of either a significant event or a significant change in circumstances, or when there is a change in assessment of an option to purchase underlying asset, or when there is a change in amount expected to be payable under a residual value guarantee, or when there is a change in future lease payments resulting from a change in an index or rate used to determine those payment. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the unconsolidated statement of profit or loss if the carrying amount of right-of-use asset has been reduced to zero.

When there is a change in scope of a lease, or the consideration for a lease, that was not part of the original terms and conditions of the lease, it is accounted for as a lease modification. The lease modification is accounted for as a separate lease if modification increases the scope of lease by adding the right to use one or more underlying assets and the consideration for lease increases by an amount that is commensurate with the stand-alone price for the increase in scope adjusted to reflect the circumstances of the particular contracts, if any. When the lease modification is not accounted for as a separate lease, the lease liability is remeasured and corresponding adjustment is made to right-of-use assets.

Right-of-use assets are initially measured at an amount equal to the initial measurement of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of the costs to be incurred to dismantle and remove the underlying assets or to restore the underlying assets or the site on which the assets are located.

Right-of-use assets are subsequently measured at cost model and depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. Right-of-use assets are reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company has elected to apply the practical expedient of not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases are recognised as an expense on a straight line basis over the lease term.

### 3.3 Intangible assets

Intangible assets having definite lives are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets having indefinite lives are stated at cost less accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

For the year ended June 30, 2022

Amortisation is charged using the straight-line method over the estimated useful lives of the assets at the rates specified in note 5.1. Amortisation on additions is charged from the month in which the assets are available for use. No amortisation is charged in the month of disposal. The residual values and useful lives are reviewed and adjusted, if appropriate, at each reporting date.

Gains / losses on disposal of intangible assets, if any, are taken to the unconsolidated statement of profit or loss in the period in which these arise.

#### 3.4 Net investment in finance lease

Leases in which the Company transfers substantially all the risks and rewards incidental to the ownership of an asset to the lessees are classified as finance leases. A receivable is recognised at an amount equal to the present value of the minimum lease payments, including any guaranteed residual value. The "net investment in finance lease" included in the unconsolidated financial statements is recorded as net of adjustable security deposit.

## 3.5 Allowance for potential lease and other loan losses

The Company applies IFRS 9 simplified approach and general approach for lease and loan losses respectively to determine Expected Credit Losses (ECL). A lifetime ECL is recorded on loans in which there has been Significant Increase in Credit Risk (SICR) from the date of initial recognition and on loans which are credit impaired as on the reporting date. A 12 months ECL is recorded for loans which do not meet the criteria for SICR or "credit impaired" as at the reporting date. To assess whether there is a significant increase in the credit risk, the Company compares the risk of a default occurring on the loans as at the reporting date with the risk of default as at the date of initial recognition. The Company also considers reasonable and supportive forward-looking information in the determination of ECL. The allowance is increased by provisions charged to the unconsolidated statement of profit or loss and is decreased by charge-offs, net of recoveries.

Calculating ECL for lease and loan is subject to numerous judgments and estimates. In evaluating the adequacy of ECL, the management considers various factors, including the nature and characteristics of the obligor, current economic conditions, credit concentrations or deterioration in collateral, historical loss experience and delinquencies. The management further considers the impact of forward-looking information and its resulting impact on the provision for lease and loan portfolio of the Company.

In 2021, the Institute of Chartered Accountant of Pakistan (ICAP) had issued 'Accounting Guideline Application of IFRS 9 by Non-Banking Finance Companies', which allows NBFC's to apply the requirements of IFRS 9 in conjunction with the requirements of NBFC Regulations. Accordingly, the Company has recognised allowance for potential lease and other loans losses as the higher of provisioning requirements as specified under the NBFC Regulations and IFRS 9.

## 3.6 Assets classified as held for sale

The Company classifies a non-current asset as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use.

A non-current asset classified as held for sale is carried at the lower of its carrying amount and the fair value less costs to sell. Impairment losses are recognised through the unconsolidated statement of profit or loss for any initial or subsequent write down of the non-current asset to fair value less costs to sell. Subsequent gains in fair value less cost to sell are recognised to the extent they do not exceed the cumulative impairment losses previously recorded. A non-current asset is not depreciated while classified as held for sale.

For the year ended June 30, 2022

#### 3.7 Investment in subsidiaries

Investment in subsidiaries is initially recognised at cost. At subsequent reporting dates, the recoverable amount is estimated to determine the extent of impairment loss, if any, and carrying amount of the investment is adjusted accordingly.

#### 3.8 Investment in associate

Investment in associate is accounted for under the equity method of accounting. An associate is an entity in which the Company has significant influence and which is neither a subsidiary nor a joint venture.

Under the equity method of accounting, the investment in an associate is carried in the unconsolidated statement of financial position at cost plus post-acquisition changes in the Company's share of net assets of the associate. Goodwill relating to an associate is included in the carrying amount of the investment and is not amortised. After application of the equity method, the Company determines whether it is necessary to recognise any additional impairment loss with respect to the Company's net investment in the associate. The unconsolidated statement of profit or loss reflects the share of the results of operations of the associate. Where there has been a change recognised directly in the equity of an associate, the Company recognises its share of any changes and discloses this, when applicable, in the unconsolidated statement of changes in equity.

Associates' accounting policies conform to those used by the Company for like transactions and events in similar circumstances.

The Company discontinues the use of the equity method from the date when it loses the power to participate in the financial and operating policy decisions of the investee. If the retained interest of the Company in the former associate is a financial asset, the Company measures the retained interest at its fair value. The fair value of the retained interest is regarded as its fair value on initial recognition as a financial asset. The Company recognises in the unconsolidated statement of profit or loss any difference between the fair value of the retained interest and any proceeds from disposing of a partial interest in the associate and the carrying amount of the investment at the date the equity method was discontinued.

When the investment in associate is sold, all amounts previously recognised in 'other comprehensive income' in relation to that investment are reclassified to the unconsolidated statement of profit or loss.

## 3.9 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each reporting date to determine whether there is any indication of impairment of any asset or a group of assets. If any such indication exists, the recoverable amount of that asset is estimated and impairment losses are recognised in the unconsolidated statement of profit or loss. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised.

## 3.10 Financial assets

#### 3.10.1 Classification and subsequent measurement

The Company classifies its financial assets in the following measurement categories:

- at amortised cost;
- at fair value through other comprehensive income (FVOCI) with recycling of cumulative gains and losses;
- at FVOCI with no recycling of cumulative gains and losses upon derecognition; and
- at fair value through profit or loss (FVPL).

ANNUAL REPORT 2022

For the year ended June 30, 2022

#### a) At amortised cost

The Company measures financial assets at amortised cost if the financial asset is held within a business model with an objective to hold and collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured as described in note 3.10.2. Gains and losses are recognised in the unconsolidated statement of profit or loss when the asset is derecognised, modified or impaired.

## b) At fair value through other comprehensive income (FVOCI) with recycling of cumulative gains and losses

The Company measures financial assets at FVOCI if the financial asset is held within a business model with an objective of both holding to collect contractual cash flows and selling and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through other comprehensive income (OCI), except for the recognition of impairment losses or reversals, recognised and measured as described in note 3.10.2, interest revenue and foreign exchange gains and losses on the instrument's amortised cost which are recognised in the unconsolidated statement of profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the unconsolidated statement of profit or loss.

## c) At FVOCI with no recycling of cumulative gains and losses upon derecognition

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis. Gains and losses on these financial assets are never recycled to the unconsolidated statement of profit or loss. Dividends are recognised in the unconsolidated statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

### d) Fair value through profit or loss (FVPL)

Assets that do not meet the criteria for classification at amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a financial asset that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the unconsolidated statement of profit or loss in the period in which it arises.

#### 3.10.2 Impairment

The Company assesses on a forward-looking basis the expected credit losses (ECL) associated with its debt instrument assets carried at amortised cost and FVOCI. The Company recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

For the year ended June 30, 2022

The Company applies the IFRS 9 simplified approach to measure expected credit losses for leases, Ijarah finance, musharikah finance and microfinance. For all other financial assets, a life time ECL is recorded in which there has been Significant Increase in Credit Risk (SICR) from the date of initial recognition and for financial assets which are credit impaired as on reporting date. A 12 months ECL is recorded for all other financial assets which do not meet the criteria for SICR or "credit impaired" as at reporting date.

#### 3.10.3 Derecognition

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either:

- (i) the Company transfers substantially all the risks and rewards of ownership; or
- (ii) the Company neither transfers nor retains substantially all the risks and rewards of ownership and the Company has not retained control.

#### 3.10.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Company commits to purchase or sell the asset.

## 3.10.5 Initial recognition

Financial assets are recognised at the time the Company becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value plus transaction costs except for financial assets carried at FVPL. Financial assets carried at FVPL are initially recognised at fair value and transaction costs associated with these financial assets are taken directly to the unconsolidated statement of profit or loss.

## 3.10.6 Business model

The business model reflects how the Company manages the assets in order to generate cash flows, that is, whether the objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVPL. Factors considered by the Company in determining the business model for a group of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated.

### 3.10.7 SPPI

Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Company assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at FVPL.

#### 3.10.8 Reclassifications

The Company reclassifies financial assets when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting period following the change. Such changes are expected to be very infrequent and none occurred during the period.

For the year ended June 30, 2022

#### 3.10.9 Write-offs

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. Against each customer's outstanding exposure which stands as impaired, the Company makes an assessment with respect to the timing and amount of write-off based on the expectation of recovery. However, financial assets that are written off remain subject to legal enforcement activities for recovery of amounts due.

#### 3.11 Financial liabilities

Financial liabilities are recognised at the time the Company becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value less any directly attributable transaction cost.

Financial liabilities are subsequently measured at amortised cost except for:

- Financial liabilities at fair value through profit and loss; and
- Financial liabilities arising from the transfer of financial assets which did not qualify for derecognition, whereby a financial liability is recognised for the consideration received for the transfer.

### 3.11.1 Derecognition

Financial liabilities are derecognised at the time when these are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expires. Any gain or loss on derecognition of financial assets and financial liabilities is taken to the unconsolidated statement of profit or loss.

#### 3.12 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the unconsolidated financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

### 3.13 Certificate of deposits, borrowings, finances, loans and their costs

These are initially recognised at cost being the fair value of consideration received. Subsequently, these are carried at amortised cost using the effective interest method.

Costs in respect of above are recognised as an expense in the period in which these are incurred using the effective interest method.

Transaction costs, if any, are amortised over the period of agreement using the effective interest method.

### 3.14 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

### 3.15 Contingent liabilities

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arise from past events but it is not probable that an outflow of resources embodying benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

For the year ended June 30, 2022

#### 3.16 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the unconsolidated statement of profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity through other comprehensive income.

#### Current

Provision for current taxation is based on taxable income for the year at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. Tax charge for the current year is determined in accordance with the prevailing laws for taxation. The charge for current tax is calculated using tax rates enacted or substantively enacted at the reporting date. The charge for the current tax also includes adjustments relating to prior years, if necessary, arising from assessments finalised during the year.

#### **Deferred**

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities used for financial reporting purposes and amounts used for taxation purposes. In addition, the Company also records deferred tax asset on available tax losses, if any. Deferred tax is calculated using the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefits will be realised.

The Company also recognises deferred tax asset / liability on deficit / surplus on revaluation of securities / fixed assets / foreign currency translation reserves which is adjusted against the related deficit / surplus in accordance with the requirements of International Accounting Standard (IAS) 12 Income Taxes.

### 3.17 Staff retirement benefits

## (a) Defined contribution plan

The Company operates a recognised contributory Provident Fund Scheme (the Fund) for all its permanent employees who have completed the minimum qualifying period in accordance with the HR policy. The Fund is administered by a Board of Trustees. Equal monthly contributions to the Fund are made both by the Company and by the employees at the rate of 10% of basic salary.

## (b) Defined benefit plan

The Company operates an approved funded gratuity scheme covering all permanent employees who have completed the minimum qualifying period of three years of service under the scheme. The scheme is administered by a Board of Trustees and contributions therein are made in accordance with the actuarial recommendations. The valuation in this regard is carried out at each reporting date, using the Projected Unit Credit Method for the valuation of the scheme.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income when these occur with no subsequent transfer through the unconsolidated statement of profit or loss.

For the year ended June 30, 2022

### 3.18 Foreign currency transactions

Transactions in foreign currencies are translated to rupees at the foreign exchange rates prevailing on the transaction date. Monetary assets and liabilities in foreign currencies are expressed in rupee terms at the rates of exchange prevailing at the reporting date.

Non-monetary assets and liabilities in foreign currencies are expressed in rupee terms at the rates of exchange prevailing at the date of initial recognition of the non-monetary assets / liabilities.

## **Foreign operations**

The assets and liabilities of foreign operations (associate) are translated to rupees at exchange rates prevailing at the reporting date. The results of foreign operations are translated at the average rates of exchange for the year.

## **Translation gains and losses**

Translation gains and losses are taken to the unconsolidated statement of profit or loss, except those arising on translation of the net investment in foreign operations (associate) which are taken to the unconsolidated statement of profit or loss and other comprehensive income under foreign currency translation reserve until the disposal of the net investment, at which time these are recognised in the unconsolidated statement of profit or loss.

## 3.19 Revenue recognition

#### 3.19.1 Finance leases

The Company follows the 'financing method' in accounting for finance lease. The total unearned finance income i.e. the excess of aggregate instalment contract receivables plus residual value over the cost of the leased asset is deferred and amortised over the term of the lease, so as to produce a systematic return on the net investment in finance lease. Revenue recognition from finance leases is suspended when rent is past due by ninety days or more. Front end fee and other lease related income is recognised on receipt basis.

## 3.19.2 Operating lease income

Rental income from assets classified as operating lease is recognised on an accrual basis.

## 3.19.3 Ijarah lease income

Rental income from Ijarah arrangement is recognised on an accrual basis.

### 3.19.4 Return on investments

Return on debt securities and deposit accounts is recognised using the effective interest method.

Dividend income from investments is recognised when the Company's right to receive the dividend is established.

Gain / loss on sale of investments is recognised in the period in which it arises.

#### 3.19.5 Finances and loans

Income on finances and loans is recognised on a time proportionate basis using effective interest rate method taking into account the principal outstanding and applicable rates of interest / return thereon except in case of finance and loans classified under the NBFC Regulations, on which income is recognised on a receipt basis.

Income recognition on finances and loans is suspended when it is past due by ninety days or more and thirty days or more in case of micro finance portfolio.

For the year ended June 30, 2022

Interest / mark-up on rescheduled / restructured leases, finances, loans and investments is recognised in accordance with the requirements of the NBFC Regulations.

#### 3.19.6 Others

Other income is recognised on a receipt basis.

## 3.20 Earnings per share

The Company presents basic and diluted earnings per share for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders, and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares, if any.

## 3.21 Proposed dividend and transfer between reserves

Dividends declared and transfers between reserves, except appropriations which are required by law, made subsequent to the reporting date are considered as non-adjusting events and are recognised in the unconsolidated financial statements in the period in which such dividends are declared / transfers are made.

## 3.22 Cash and cash equivalents

Cash and cash equivalents for the purposes of unconsolidated statement of cash flows includes cash and bank balances and short term running finance facilities that form an integral part of the Company's cash management.

#### 3.23 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the Company's other components.

Operating segments are reported in a manner consistent with the internal reporting structure. The management monitors the operating results of its business units separately for the purpose of making decisions regarding resources allocation and performance assessment. Segment results, assets and liabilities include items directly attributable to the segment as well as those that can be allocated on a reasonable basis. Those assets and liabilities which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated assets and liabilities.

#### 3.24 Commitments

Commitments are disclosed in the financial statements at committed amounts.

			25,458,953	20,162,239

10.1.1 Loans to the Key Management Personnel include house loan, vehicle loan and personal loan.

10.2	Movement in loans to the key management	2022	2021	
	personnel and other executives	Rupees		
	Opening balance	104,682,513	72,394,822	
	Disbursements during the year	74,284,762	87,410,544	
	Repayments during the year	(38,455,858)	(55,122,853)	
	Closing balance	140,511,417	104,682,513	

- 10.3 These represent vehicle financing facilities provided to individual and corporate customers on mark-up basis. The mark-up on these finances ranges from 12.56% to 27.50% (2021: 11.80% to 26.00%) per annum. These finances are repayable within a period of 1 year to 6 years (2021: 1 year to 6 years) and are secured against charge over vehicles and personal guarantees.
- These represent long-term micro finance facilities provided to individuals and women entrepreneurs on mark-up basis. The mark-up on these loans ranges from 27.50% to 44.80% (2021: 28.00% to 38.30%) per annum. These finances are repayable within a period of 1.2 to 2 years (2021: 1.2 to 1.5 years) and are secured against personal guarantees of community organisations.
- These represent term finance facilities provided to corporate customers on mark-up basis. The mark-up on these finances ranges from 13.75% to 22.00% (2021: Nil) per annum. These finances are repayable within a period of 1 years to 5 years (2021: Nil) and are secured against property mortgage and personal guarantees.
- These represent musharikah finance facilities provided to customers. The mark-up on these finances ranges from 17.43% to 20.76% (2021: 13.35% to 19.50%) per annum. The facilities have a repayment term of 3 to 5 years (2021: 3 to 5 years) and are secured by assets subject to musharikah agreement.

For the year ended June 30, 2022

These represent loans given to staff in accordance with the terms of the Company's HR policy and include house loans which are repayable within a period of 20 years or retirement date, whichever is earlier. House loans are secured against equitable mortgage on the property by deposit of title documents of the property with the Company and carry mark-up rate ranging from 4.00% to 6.50% (2021: 4.00% to 9.50%) per annum.

Loans (other than house loans) carry mark-up rates ranging from 5.00% to 14.60% (2021: 5.00% to 14.60%) per annum. These are secured against retirement benefits and are repayable within a period of five years.

Maximum amount outstanding at the end of any month during the year against loans to the key management personnel and other executives was Rs. 147.30 million (2021: Rs. 104.60 million).

- 10.8 These represent long-term finance facilities provided to farmers on mark-up basis. The rates of return on these loans range from 17.00% to 28.00% (2021: 15.00% to 28.00%) per annum. These loans are repayable within a period of 1.5 years to 3.2 years (2021: 1.5 years to 3 years) and are secured against title documents of immovable properties.
- **10.9** As per Regulation 25(A) of the NBFC Regulations, NBFCs with micro finance portfolio are required to maintain a general provision equivalent to 0.5% of the net outstanding micro finance portfolio (net of specific provisions).

#### 11 SHORT-TERM FINANCES

Annual Report 2022

For the year ended June 30, 2022

18	ASSETS CLASSIFIED AS HELD FOR SALE	Note	2022 Rup	2021 pees
	Repossessed assets Investment in associates	18.1	250,001	250,001
	- OPP (Private) Limited	18.2	87,754,399	87,754,399
	- SAMA Finance SAE (SAMA)	18.3	172,043,037	172,043,037
	Stock Exchange room		4,700,000	4,700,000
			264,747,437	264,747,437

- **18.1** These represent repossessed assets consisting of vehicles, machinery and other equipment previously leased out to customers. The Company intends to dispose of these assets to recover the balance amount outstanding against such leases.
- **18.2** The Company holds 45% (2021: 45%) ownership interest in OPP (Private) Limited. During 2014, the Board of Directors of the Company approved divestment of the Company's entire investment in OPP.

The sales negotiations for disposal of investment in OPP were held with a minority shareholder of OPP and a Share Purchase Agreement (SPA) was signed by all the parties in July 2014. However, the minority shareholder had failed to comply with the terms of the SPA and initiated legal proceedings to restrict the Company in managing the affairs of OPP. The Company has also filed a reference in the Lahore High Court to allow the Company to buy out the minority stakeholder in OPP or to wind up OPP which is pending to date.

**18.3** The Company holds 23% (2021: 23%) ownership interest in SAMA. The Board of Directors in their meeting held in February 2019 approved divestment of the Company's investment in SAMA. In pursuance of the above, the Company intends to dispose of its investment in SAMA.

The sale negotiations for disposal of SAMA were held and a Sale Purchase Agreement (SPA) was signed on October 17, 2019 and is expected to be completed with agreed terms and conditions, subject to necessary regulatory approvals.

#### 25 DEFINED BENEFIT PLAN ASSET - STAFF GRATUITY

#### 25.1 General description

The Company operates a funded gratuity scheme which was established under the provisions of the Trust Deed dated July 1, 2004 for its permanent staff who have completed the minimum qualifying period of three years of service under the scheme. The funded scheme is administered by the Board of Trustees in accordance with the provisions of the Trust Deed. Contributions therein are made in accordance with actuarial recommendations. The most recent valuation in this regard was carried out as at June 30, 2022 using the Projected Unit Credit Method.

25.2	Principal actuarial assumptions	2022	2021
	- Discount rate	13.25%	10.00%
	- Expected rate of increase in salary for first year	10.00%	7.55%
	- Expected rate of increase in salary for second year	13.25%	10.00%
	- Expected rate of increase in salary for third year and onwards	13.25%	10.00%
	- Expected rate of return on plan assets	14.37%	9.40%
	- Average service years	12.04	12.04

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience in Pakistan. The rates assumed are based on the SLIC (2001 - 2005) -1 ultimate mortality tables rated down one year.

25.3 The amount recognised in the unconsolidated statement of financial position is as follows:

- **25.9** Actual return on plan assets during the year amounted to Rs. 36.87 million (2021: Rs. 21.36 million)
- **25.10** Based on the actuarial advice, the Company intends to charge an amount of approximately Rs. 17.1 million in respect of contribution to gratuity fund in the unconsolidated financial statements for the year ending June 30, 2023.
- **25.11** The Fund is exposed to a number of risks, the most significant of which are detailed below:

Mortality risk	This is the risk that the actual mortality experience is different from what was initially expected. The effect depends on the beneficiaries' service / age distribution and the benefit.
Investment risk	This is the risk of investments underperforming and not being sufficient to meet liabilities. However, the trustees of the fund have a practice to invest the amounts in government securities that are secured.
Final salary risk	This is the risk that the final salary at the time of cessation of service is greater than expectation. Since the benefit is calculated on the basis of final salary, the benefit amount increases proportionately. In order to minimise the risk the actuary of the Company uses past pattern which provides basis to form a reliable estimate.
Withdrawal risk	This is the risk that withdrawals may be higher or lower than actuarial assumptions. The final effect could go either way depending on the beneficiaries' service / age distribution and the benefit. The Company ensures the availability of sufficient liquid funds in the gratuity fund and makes regular contributions to minimise the risk.

Annual Report 2022

For the year ended June 30, 2022

25.12 The sensitivity of the defined benefit obligation to changes in principal actuarial assumptions is as follows:

Defined benefit obligation						
Change in assumption	Increase in assumption assumption					
%	Rupees					
1.0%	248,500,003	283,946,219				

Discount rate Salary growth rate

The above sensitivity analyses are based on a change in assumption by 1% while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the unconsolidated statement of financial position.

25.13 The distribution of timing of payment of benefits is as follows:

Year 1    Year 2    Year 3    Year 4    Year 5	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6 to Year 10
--	--------	--------	--------	--------	--------	----------------------

Defined benefit obligation

46,612,807 27,539,734 43,963,955 22,281,700 40,611,220 237,688,746

- **25.14** The weighted average duration of the defined benefit obligation is 6.66 years.
- **25.15** The information provided in notes 25.1 to 25.14 has been obtained from the details provided by the actuary of the Company.

ANNUAL REPORT 2022

For the year ended June 30, 2022

#### 31 CONTINGENCIES AND COMMITMENTS

31.1.1 The Additional Commissioner Inland Revenue (ACIR) passed an amended assessment order on July 18, 2014 under section 122(5A) of the Income Tax Ordinance 2001 (the Ordinance) for the tax year 2010 and created a demand of Rs.167 million by disallowing capital loss on sale of shares and certain other matters. The Company preferred an appeal against the amended assessment order passed by the ACIR before the Commissioner Inland Revenue (Appeals) (CIRA). The CIR-A disposed of the appeal with minor relief to the Company. The Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) on the issues decided against the Company by the CIR-A. During May 2021, the Company has filed an application for refixation of hearing of appeal against which hearing was fixed for June 10, 2021. However, the same was deferred and matter is pending for adjudication.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these unconsolidated financial statements.

31.1.2 During 2017, the Deputy Commissioner Inland Revenue (DCIR) amended the orders for the tax years 2011 and 2014 creating an aggregate demand of Rs. 126.2 million mainly on account of difference in determination of minimum tax liability under section 113 of the Ordinance. The Company's appeals against these amended orders before the CIR-A was maintained and are currently pending adjudication before the ATIR. During May 2021, the Company has filed applications for refixation of hearing of appeals against which hearing was fixed for June 10, 2021. However, the same was deferred and matter is pending for adjudication. The Company has obtained a stay order against the recovery of demand from the Sindh High Court (SHC) until adjudication of the appeal by ATIR.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these unconsolidated financial statements.

31.1.3 The assessments of Standard Chartered Leasing Limited (SCLL) - amalgamated entity - for the years 1998-99 to 2002- 03 were finalised by the tax officer whereby lease key money amounting to Rs. 239 million was added to income. In appeals with the ATIR, the addition was maintained. SCLL filed a rectification application before ATIR that certain arguments advanced at the time of hearing of appeals were not considered while framing the order. The ATIR vide appellate order dated February 27, 2008 recalled its original appellate order for all these years and referred the case to the Chairman ATIR to constitute a larger bench for rehearing / decision of the case.

No provision has been made in these unconsolidated financial statements in this respect as the management is of the view that the same will be allowed in the favour of the Company.

31.1.4 The ACIR passed an amended assessment order under section 122(5A) of the Ordinance for the tax years 2015 to 2018 where demands in aggregate of Rs. 3,229 million were raised. This was mainly the result of disallowance of tax loss on lease terminations and certain other matters. In tax years 2015 and 2016, the issue of determination of the levy of minimum tax has also been raised. Additionally on October 3, 2019, the ACIR rectified the amended assessment order (rectification order) under section 221(1) of the Ordinance for the tax year 2017 and created an additional demand of Rs.290 million after taking into account the amended amount of brought forward tax losses. The Company preferred appeals against these amended assessment orders before the CIR-A for all these years. The Company was granted stay against recovery of demands for TY 2015 and TY 2016 from the SHC. On January 8, 2020 CIR-A has disposed off certain matters whereas certain matters were remanded back with specific directions to the officer. The Company as well as the income tax department have filed appeals before the ATIR on the matters which have not been decided in their favour by the CIR-A and these are pending for adjudication.

In January 2021, the ACIR has given effect to the orders passed by CIR(A) for tax years 2017 and 2018 in which demands of Rs. 1.22 billion and Rs. 1.36 billion respectively were raised. During February 2021, the Company filed rectification applications. The ACIR has substantially rectified the orders and allowed tax losses on termination and unabsorbed depreciation resulting in a reduction in tax demand to Rs. 252 million and Rs. 479 million respectively. Accordingly, the Company filed an appeal for both the tax years before CIR(A) against the remaining pending issues in the appeal effect orders along with an application for rectification for tax year 2017. The officer passed the rectification order and further revised the demand for tax year 2017 to Rs. 227 million. Further, the Company has discharged 10% of the demand u/s 140 of the Ordinance amounting to Rs 19.02 million and Rs 14.58 million for tax year 2017 and tax year 2018 respectively. Both are pending for adjudication.

For the year ended June 30, 2022

In February 2021, the ACIR has also given effect to the first appeal order setting aside assessments for tax years 2015 and 2016 where demand of Rs. 11.06 million and Rs. 118.76 million were raised. During March 2021, the Company filed appeals against these orders before the CIR-A and the same are pending for adjudication. The Company has also discharged 10% of the demand u/s 140 of the Ordinance amounted to Rs 1.10 million and Rs 11.87 million for tax year 2015 and 2016 respectively.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these unconsolidated financial statements.

31.1.5 The Company by way of the amendment notices and the orders under section 122(5A) of the Ordinance was charged with the levy of super tax under section 4B of the Ordinance for the years 2015 to 2018. The Company's legal advisor is of the opinion that levy of super tax is unlawful and leading to double taxation. Accordingly in January 2019, the Company had filed constitutional petition before the SHC challenging the levy of super tax. On July 21, 2020, the SHC dismissed the petition stating that levy of super tax is lawful its an additional tax, and not a double tax. The Company filed a petition in the Supreme Court of Pakistan (SCP) for tax years 2015-2018 dated September 12, 2020 where stay had been granted in November 2020 subject to deposit of 50% of the impugned outstanding tax with the authorities.

This matter was also challenged in appeal before CIR-A for tax years 2015 to 2019 and after being maintained it has also been taken up before the ATIR for the years 2015 to 2018. This levy has been considered in light of the position emerging after the appellate order of the CIR-A and it is expected not to have effect in the tax years 2015 and 2016 in light of the available losses.

Further, in line with the SCP decision, the Company has paid 50% of super tax liability for tax year 2017 and tax year 2018 amounting to Rs 18.5 million and Rs 25.8 million respectively.

The Company has already made a provision in respective tax years 2016 to 2019 amounting to Rs. 145 million against the super tax.

**31.1.6** In 2020, the Company received an amended assessment order under section 122(5A) of the Ordinance for tax year 2019 wherein a demand of Rs. 1,022 million was raised. This was mainly due to the result of disallowance of tax losses on lease termination and certain other matters including super tax. The Company has filed an appeal against the order and the matters are pending for adjudication.

Based on the tax advisor's opinion, the management is confident of a favorable outcome on these matters. Accordingly, no tax provision has been made in these unconsolidated financial statements.

31.1.7 The Company received an amended assessment order dated October 04, 2021, under section 122(5A) of the Ordinance for tax year 2020 wherein a demand of Rs.137 million has been raised. This was mainly due to the result of disallowance of tax losses on lease cancellations, write-offs and certain other matters. The Company has filed an appeal against the order and the matters are pending for adjudication. The Company has paid 10% of the demand u/s 140 of the Ordinance amounting to Rs 13.76 million.

Based on the tax advisor's opinion, the management is confident of a favorable outcome on these matters. Accordingly, no tax provision has been made in these unconsolidated financial statements.

31.1.8 The Company received an amendment assessment order notice dated July 5, 2022, under section 122(5A) of the Ordinance for tax year 2021 wherein a demand of Rs.57 million has been raised. This was mainly due to the result of disallowance of tax losses on lease cancellations, write-offs and certain other matters. On August 3, 2022, the Company has filed an appeal against the order and the matters are pending for adjudication. Moreover, the Company filed an application for the rectification under section 221 of the Ordinance with the Additional Commissioner Inland Revenue. The Company has paid 10% of the demand after adjusting rectification u/s 140 of the Ordinance amounting to Rs 4.9 million.

Based on the tax advisor's opinion, the management is confident of a favorable outcome on these matters. Accordingly, no tax provision has been made in these unconsolidated financial statements.

Annual Report 2022

For the year ended June 30, 2022

31.1.9 The Company received an order on monitoring of withholding taxes of Standard Chartered Leasing Limited (SCLL) under section 161(1) of the Ordinance for tax year 2016 wherein a demand of Rs. 50 million along with Rs. 36 million default surcharge has been levied. This was in continuation with the notice dated October 11, 2017 which was then duly responded by the Company. However, due to change in jurisdiction of the case, the notice was raised again on June 22, 2022. The Company responded the notice along with previous submitted reply and evidences dated June 29, 2022.

The Company has filed an appeal dated July 21, 2022 against the order and the matter is pending for adjudication.

Based on the tax advisor's opinion, the management is confident of a favorable outcome on these matters. Accordingly, no tax provision has been made in these unconsolidated financial statements.

**31.1.10** The DCIR issued show cause notices to the Company challenging the estimates of advance tax under section 147 of the Ordinance filed by the Company for the quarter ended March 31, 2019 and September 30, 2019 and additionally demanded Rs. 259.4 million and Rs. 117.2 million respectively for these year. The Company's tax advisors are of the opinion that the estimates filed by the Company is in accordance with the law and accordingly the Company filed a constitutional petition before the Sindh High Court (SHC) against the recovery of impugned advance tax demand. The SHC has passed a stay order restricting the FBR from taking any coercive measures against the Company.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these unconsolidated financial statements.

**31.1.11** In 2019, the Company received show cause notices from the Sindh Revenue Board (SRB) demanding Sindh Provincial Sales Tax (SPST) amounting to Rs. 519 million against income from operating lease rental of generators for the years ended June 30, 2012, 2013, 2014, 2015, 2016 and 2017 along with the applicable penalty and default surcharge.

In April, 2016, the Company had filed suits against the show cause notices relating to the years 2012 to 2015 before Sindh High Court (SHC) challenging the levy of SPST on renting of generators and obtained a stay order restricting SRB from taking any coercive measures against the Company. In 2019, these suits were withdrawn due to the decision by Supreme Court of Pakistan that in order for a suit to continue, a minimum of 50% of the tax calculated by the tax authorities must be deposited in the respective treasury. Consequent to withdrawal of the suits, SRB issued fresh show cause notices for each of the tax years 2012 to 2017. For financial year 2012 and 2016, the Assistant Commissioner SRB also passed an order against the Company and created a demand of Rs. 43.6 million and Rs. 77.3 million respectively and issued recovery notices. The Company has filed an appeal against the recovery orders before the Commissioner Appeals SRB and also obtained interim relief from SHC by filing separate petitions for each of the years from 2012 to 2017, challenging the levy of SPST on renting of generators and obtained stay order restricting SRB from taking coercive measures against the Company.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these unconsolidated financial statements.

**31.1.12** During 2017, the Company received show cause notice from SRB for short payment of SPST of Rs. 5.4 million against supplies made to a local vendor in September 2015. Additional Commissioner SRB Karachi confirmed the said liability through order No. 125 of 2017 dated May 15, 2017 which was also challenged by the Company by filing an appeal before Commissioner appeals SRB Karachi.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly no tax provision has been made in these unconsolidated financial statements.

31.1.13 In continuation to the notice received from SRB in 2018, the Company received an order dated November 03, 2021 u/s 40(1)(b) of the Stamp Act, 1899 amounting to Rs. 19.5 million, which also includes the late payment charges of Rs. 6.5 million. On December 10, 2021, the Sindh High Court disposed-off the petition filed by the Company on applicability of stamp duty on purchase orders and issued its decision on January 22, 2022, dismissing Company's plea against applicability of stamp duty. The Company had also filed a petition on December 10, 2021 before SHC to prevent the SRB from taking any coercive action against the Company subsequent to the issuance of the recovery order, as the matter was pending in SHC. The Court directed the SRB to provide the Company an opportunity of being heard and to decide the matter within 3 months, and till such period no coercive action can be taken against the Company.

For the year ended June 30, 2022

The Company filed an appeal with member SRB against the recovery order. However, member SRB has passed an order of Rs. 19.5 million, including amount of additional charges. The Company has filed petition to Sindh High Court against the order. On April 06, 2022, directions were issued with regard to payment of the stamp duty of Rs 12.5 million whereas hearing was adjourned on the additional charges of Rs 6.5 million. Accordingly, the Company has paid the stamp duty amount of Rs. 12.5 million on April 16, 2022. Based on legal opinion, the management is confident of a favorable outcome on waiver of additional charges of Rs 6.5 million.

Accordingly, no provision against additional charges levied has been made in these unconsolidated financial statements.

- 31.2 Leases committed but not executed at the reporting date is Rs. 22.5 million (2021: Nil).
- 31.3 Commitments relating to capital expenditure at the reporting date amounted to Rs. 0.63 million (2021: Rs. 0.25

For the year ended June 30, 2022

#### 41.3 Current status of pending tax assessments

#### Tax Year 1999 to 2000

In the assessment year 1999-2000 the Officer Inland Revenue (OIR) had revised the income tax assessment order of the Company under Section 221 of the Ordinance. The Company had preferred an appeal against the order of the OIR before the Commissioner Inland Revenue [CIR(A)] who confirmed the treatment of the OIR. The Company then filed an appeal before the Appellate Tribunal Inland Revenue (ATIR). The ATIR while deciding the appeal filed by the Company, has remanded back the appellate order dated December 12, 2005 to the CIR(A) to pass speaking order after considering all the relevant facts of the case. The case is still pending adjudication, however, as a matter of prudence, the Company has made adequate provision in respect of the disallowances.

#### Tax Year 2010 to 2020

Under Section 114 of the Income Tax Ordinance 2001, the Company has filed the returns of income for tax years 2010 to 2020. The said returns were taken to be assessment orders passed by the Commissioner Inland Revenue on the day the said returns were filed other than tax year 2010, 2011, 2014, 2017, 2018, 2019, 2020 and 2021.

#### Tax Year 2010, 2011, 2014, 2017, 2018, 2019, 2020 and 2021

Details of the assessment made by the Additional Commissioner Inland Revenue are provided in notes 31.1.1, 31.1.2, 31.1.3, 31.1.4, 31.1.5, 31.1.6 and 31.1.7.

#### 44 SEGMENT INFORMATION

The Company has four primary reporting segments namely, 'Finance lease', 'Finances & Loans', 'Islamic Finance' and 'Operating lease', based on the nature of business and the related risks and returns associated with these segments. The finance lease operations are primarily for long-term leases of movable assets to corporate entities and individuals. Finances and loans are primarily extended to corporate entities and individuals for purchase of saloon vehicles. This segment also includes micro finance which primarily represents group / community based lending to the under-privileged community. Under the operating lease segment, the Company provides equipment on short-term rentals to corporate entities. Islamic Finance includes ljarah and Diminishing musharikah to corporate entities and individuals. Other operations, which do not fall into the above segment categories and are not deemed by the management to be sufficiently significant to disclose as separate items, are reported under 'Investment in subsidiaries, associates, and others'.

For the year ended June 30, 2022

#### 49 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks which mainly include market risk, credit risk and liquidity risk. The Board of Directors of the Company has the overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

#### 49.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices. Market risk comprises three types of risks: currency risk, yield / interest rate risk and other price risk.

#### 49.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to currency risk in US dollar, Saudi Riyal, UAE Dirhams and Egyptian Pound on account of its foreign currency bank account, held for sale investments and investment in associates. The Company's exposure to foreign currency transactions is as follows:

	2022 Rup	2021 Dees
Foreign currency bank account	5,805,140	4,447,984
Investment in associate	1,207,909,411	915,924,945
Assets classified as held for sale	172,043,037	172,043,037

As at June 30, 2022, if the Pakistani Rupee had strengthened / weakened by 10% against these currencies with all other variables held constant, the impact on the total comprehensive income would have been lower / higher by an amount of Rs. 138.535 million (2021: Rs. 109.241 million).

#### 49.1.2 Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Company has adopted appropriate policies to minimise its exposure to this risk. The interest rate profile of the Company's significant interest bearing financial instruments and the periods in which these will mature are as follows:

0004

2022

For the year ended June 30, 2022

		Exposed to yield / interest rate risk

For the year ended June 30, 2022

#### a) Sensitivity analysis for variable rate financial instruments

The Company has extended KIBOR based long-term leases and finances to various counter parties that expose the Company to cash flow interest rate risk. In case of increase / decrease in KIBOR by 100 basis points on the last repricing date with all other variables held constant, the profit before tax would have been higher / lower by Rs. 242.3 million (2021: Rs. 159.9 million).

Furthermore, the Company also has KIBOR based financial liabilities in Pakistani Rupees representing short-term running finance arrangements, short-term and long-term finances obtained from various financial institutions and certificates of deposit which expose the Company to cash flow interest rate risk. In case of increase / decrease in KIBOR by 100 basis points on the last repricing date with all other variables held constant, the profit before tax would have been lower / higher by Rs.135.01 million (2021: Rs. 92.0 million).

The Company holds unutilised credit lines with banks amounting in aggregate to Rs. 3,260.5 million as at June 30, 2022 (2021: Rs. 2,397 million) as mentioned in the note 21.1 and 28.1.

#### b) Sensitivity analysis for fixed rate financial instruments

As at June 30, 2022, the Company holds Market Treasury Bills which are classified as 'financial assets at fair value through profit or loss', exposing the Company to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by the Financial Markets Association of Pakistan for Market Treasury Bills with all other variables held constant, the net profit for the year and net assets of the Company would have been higher / lower by Rs. 5.5 million (2021: Rs. 4.6 million).

#### 49.1.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. As at June 30, 2022 and June 30, 2021, the Company did not hold any listed instruments which exposed it to price risk.

#### 49.2 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The risk is generally limited to principal amounts and accrued profit thereon, if any. The Company has established procedures to manage credit exposure including credit approval limit, credit exposure limits, collateral and guarantee requirements. These procedures incorporate both internal guidelines as well as the requirements of the NBFC Rules and the NBFC Regulations. The Company also manages credit risk through an independent credit department which evaluates customers' credit worthiness and obtains adequate securities where applicable.

All investing transactions are settled / paid for upon delivery. The Company's policy is to enter into financial instrument contracts by following internal guidelines for approval.

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The concentration of credit risk indicates the relative sensitivity of the Company's performance to developments affecting a particular industry or geographic location. Significant concentration of the Company's risk assets by class of business, industry sector and geographical region is set out in note 44.

For the year ended June 30, 2022

The maximum exposure to credit risk at the reporting date is as follows:

	Carryii	ng value	Maximum	exposure
	2022	2021	2022	2021
	Ru <sub>l</sub>	pees	Rup	ees
Net investment in finance lease	12,684,317,687	13,208,787,033	12,684,317,687	13,208,787,033
Long-term investments	588,235,272	451,973,817	-	-
Finances and loans	11,555,673,241	7,526,048,088	11,555,673,241	7,526,048,088
Long-term deposits	11,530,566	11,421,566	11,530,566	11,421,566
Accrued return on investments and				
finance and loans	229,747,582	127,411,324	229,747,582	127,411,324
Short-term investments	577,218,551	327,973,992	-	-
Other receivables	71,583,510	19,720,651	71,583,510	19,720,651
Cash and bank balances	870,337,328	213,293,662	868,666,165	211,530,273
	26,588,643,737	21,886,630,133	25,421,518,751	21,104,918,935

Difference in the balance as per the carrying value and maximum exposure is due to the fact that investments in Government securities, equity securities and cash in hand are not exposed to credit risk.

The Company controls the credit quality of receivables through diversification of activities to avoid undue concentration of risks with individuals, groups or specific industry segments. For such purpose, the Company has established exposure limits for single lessees and industrial sectors. The Company has an effective rental monitoring system which allows it to evaluate customers' credit worthiness and identify potential problem accounts. An allowance for potential lease, instalment and other loan losses is maintained at a level which, in the judgment of management, is adequate to provide for potential losses on lease and other loan portfolios that can be reasonably anticipated. The credit quality of receivables can be assessed with reference to their historical performance with no or some defaults in recent history.

The carrying value of non-performing receivables is as follows:

	2022						
	Finance lease (net of security deposit)	Finances & loans	Investments & other receivables	Total

The credit quality of the Company's bank balances and investment portfolio are assessed with reference to external credit ratings which in all cases are above investment grade rating.

The analysis below summarises the credit rating quality of the Company's bank balances as at June 30, 2022:

	2022	2021	
Bank balances	Rupees		
AAA	173,794,634	164,789,648	
AA+	15,473,589	39,562,653

AA-	5,799,576	2,469,883	
A+	72,285	3,997,390	
A	315,473	71,104	
State Bank of Pakistan	964,879	639,595	
	868,666,165	211,530,273	

The Company does not hold any other financial assets which are rated.

49.2.1 The Company applies the IFRS 9 simplified approach to measure expected credit losses for net investment in finance lease, micro finance, Ijarah and musharikah finance. To measure the expected credit losses, such financial assets have been grouped based on days past due. On that basis, the loss allowance as at June 30, 2022 and June 30, 2021 was determined as follows:

For the year ended June 30, 2022

For loans and other financial assets, a life time ECL is recorded in which there has been Significant Increase in Credit Risk (SICR) from the date of initial recognition and for financial assets which are credit impaired as on reporting date. A 12 months ECL is recorded for all other financial assets which do not meet the criteria for SICR or "credit impaired" as at reporting date. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The Company also considers reasonable and supportive forwarding-looking information in determination of ECL.

For the year ended June 30, 2022

#### 49.3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company will be required to pay its liabilities earlier than expected or will face difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below summarises the Company's financial liabilities into relevant maturity groupings based on the remaining period at the unconsolidated statement of financial position date to contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

#### 50 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of investments classified as "at fair value through profit or loss" and "at fair value through other comprehensive income" are based on active market. The investment in associates are accounted for using the equity method while the subsidiaries have been kept at cost.

Fair value of net investments in finance lease, long term loans and finances, long term deposits and other assets, other liabilities, certificates of deposit and other accounts are approximate to their carrying value. The provision for impairment of finance lease and long term loans and finances has been calculated in accordance with the Company's accounting policy.

In the opinion of management, fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these assets and liabilities are short term in nature or are periodically repriced.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Company to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

value fileratoriy into willon the fall value moacan	orriorit io oatog	0110001		
		2	2022	
	Level 1	Level 2	Level 3	Total
Financial assets		Ru	pees

Total	-	577,218,551	916,321,693	1,493,540,244

For the year ended June 30, 2022

			2021	
	Level 1	Level 2	Level 3	Total
Financial assets		Ru	pees	
Financial assets at fair value through other comprehensive income				
Ordinary shares - unlisted	-	26,863,547	-	26,863,547
Financial assets at fair value through profit or loss				
Market Treasury bills	-	301,110,445	-	301,110,445
Non-financial assets				
Fixed assets (Leasehold land & building)*	-	-	940,875,025	940,875,025
Total		327,973,992	940,875,025	1,268,849,017

Item	Valuation approach and input used
Treasury bills	The fair value of Treasury bills is derived using PKRV rates. PKRV rate is average of the yield-to-maturity on government securities traded in the secondary market and determined at the end of day. The yield-to-maturity on government securities is quoted by the six (06) brokerage houses keeping in view the yield-to-maturity on government securities traded in the secondary market.
Fixed assets (leasehold land and office building)	The revaluation by the valuer is carried out on the basis of professional assessment of present market values.
Short-term investments	The fair value of unlisted ordinary shares is determined using the Market Value approach.

<sup>\*</sup>Leasehold land and building are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values as disclosed in notes 4 to these unconsolidated financial statements. The valuation experts used a market based approach to arrive at the fair value of the Company's properties. The approach uses prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a quantitative disclosure of sensitivity has not been presented in these unconsolidated financial statements.

#### 51 CAPITAL RISK MANAGEMENT

The objective of the Company when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its business.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to its shareholders or issue new shares.

As required under the NBFC Regulations, every Investment finance company involved in deposit taking shall maintain a capital adequacy ratio of 8% for the first two years after the amendment coming into force and thereafter at the rate of 10%. The Company has maintained and complied with the minimum equity requirement during the current year.

For the year ended June 30, 2022

52	EARNINGS PER SHARE - basic and diluted	2022	2021
	Profit for the year after taxation (Rupees)	882,210,386	914,810,534
	Weighted average number of ordinary shares	175,407,647	175,407,647
	Earnings per share - basic and diluted (Rupees)	5.03	5.22

52.1 Diluted earnings per share has not been presented separately as the Company does not have any convertible instruments in issue at June 30, 2022 and June 30, 2021 which would have any effect on the earnings per share if the option to convert is exercised.

#### 53 NON-ADJUSTING EVENTS AFTER THE REPORTING PERIOD

The Board of Directors in its meeting held on September 16, 2022 proposed a final cash dividend of Rs. 2 per share (2021: Rs. 2 per share) for the year ended June 30, 2022, amounting to Rs. 350,815,294 (2021: Rs. 350,815,294). This appropriation will be approved by the members of the Company at the Annual General Meeting to be held on October 27, 2022. The unconsolidated financial statements for the year ended June 30, 2022 do not include the effect of the above appropriations which will be accounted for in the unconsolidated financial statements of the Company for the year ending June 30, 2023.

#### 54 CORRESPONDING FIGURES

Corresponding figures have been rearranged and reclassified, wherever necessary, for the purposes of comparison and better presentation. No significant rearrangements or reclassifications have been made in these unconsolidated financial statements during the current year.

#### 55 DATE OF AUTHORISATION FOR ISSUE

These unconsolidated financial statements were authorised for issue on September 16, 2022 by the Board of Directors of the Company.

#### 56 GENERAL

Figures reported in these unconsolidated financial statements have been rounded off to the nearest Rupee unless otherwise stated.

# **Director's Report on Consolidated Financial Statements**

The directors of OLP Financial Services Pakistan Limited (OLP) are pleased to present their report together with the audited consolidated financial statements for the Group for the year ended 30 June 2022. The Group comprises of:

- OLP Financial Services Pakistan Limited (OLP) The Holding Company
- OLP Modaraba (OM) Subsidiary Company
- OLP Services Pakistan (private) Limited Subsidiary Company

The Director's report giving commentary on the performance of OLP for the year ended 30 June 2022 has been presented separately on page 18, which contains the business review, operational performance of OLP, future prospects and other requisite information on OLP. The contents of the said report shall be read along with this report and shall form an integral part of the Director's Report in terms of section 227 of the Companies Act, 2017 and the requirements of the Listed Companies (Code of Corporate Governance) Regulations, 2019 issued by the Securities and Exchange Commission of Pakistan.

#### **Group Results**

The consolidation financial results of the Group are summarized below:

Description	2022	2021
	Ru	pees
Profit before tax	1,469,848,815	1,402,397,165
Taxation	535,855,603	369,168,975
Profit for the year after taxation	933,993.212	1,033,228,190
Profit attributable to Equity shareholders of the		
Holding Company	854,585,497	921,041,652
Profit attributable to Non-controlling interest	79,407,715	112,186,538
Earnings per share – basic and diluted	4.87	5.25
Appropriation: Transferred to statutory reserve	44,110,519	182,962,107

#### Pattern of shareholding

The pattern of shareholding and related information as at June 30, 2022 is presented at page 209.

#### **Financial and Operational Preformation**

Consolidated profit after tax of the Group for the year ended June 30, 2022 was Rs. 934 million (2021: Rs. 1,033.2 million) with the EPS of Rs. 4.87 (2021: Rs. 5.25). Profit from OM amounted to Rs. 111.5 million (2021: Rs. 152.5 million) and loss from OSP amounted to Rs. 27.9 million (2021: Rs. 4.3 million). Minority interest accounts for 80% of OM's equity. As such, Rs. 89.2 million (2021: Rs. 122 million) out of OM's profit is attributable to non-controlling interest.

#### INDEPENDENT AUDITOR'S REPORT

#### To the members of OLP Financial Services Pakistan Limited

#### Opinion

We have audited the annexed consolidated financial statements of OLP Financial Services Pakistan Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at June 30, 2022, and the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

S.No.	Key audit matter	How the matter was addressed in our audit
1	Provision for potential lease and loan losses (Refer notes 3.7, 6, 9, 10, 12 and 39 of the annexed consolidated financial statements)	
	In respect of provision for potential lease and loan losses:  • The Group records provision for potential lease and loan losses related to the Holding Company under the requirement of IFRS 9 and the Non-Banking Finance Companies Regulations (NBFC Regulations), whichever is higher; and	Our audit procedures to assess adequacy and determination of provision for potential lease and loan losses included, amongst others, the following  Obtained an understanding of the design and tested the operating effectiveness of the relevan controls established by the Group to identify los events and for determining the extent oprovisioning required against lease and loan balances;

A. F. FERGUSON & CO., Chartered Accountants, a member firm of the PwC network State Life Building No. 1-C, I.I. Chundrigar Road, P.O. Box 4716, Karachi-74000, Pakistan Tel: +92 (21) 32426682-6/32426711-5; Fax: +92 (21) 32415007/32427938/32424740; <www.pwc.com/pk>

# A·F·FERGUSON&CO.

S.No.	Key audit matter	How the matter was addressed in our audit
	The Group records provision for potential lease and loan losses related to the Modaraba under the requirement of IFRS 9 and the Modaraba Regulations, 2021 (Modaraba Regulations), whichever is higher.  Under IFRS 9, simplified approach and general approach are used for lease and loan losses respectively to determine Expected Credit Losses (ECL). A lifetime ECL is recorded on loans in which there have been Significant Increase in Credit Risk (SICR) from the date of initial recognition and on loans which are credit impaired as on the reporting date. A 12 months ECL is recorded for loans which do not meet the criteria for SICR or "credit impaired" as at the reporting date. To assess whether there is a significant increase in the credit risk, the Group compares the risk of a default occurring on the loans as at the reporting date with the risk of default as at the date of initial recognition. The Group also considers reasonable and supportive forward-looking information in the determination of ECL. The allowance is increased by provisions charged to the consolidated statement of profit or loss and is decreased by charge-offs, net of recoveries.  Determination of provision including calculating ECL for lease and loans is subject to numerous judgments and estimates. In evaluating the adequacy of ECL, the management considers various factors, including the nature and characteristics of the obligor, current economic conditions, credit concentrations or deterioration in collateral, historical loss experience and delinquencies. The management has further considered the impact of forward-looking information and its resulting impact on the provision for lease and loan portfolio of the Group.  The Group has determined a provision on lease and loan portfolio of the Group.  The Group has determined a provision on lease and loan portfolio of the Group.  The Group has determined a provision on lease and loans balances and has recognised a gross charge of Rs. 231-980 million and a gross reversal of Rs. 297.049 million for potenti	management with respect to accounting policies estimates and judgments in relation to computation of provision for potential lease and loan losses and assessed the appropriateness based on our understanding of the Group's business and operations;  Assessed the reasonableness and accuracy of the data used for provision computation based on the accounting records and information system of the Group as well as the related externat sources used for this purpose;  Checked, on a test basis, the accuracy of specific provision made against non-performing lease and loans balances and of general provision made against performing lease and loans balances as per the requirements of NBFC Regulations / Modaraba Regulations by recomputing the provision amount in accordance with the criteria prescribed under the NBFC Regulations / Modaraba Regulations.  Assessed the ECL model used by the management to calculate provision against lease and loans balances of the Group for appropriateness of the assumptions used and the methodology applied. We also tested the mathematical accuracy of the model;  Assessed the reasonableness of the forward-looking factors used by the management in preparing ECL model; and  Assessed the relevant disclosures made in the consolidated financial statements to determine whether they are complied with the accounting and reporting standards as applicable in Pakistan.

## Information Other than the Consolidated and Unconsolidated Financial Statements and Auditor's Reports Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

A. F. Ferguson & Co.

#### 1 LEGAL STATUS AND OPERATIONS

The "Group" consists of:

- (i) OLP Financial Services Pakistan Limited the Holding Company;
- (ii) OLP Services Pakistan (Private) Limited subsidiary company
- (iii) OLP Modaraba subsidiary company.

### 1.1 Holding company

OLP Financial Services Pakistan Limited ("the Holding Company / the Company") was incorporated in Pakistan as a private limited company on July 01, 1986 under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017) and was converted into a public limited company on December 23, 1987. The Holding Company is listed on the Pakistan Stock Exchange Limited and is licensed to carry out Investment Finance Services as a Non-Banking Finance Company (NBFC) under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 issued by the Securities and Exchange Commission of Pakistan (SECP).

The registered office of the Company is situated at OLP Building, Plot No. 16, Sector No. 24, Korangi Industrial Area, Karachi.

The Pakistan Credit Rating Agency Limited (PACRA) has assigned a long-term rating of AA+ (2021: AA+) and a short-term rating of A1+ (2021: A1+) to the Company on March 03, 2022 (2021: March 03, 2021).

#### 1.2 Subsidiary companies

### 1.2.1 OLP Services Pakistan (Private) Limited - 100% effective holding

OLP Services Pakistan (Private) Limited ("the Management Company") was incorporated as a private limited company on February 25, 1957 under the then applicable Companies Act, 1913 (now the Companies Act, 2017). Subsequently, it was registered as a Modaraba Management Company with the Registrar of Modaraba Companies and Modarabas under the Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980.

The principal activity of the Management Company is to engage in the business of floatation of Modarabas and to function as a Modaraba Management Company within the meaning of the Modaraba Companies and Modarabas (Floatation and Control) Ordinance, 1980. Presently, the Management Company manages only OLP Modaraba. The registered office of the Management Company is situated at 6th Floor, Syedna Tahir Saif-ud-din Trust Building, Beaumont Road, Civil Lines, Karachi, Pakistan.

On June 20, 2016, the Holding Company acquired 100% shareholding (4,450,000 shares) of the Management Company. The Holding Company continues to hold 100% shares in the Management Company till date.

### 1.2.2 OLP Modaraba - 20% effective holding

OLP Modaraba ("the Modaraba") was formed in the name of Standard Chartered Modaraba under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and the Rules framed thereunder. The Modaraba is managed by OLP Services Pakistan (Private) Limited ("the Management Company") which is a wholly owned subsidiary of OLP Financial Services Pakistan Limited (the Holding Company).

The Modaraba is operated through a head office in Karachi and two branches each which are located in Lahore and Islamabad. The head office is placed separately within the premises of the Management Company. In Lahore, the branch office is situated at 602-B, 6th Floor, City Towers, Gulberg-II whereas in Islamabad, the branch address is Ground Floor, Phase 1, State Life Building No. 5, Nazimuddin Road, Blue Area.

Annual Report 2022

For the year ended June 30, 2022

The Modaraba is a perpetual Modaraba and is primarily engaged in financing of plant and machinery, motor vehicles (both commercial and private), computer equipment and housing under the modes of ljarah (Islamic leasing) and Diminishing Musharika. The Modaraba may also invest in commercial and industrial ventures suitable for the Modaraba. The Modaraba is listed on the Pakistan Stock Exchange Limited. The Pakistan Credit Rating Agency Limited (PACRA) has maintained long term rating of AA (2021: AA) and short term rating of A1+ (2021: A1+) to the Modaraba on March 03, 2022 (2021: March 04, 2021).

On June 21, 2016, the Holding Company acquired 10% certificate holding (4,538,353 certificates) in the Modaraba. Since the Holding Company had acquired 100% shareholding in the Management Company as mentioned in note 1.2.1 above, the Modaraba became a subsidiary of the Holding Company in view of the control which the Holding Company exercised through its fully owned Management Company and an effective holding of 20% in the certificates of Modaraba by the Holding Company collectively with the Management Company. Subsequent to the acquisition, the Modaraba has been renamed as OLP Modaraba.

#### 2 BASIS OF PREPARATION

### 2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017; and
- Provisions of and directives issued under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations).

Where provisions of and directives issued under the Companies Act, 2017, the IFAS, the NBFC Rules or the NBFC Regulations differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, the IFAS, the NBFC Rules or the NBFC Regulations have been followed.

- 2.2 Islamic Financial Accounting Standard (IFAS) 2 'Ijarah' issued by the Institute of Chartered Accountants of Pakistan was adopted by the SECP vide SRO 431(1)/ 2007 dated May 22, 2007. Under IFAS 2, the Ijarah transactions are accounted for in the following manner:
  - Mustajir (lessors) presents the assets subject to ljarah in their statement of financial position according to the nature of the asset. The Mustajir is required to distinguish these ljarah assets from the assets in own use.
  - Costs, including depreciation on the assets given on Ijarah, incurred in earning the Ijarah income are recognised as expenses.
  - Ijarah income is recognised in income on an accrual basis as and when the rental becomes due, unless another systematic basis is more representative of the time pattern in which the benefit of the use derived from the leased asset is diminished.

For the year ended June 30, 2022

#### 2.3 Basis of measurement

These consolidated financial statements have been prepared under the historical cost convention except for the following:

- Leasehold land and building are stated at revalued amounts;
- Certain investments are stated at fair value;
- Non-current assets classified as held-for-sale are valued at lower of carrying amount and fair value less cost to sell;
- Obligation in respect of staff gratuity is measured at present value of the defined benefit obligation; and
- Investment in associate is valued under equity accounting method.

#### 2.4 Functional and presentation currency

Items included in these consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates. These consolidated financial statements are presented in Pakistani Rupee which is the Group's functional and presentation currency.

### 2.5 Critical accounting estimates and judgments

The preparation of consolidated financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on the management's experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both the current and future periods. The areas where various assumptions and estimates are significant to the Group's financial statements or where judgments were exercised in the application of accounting policies are as follows:

- (a) determination of the residual values and useful lives of fixed assets (notes 3.4 and 4);
- (b) determination of amortisation rates for intangible assets (notes 3.3, 3.5 and 5);
- (c) determination of allowance for potential lease and other loan losses (notes 3.7 and 39);
- (d) determination of allowance for other provisions (note 40):
- (e) determination of classification, valuation and impairment of financial assets (notes 3.11, 8, 13 and 40);
- (f) recognition for taxation and deferred tax (notes 3.18, 23 and 42);
- (g) accounting for defined benefit obligation (notes 3.19 and 25);
- (h) provision against workers' welfare fund (notes 3.16 and 40); and
- (i) impairment of non-financial assets (notes 3.10).

### 2.6 Standards, interpretations and amendments to published accounting and reporting standards that are effective and relevant in the current year

- 2.6.1 There are certain amendments to the standards and new interpretations that are mandatory for accounting periods beginning on or after July 1, 2021 but are considered not to be relevant or do not have any significant effect on the Group's operations and are, therefore, not detailed in these consolidated financial statements.
- 2.7 Interpretations and amendments to published accounting and reporting standards that are not yet effective:
- **2.7.1** The following amendments and interpretations with respect to published accounting and reporting standards would be effective from the date mentioned below against the respective amendments or interpretations:

For the year ended June 30, 2022

### Effective date (accounting period beginning on or after)

### Interpretations or amendments

- IAS 1 'Presentation of financial statements' (amendments)
- IAS 8 'Accounting policies, change in accounting estimates and errors' (amendments)

January 1, 2023

January 1, 2023

The amendments highlighted above may impact the consolidated financial statements of the Group on application. The management is currently in the process of assessing the impact of these amendments on the consolidated financial statements of the Group.

2.7.2 There are certain other new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after July 1, 2022 but are considered not to be relevant or will not have any significant effect on the Group's operations and are, therefore, not detailed in these consolidated financial statements.

#### 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting polices applied in the preparation of these consolidated financial statements are set out below. These polices have been consistently applied to all the years presented unless otherwise stated.

#### 3.1 Basis of consolidation

The consolidated financial statements include the financial statements of the Holding Company and its subsidiary companies.

Subsidiary companies are fully consolidated from the date on which the power to control the company is established and are excluded from consolidation from the date of disposal or when the control is lost.

The financial statements of subsidiaries are prepared for the same reporting period as the Holding Company, using accounting policies that are consistent with those of the Holding Company.

The assets and liabilities of the subsidiaries have been consolidated with those of the Holding Company on a line by line basis and the carrying values of the Holding Company's investment in the subsidiaries are eliminated against the subsidiaries' share capital and pre-acquisition reserves in these consolidated financial statements.

Non-controlling interests represent that part of the net results of operations and of the net assets of the subsidiaries that are not owned by the Group.

All material intra-group balances and transactions have been eliminated.

Acquisitions of non-controlling interest (NCI) are measured at the proportionate share of the NCI in the fair value of the net assets acquired by the Holding Company. The excess of the fair value of consideration transferred over the proportionate share of the NCI in the fair value of net assets acquired is recognised in equity.

#### 3.2 Business combination

Business combinations are accounted for by applying the acquisition method. The cost of acquisition is measured as the fair value of assets given, equity instruments issued and the liabilities incurred or assumed at the date of acquisition. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement, if any. Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the consideration transferred over the fair value of the Holding Company's share of identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets acquired in the case of a bargain purchase, the difference is recognised directly in the consolidated statement of profit or loss.

For the year ended June 30, 2022

#### 3.3 Goodwill

Goodwill acquired in a business combination is measured, subsequent to initial recognition, at its cost less accumulated impairment losses, if any. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the Cash Generating Units (CGUs), or groups of CGU, that is expected to benefit from the synergies of the combination. Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense in the consolidated statement of profit or loss and is not subsequently reversed.

#### 3.4 Fixed assets

#### 3.4.1 Own use, operating lease and capital work in progress

Fixed assets (except leasehold land and office building) are stated at cost less accumulated depreciation and impairment losses, if any. Leasehold land and office building are carried at revalued amounts less accumulated depreciation and subsequent impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Cost incurred to replace a component of an item of fixed asset is capitalised and the asset so replaced is retired from use. All repairs and maintenance expenditure are charged to the consolidated statement of profit or loss during the period in which these are incurred.

Depreciation is charged using the straight line method over the estimated useful lives of assets, at the rates specified in notes 4.1 and 4.2 to these consolidated financial statements after taking into account residual values if significant. Cranes under operating lease are depreciated at the rates specified in note 4.2 by considering residual values. The carrying value of leasehold land is amortised over its lease term. Depreciation on additions is charged from the month in which the assets are available for use. No depreciation is charged in the month of disposal.

Accounting treatment and presentation of revaluation of fixed assets is in conformity with IAS 16 'Property, Plant and Equipment'. Revaluation surplus on fixed assets is presented in the consolidated statement of financial position and consolidated statement of changes in equity as a capital reserve.

An increase arising on revaluation is credited to the surplus on revaluation of leasehold land and office building. A decrease arising on revaluation of leasehold land and office building is adjusted against the surplus of that asset or, if no surplus exists, is charged to the consolidated statement of profit or loss as an impairment of the asset. A surplus arising subsequently on an impaired asset is reversed through the consolidated statement of profit or loss up to the extent of the original impairment. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to the consolidated statement of profit or loss and depreciation based on the asset's original cost, net of deferred taxation, is reclassified from revaluation surplus on leasehold land and office building to unappropriated profit.

An asset's carrying amount is written down immediately to its recoverable amount if the carrying amount is greater than its estimated recoverable amount.

Gains / losses on disposal of fixed assets, if any, are taken to the consolidated statement of profit or loss in the period in which they arise except that the related surplus on revaluation of fixed assets (net of deferred taxation) is transferred directly to unappropriated profit.

Assets having an indefinite useful life are stated at acquisition cost less accumulated impairment losses, if any.

The residual values, useful lives and methods of depreciation of assets are reviewed and adjusted, if appropriate, at each reporting date.

Annual Report 2022

For the year ended June 30, 2022

Capital work-in-progress is stated at cost less impairment loss, if any and consists of expenditure incurred (including any borrowing cost, if applicable) and advances made in the course of their construction and installation. Transfers are made to relevant asset category as and when assets are available for intended use.

#### 3.4.2 Ijarah assets

Rental from Ijarah arrangements are recognised in the consolidated statement of profit or loss on an accrual basis as and when rentals become due. Costs (including depreciation), incurred in earning the Ijarah income are recognised as an expense. Initial direct costs incurred specifically to earn revenues from Ijarah are recognised as an expense in the period in which they are incurred. The ijarah assets are depreciated over the period of ijarah finance on a straight line basis at the rates specified in note 4.3.

### 3.4.3 Lease liability and right-of-use asset

The Group lease premises of certain branches. Rental contracts are typically for a period of 3 years and may have extension options as described below. At inception of a contract, the Group assesses whether a rental contract conveys the right to control the use of the rented premises for a period of time in exchange for consideration. Lease term is negotiated on an individual basis.

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

The lease liability is initially measured as the present value of the lease payments over the period of lease term and that are not paid at the commencement date, discounted using the Group's incremental borrowing rate.

Lease payments include fixed payments less any lease incentive receivable, variable lease payment that are based on an index or a rate which are initially measured using the index or rate as at the commencement date, amounts expected to be payable by the Group under residual value guarantees, the exercise price of a purchase option if the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease if the lease term reflects the lessee exercising that option. The extension and termination options are incorporated in determination of lease term only when the Group is reasonably certain to exercise these options.

The lease liability is subsequently measured at amortised cost using the effective interest rate method. The lease liability is also remeasured to reflect any reassessment or lease modification, or to reflect revised in-substance fixed lease payment.

The lease liability is remeasured when the Group reassesses with reasonable certainty of exercising the extension or termination option upon occurrence of either a significant event or a significant change in circumstances, or when there is a change in assessment of an option to purchase underlying asset, or when there is a change in amount expected to be payable under a residual value guarantee, or when there is a change in future lease payments resulting from a change in an index or rate used to determine those payment. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the consolidated statement of profit or loss if the carrying amount of right-of-use asset has been reduced to zero.

When there is a change in scope of a lease, or the consideration for a lease, that was not part of the original terms and conditions of the lease, it is accounted for as a lease modification. The lease modification is accounted for as a separate lease if modification increases the scope of lease by adding the right to use one or more underlying assets and the consideration for lease increases by an amount that is commensurate with the stand-alone price for the increase in scope adjusted to reflect the circumstances of the particular contracts, if any. When the lease modification is not accounted for as a separate lease, the lease liability is remeasured and corresponding adjustment is made to right-of-use asset.

For the year ended June 30, 2022

The right-of-use asset is initially measured at an amount equal to the initial measurement of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of the costs to be incurred to dismantle and remove the underlying asset or to restore the underlying asset or the site on which the asset is located.

The right-of-use asset is subsequently measured at cost model and depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. The right-of-use asset is reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Group has elected to apply the practical expedient of not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases is recognised as an expense on a straight line basis over the lease term.

### 3.5 Intangible assets

Intangible assets having definite lives are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Amortisation is charged using the straight-line method over the estimated useful lives of the assets at the rates specified in note 5.1. Amortisation on additions is charged from the month in which the assets are available for use. No amortisation is charged in the month of disposal. The residual values and useful lives are reviewed and adjusted, if appropriate, at each reporting date.

Gains / losses on disposal of intangible assets, if any, are taken to the consolidated statement of profit or loss in the period in which these arise.

#### 3.6 Net investment in finance lease

Leases in which the Group transfers substantially all the risks and rewards incidental to the ownership of an asset to the lessees are classified as finance leases. A receivable is recognised at an amount equal to the present value of the minimum lease payments, including any guaranteed residual value. The "net investment in finance lease" included in these consolidated financial statements is recorded net of adjustable security deposit.

### 3.7 Allowance for potential lease and other loan losses

The Group applies IFRS 9 simplified approach and general approach for lease and loan losses respectively to determine Expected Credit Losses (ECL) for lease and loan balances related to the Holding Company. A lifetime ECL is recorded on loans in which there has been Significant Increase in Credit Risk (SICR) from the date of initial recognition and on loans which are credit impaired as on the reporting date. A 12 months ECL is recorded for loans which do not meet the criteria for SICR or "credit impaired" as at the reporting date. To assess whether there is a significant increase in the credit risk, the management of the Holding Company compares the risk of a default occurring on the loans as at the reporting date with the risk of default as at the date of initial recognition. The Holding Company also considers reasonable and supportive forward-looking information in the determination of ECL. The allowance is increased by provisions charged to the consolidated statement of profit or loss and is decreased by charge-offs, net of recoveries.

Calculating ECL for lease and loan is subject to numerous judgments and estimates. In evaluating the adequacy of ECL, the management of the Group considers various factors, including the nature and characteristics of the obligor, current economic conditions, credit concentrations or deterioration in collateral, historical loss experience and delinquencies. The management has further considered the impact of forward-looking information and its resulting impact on the provision for lease and loan portfolio of the Group.

For the year ended June 30, 2022

In 2021, the Institute of Chartered Accountant of Pakistan (ICAP) had issued 'Accounting Guideline Application of IFRS 9 by Non-Banking Finance Companies', which allows NBFC's to apply the requirements of IFRS 9 in conjunction with the requirements of NBFC Regulations. Accordingly, the Group has recognised allowance for potential lease and other loans losses as the higher of provisioning requirements as specified under the NBFC Regulations and IFRS 9.

#### 3.8 Assets classified as held for sale

The Group classifies a non-current asset as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use.

A non-current asset held for sale is carried at the lower of its carrying amount and the fair value less costs to sell. Impairment losses are recognised through the consolidated statement of profit or loss for any initial or subsequent write down of the non-current asset to fair value less costs to sell. Subsequent gains in fair value less costs to sell are recognised to the extent they do not exceed the cumulative impairment losses previously recorded. A non-current asset is not depreciated while classified as held for sale.

#### 3.9 Investment in associates

Investment in associate is accounted for under the equity method of accounting. An associate is an entity in which the Group has significant influence and which is neither a subsidiary nor a joint venture.

Under the equity method of accounting, the investment in an associate is carried in the consolidated statement of financial position at cost plus post-acquisition changes in the Group's share of net assets of the associate. Goodwill relating to an associate is included in the carrying amount of the investment and is not amortised. After application of the equity method, the Group determines whether it is necessary to recognise any additional impairment loss with respect to the Group's net investment in the associate. The consolidated statement of profit or loss reflects the share of the results of operations of the associate. Where there has been a change recognised directly in the equity of an associate, the Group recognises its share of any changes and discloses this, when applicable, in the consolidated statement of changes in equity.

Associates' accounting policies conform to those used by the Group for like transactions and events in similar circumstances.

The Group discontinues the use of the equity method from the date when it loses the power to participate in the financial and operating policy decisions of the investee. If the retained interest of the Group in the former associate is a financial asset, the Group measures the retained interest at its fair value. The fair value of the retained interest is regarded as its fair value on initial recognition as a financial asset. The Group recognises in the consolidated statement of profit or loss any difference between the fair value of the retained interest and any proceeds from disposing of a partial interest in the associate and the carrying amount of the investment at the date the equity method was discontinued.

When the investment in associate is sold, all amounts previously recognised in 'other comprehensive income' in relation to that investment are reclassified to the consolidated statement of profit or loss.

### 3.10 Impairment of non-financial assets

The carrying amounts of assets are reviewed at each reporting date to determine whether there is any indication of impairment of any asset or a group of assets. If any such indication exists, the recoverable amount of that asset is estimated and impairment losses are recognised in the consolidated statement of profit or loss. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised.

For the year ended June 30, 2022

#### 3.11 Financial assets

#### 3.11.1 Classification and subsequent measurement

The Group classifies its financial assets in the following measurement categories:

- at amortised cost:
- at fair value through other comprehensive income (FVOCI); and
- at fair value through profit or loss (FVPL).

#### a) At amortised cost

The Group measures financial assets at amortised cost if the financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured as described in note 3.11.2. Gains and losses are recognised in the consolidated statement of profit or loss when the asset is derecognised, modified or impaired.

### b) At fair value through other comprehensive income (FVOCI)

The Group measures financial assets at FVOCI if the financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through other comprehensive income (OCI), except for the recognition of impairment losses or reversals, recognised and measured as described in note 3.11.2, interest revenue and foreign exchange gains and losses on the instrument's amortised cost which are recognised in the consolidated statement of profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the consolidated statement of profit or loss.

#### c) Fair value through profit or loss (FVPL)

Assets that do not meet the criteria for classification at amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a financial asset that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the consolidated statement of profit or loss in the period in which it arises.

#### 3.11.2 Impairment

The Group assesses on a forward-looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost and FVOCI. The Group recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

For the year ended June 30, 2022

The Holding Company applies the IFRS 9 simplified approach to measure expected credit losses for leases, Ijarah finance, musharika finance and microfinance. For all other financial assets, a life time ECL is recorded in which there has been Significant Increase in Credit Risk (SICR) from the date of initial recognition and for financial assets which are credit impaired as on reporting date. A 12 months ECL is recorded for all other financial assets which do not meet the criteria for SICR or "credit impaired" as at reporting date.

The Modaraba applies the IFRS 9 general approach to measure Expected Credit Losses (ECL) for Ijarah Finance and Diminishing Musharika. A lifetime ECL is recorded on Ijarah Finance and Diminishing Musharika in which there has been Significant Increase in Credit Risk (SICR) from the date of initial recognition and which are credit impaired as on the reporting date. A 12 months ECL is recorded for Ijarah Finance and Diminishing Musharika which do not meet the criteria for SICR or "credit impaired" as at the reporting date. To assess whether there is a significant increase in credit risk the Modaraba compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The Modaraba also considers reasonable and supportive forwarding-looking information in determination of ECL.

### 3.11.3 Derecognition

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either:

- (i) the Group transfers substantially all the risks and rewards of ownership; or
- (ii) the Group neither transfers nor retains substantially all the risks and rewards of ownership and the Group has not retained control.

#### 3.11.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Group commits to purchase or sell the asset.

#### 3.11.5 Initial recognition

Financial assets are recognised at the time the Group becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value plus transaction costs except for financial assets carried at FVPL. Financial assets carried at FVPL are initially recognised at fair value and transaction costs associated with these financial assets are taken directly to the consolidated statement of profit or loss.

#### 3.11.6 Business model

The business model reflects how the Group manages the assets in order to generate cash flows, that is, whether the objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVPL. Factors considered by the Group in determining the business model for a group of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated.

### 3.11.7 SPPI

Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Group assesses whether the financial instruments' cash flows represent solely payments of principal and interest (the 'SPPI test'). In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at FVPL.

For the year ended June 30, 2022

#### 3.11.8 Reclassifications

The Group reclassifies financial assets when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting period following the change. Such changes are expected to be very infrequent and none occurred during the period.

#### 3.11.9 Write-offs

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. Against each customer's outstanding exposure which stands as impaired, the Group makes an assessment with respect to the timing and amount of write-off based on the expectation of recovery. However, financial assets that are written off remain subject to legal enforcement activities for recovery of amounts due.

### 3.12 Financial liabilities

Financial liabilities are recognised at the time the Group becomes a party to the contractual provisions of the instrument. These are initially recognised at fair value less any directly attributable transaction cost.

Financial liabilities are subsequently measured at amortised cost except for:

- Financial liabilities at fair value through profit or loss; and
- Financial liabilities arising from the transfer of financial assets which did not qualify for derecognition, whereby a financial liability is recognised for the consideration received for the transfer.

### 3.12.1 Derecognition

Financial liabilities are derecognised at the time when these are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expires. Any gain or loss on derecognition of financial assets and financial liabilities is taken to the consolidated statement of profit or loss.

#### 3.13 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

### 3.14 Certificate of deposits, borrowings, finances, loans and their costs

These are initially recognised at cost being the fair value of consideration received. Subsequently, these are carried at amortised cost using the effective interest method.

Costs in respect of above are recognised as an expense in the period in which these are incurred using the effective interest method.

Transaction costs, if any, are amortised over the period of agreement using the effective interest method.

#### 3.15 Redeemable capital

The Modaraba offers only one deposit product, "Certificates of Musharika (COM)" under a scheme duly approved by the Securities and Exchange Commission of Pakistan vide its letter no.7(04) Reg-Mod/95-449 dated April 4, 1995. The Scheme of COM has been formulated under the parameters laid down for this purpose by the Securities and Exchange Commission of Pakistan ("SECP") in its "Guidelines for Issue of Certificates of Musharika for Modarabas" (the "Guidelines") issued on September 7, 1994.

For the year ended June 30, 2022

As per the requirements of the Guidelines, the scheme of COM is based on the concept of "Musharika". Hence, it is classified as redeemable capital. The salient features of the COM are as follows:

- This is a return based certificate wherein a deposit is placed with the Modaraba for a definite period of time.
- Total profits after charging all expenses, provisions/impairments and Management Company's remuneration of the Modaraba are shared by the COM holders and the Modaraba in accordance with ratio declared by the Modaraba and accepted by the COM holders. In the absence of such declaration, the total profits shall be shared between the COM holders and the Modaraba in proportion to their contribution in the Funds.
- The amount of profit allocated to the COM holders shall be shared among different categories/tiers of the COM holders on the basis of predetermined weightages announced by the Modaraba at the beginning of each quarter.
- In the event of loss, such loss shall be shared between the COM holders and the Modaraba in proportion to their respective funds.

#### 3.16 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimates.

#### 3.17 Contingent liabilities

A contingent liability is disclosed when the Group has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Group; or the Group has a present legal or constructive obligation that arise from past events, but it is not probable that an outflow of resources embodying benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

### 3.18 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the consolidated statement of profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity through other comprehensive income.

#### Current

Provision for current taxation is based on taxable income for the year at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. Tax charge for the current year is determined in accordance with the prevailing laws for taxation. The charge for the current tax is calculated using tax rates enacted or substantively enacted at the reporting date. The charge for the current tax also includes adjustments relating to prior years, if necessary, arising from assessments finalised during the year.

### **Deferred**

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities used for financial reporting purposes and amounts used for taxation purposes. In addition, the Group also records deferred tax asset on available tax losses. Deferred tax is calculated using the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date.

For the year ended June 30, 2022

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefits will be realised.

The Group also recognises deferred tax asset / liability on deficit / surplus on revaluation of securities / fixed assets which is adjusted against the related deficit / surplus in accordance with the requirements of International Accounting Standard (IAS) 12 "Income Taxes".

As a result of withdrawal of tax exemption in the Modaraba, there are implications of deferred tax which have been assessed by the management as at June 30, 2021 in consultation with its tax advisor. The management and the tax advisor are of the view that since the income of the Modaraba would be chargeable to tax for the first time in the tax year 2022, potential difference may arise in practice which are not yet envisaged. Therefore, the management has prudently decided not to recognised the deferred tax asset in these consolidated financial statements.

#### 3.19 Staff retirement benefits

#### (a) Defined contribution plans

### **Operated by the Holding Company**

The Holding Company operates a recognised contributory Provident Fund Scheme (the Fund) for all its permanent employees who have completed the minimum qualifying period in accordance with the HR policy. The Fund is administered by a Board of Trustees. Equal monthly contributions to the Fund are made both by the Holding Company and by the employees at the rate of 10% of basic salary.

#### Operated by the Modaraba

The Modaraba operates a recognised provident fund for all eligible employees and an approved funded defined contributory gratuity scheme for all permanent employees. Gratuity is payable to employees on completion of the prescribed qualifying period of service under the scheme. Contributions to the provident fund and gratuity fund are made at the rate of 10% and 8.33% respectively, of the basic salaries of employees.

Obligation for contribution to defined contribution plans are recognised as an employee benefit expense in the consolidated statement of profit or loss when these are due.

#### (b) Defined benefit plan

The Holding Company operates an approved funded gratuity scheme covering all permanent employees who have completed the minimum qualifying period of three years of service under the scheme. The scheme is administered by a Board of Trustees and contributions therein are made in accordance with the actuarial recommendations. The valuation in this regard is carried out at each reporting date, using the Projected Unit Credit Method for the valuation of the scheme.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income when these occur with no subsequent recycling through the consolidated statement of profit or loss.

### 3.20 Foreign currency transactions

Transactions in foreign currencies are translated to rupees at the foreign exchange rates prevailing on the transaction date. Monetary assets and liabilities in foreign currencies are expressed in rupee terms at the rates of exchange prevailing at the reporting date.

For the year ended June 30, 2022

Non-monetary assets and liabilities in foreign currencies are expressed in rupee terms at the rates of exchange prevailing at the date of initial recognition of the non-monetary assets / liabilities.

#### Foreign operations

The assets and liabilities of foreign operations (associate) are translated to rupees at exchange rates prevailing at the reporting date. The results of foreign operations are translated at the average rates of exchange for the year.

#### **Translation gains and losses**

Translation gains and losses are taken to the consolidated statement of profit or loss, except those arising on translation of the net investment in foreign operations (associate) which are taken to the consolidated statement of profit or loss and other comprehensive income under foreign currency translation reserve until the disposal of the net investment, at which time these are recognised in the consolidated statement of profit or loss.

#### 3.21 Revenue recognition

#### 3.21.1 Finance leases

The Group follows the 'financing method' in accounting for finance lease. The total unearned finance income i.e. the excess of aggregate instalment contract receivables plus residual value over the cost of the leased asset is deferred and amortised over the term of the lease, so as to produce a systematic return on the net investment in finance lease. Revenue recognition from finance leases is suspended when rent is past due by ninety days or more. Front end fee and other lease related income is recognised on receipt basis.

#### 3.21.2 Operating lease income

Rental income from assets classified as operating lease is recognised on accrual basis.

#### 3.21.3 Ijarah lease income

Rental income from ijarah is recognised on accrual basis.

### 3.21.4 Return on investments

Return on debt securities and deposit accounts is recognised using the effective interest rate method.

Dividend income from investments is recognised when the Group's right to receive the dividend is established.

Gain / loss on sale of investments is recognised in the period in which it arises.

#### 3.21.5 Finances and loans

Income on finances and loans is recognised on a time proportionate basis taking into account the principal outstanding and applicable rates of interest / return thereon except in case of finance and loans classified under the NBFC Regulations, on which income is recognised on receipt basis.

Income recognition on finances and loans by Holding Company is suspended when it is past due by ninety days or more and thirty days in case of micro finance.

Interest / mark-up on rescheduled / restructured leases, finances, loans and investments is recognised in accordance with the requirements of the NBFC Regulations.

### 3.21.6 Diminishing Musharika

Profit on Diminishing Musharika arrangements is recognised under the effective profit rate method based on the outstanding amount.

For the year ended June 30, 2022

#### 3.21.7 Others

Other income is recognised on receipt basis.

### 3.22 Earnings per share

The Group presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

### 3.23 Proposed dividend and transfer between reserves

Dividends declared and transfers between reserves, except appropriations which are required by law, made subsequent to the reporting date are considered as non-adjusting events and are recognised in the consolidated financial statements in the period in which such dividends are declared / transfers are made.

### 3.24 Cash and cash equivalents

Cash and cash equivalents for the purposes of the consolidated statement of cash flows includes cash and bank balances and short term running finance facilities that form an integral part of the Group's cash management.

#### 3.25 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the Group's other components.

Operating segments are reported in a manner consistent with the internal reporting structure. Management monitors the operating results of its business units separately for the purpose of making decisions regarding resources allocation and performance assessment. Segment results, assets and liabilities include items directly attributable to the segment as well as those that can be allocated on a reasonable basis. Those assets and liabilities which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated assets and liabilities.

#### 3.26 Commitments

Commitments are disclosed in the consolidated financial statements at committed amounts.

For the year ended June 30, 2022

**4.1.1** For the year ended June 30, 2020 the leasehold land and building of the Holding Company were revalued last year by M/s. Surval (an independent professional valuer) on the basis of professional assessment of the present market values which resulted in an increase in surplus on revaluation by Rs. 580.68 million. The forced sales value of leasehold land and office building as at June 30, 2020 amounted to Rs. 781.422 million.

Had the revaluation not been carried out, costs, accumulated depreciation and written down value of leasehold land and office building thereon would have been as follows:

	2022	
Cost	Accumulated depreciation	Net book value
	Rupees	
54,399,300	10,265,746	44,133,554

- 5.2 Included in cost of intangible assets are fully amortised items which are still in use aggregating to Rs. 119.78 million (2021: Rs. 108.83 million).
- 5.3 The amortisation expense of computer software and license and customer relationship for ljarah for the year has been charged to administrative and general expenses and direct cost respectively.
- 5.4 Customer relationship for ijarah comprises of Ijarah portfolio relationships which were recognised at the time of acquisition of OLP Modaraba. Customer relationship arises from disbursements expected to be made to existing Ijarah customers. These ijarah represent a more beneficial investment than alternate financing in the market. The customer relationship implies that the economic life of ijarah portfolio is longer than its contractual life.

**9.1.1** Loans to the Key Management Personnel include house loan, vehicle loan and personal loan.

9.2	Movement in loans to key management personnel and other executives	2022	2021
		Rup	ees
	Opening balance	211,212,056	193,395,150
	Disbursements during the year	105,971,016	117,596,554
	Repayments during the year	(87,341,973)	(99,779,648)
	Closing balance	229,841,099	211,212,056

- 9.3 These represent vehicle financing facilities provided to individual and corporate customers on mark-up basis. The mark-up on these finances ranges from 12.56% to 27.50% (2021: 11.80% to 26.00%) per annum. These finances are repayable within a period of 1 year to 6 years (2021: 1 year to 6 years) and are secured against charge over vehicles and personal guarantees.
- 9.4 These represent term finance facilities provided to corporate customers on mark-up basis. The mark-up on these finances ranges from 13.75% to 22% (2021: Nil) per annum. These finances are repayable within a period of 1 years to 5 years (2021: Nil) and are secured against property mortgage and personal guarantees.
- **9.5** These represent Musharika facilities provided to customers. The mark-up on these finances ranges from 8.94% to 21.16% (2021: 8.94% to 19.5%) per annum. The facilities have a repayment term of 3 to 5 years (2021: 3 to 5 years) and are secured by assets subject to Musharika agreement.
- 9.6 These represent long-term micro finance facilities provided to individuals and women entrepreneurs on mark-up basis. The mark-up on these loans ranges from 27.5% to 44.80% (2021: 28.00% to 38.30%) per annum. These finances are repayable within a period of 1.2 to 2 years (2021: 1.2 to 1.5 years) and are secured against personal guarantees of community organisations.
- 9.7 These represent loans given to staff in accordance with the terms of the Group's HR policy and include house loans which are repayable within a period of 20 years or retirement date, whichever is earlier. House loans are secured against equitable mortgage on the property by deposit of title documents of the property with the Group and carry mark-up rate ranging from 4.00% to 6.5% (2021: 4.0% to 9.5%) per annum.

For the year ended June 30, 2022

Loans (other than house loans) carry mark-up rates ranging from 5% to 14.6% (2021: 5% to 14.6%) per annum. These are secured against retirement benefits and are repayable within a period of five years.

Maximum amount outstanding at the end of any month during the year against loans to key management personnel and executives was Rs. 271.38 million (2021: Rs. 224.94 million).

- 9.8 These represent long-term finance facilities provided to farmers on mark-up basis. The rates of return on these loans range from 17.00% to 28.00% (2021: 15.00% to 28.00%) per annum. These loans are repayable within a period of 1.5 years to 3.2 years (2021: 1.5 years to 3 years) and are secured against title documents of immovable properties.
- **9.9** As per Regulation 25(A) of the NBFC Regulations, NBFCs with micro finance portfolio are required to maintain a general provision equivalent to 0.5% of the net outstanding micro finance portfolio (net of specific provisions).

#### 10 SHORT-TERM FINANCES

	Note	2022	2021

- 17.1 These represent repossessed assets consisting of vehicles, machinery and other equipment previously leased out to customers. The Group intends to dispose of these assets to recover the balance amount outstanding against such leases.
- 17.2 The Holding Company holds 45% (2021: 45%) ownership interest in OPP (Private) Limited. During 2014, the Board of Directors of the Holding Company approved divestment of the Holding Company's entire investment in OPP.

The sales negotiations for disposal of investment in OPP were held with a minority shareholder of OPP and a Share Purchase Agreement (SPA) was signed by all the parties in July 2014. However, the minority shareholder had failed to comply with the terms of the SPA and initiated legal proceedings to restrict the Holding Company in managing the affairs of OPP. The Holding Company has also filed a reference in the Lahore High Court to allow the Holding Company to buy out the minority stakeholder in OPP or to wind up OPP which is pending to date.

17.3 The Holding Company holds 23% (2021: 23%) ownership interest in SAMA. The Board of Directors of the Holding Company in their meeting held in February 2019 approved divestment of the Holding Company's investment in SAMA. In pursuance of the above, the Holding Company intends to dispose of its investment in SAMA.

The sale negotiations for disposal of SAMA were held and a Sale Purchase Agreement (SPA) was signed on October 17, 2019 and is expected to be completed with agreed terms and conditions, subject to necessary regulatory approvals.

#### 25 DEFINED BENEFIT OBLIGATION - STAFF GRATUITY

#### 25.1 General description

The Holding Company operates a funded gratuity scheme which was established under the provisions of the Trust Deed dated July 1, 2004 for its permanent staff who have completed the minimum qualifying period of three years of service under the scheme. The funded scheme is administered by the Board of Trustees in accordance with the provisions of the Trust Deed. Contributions therein are made in accordance with actuarial recommendations. The most recent valuation in this regard was carried out as at June 30, 2022 using the Projected Unit Credit Method.

25.2	Principal actuarial assumptions	2022	2021
	- Discount rate	13.25%	10.00%
	- Expected rate of increase in salary for first year	10.00%	7.55%
	- Expected rate of increase in salary for second year	13.25%	10.00%
	- Expected rate of increase in salary for third year and onwards	13.25%	10.00%
	- Expected rate of return on plan assets	14.37%	9.40%
	- Average service years	12.04	12.04

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience in Pakistan. The rates assumed are based on the SLIC (2001 - 2005) -1 ultimate mortality tables rated down one year.

**25.3** The amount recognised in the consolidated statement of financial position is as follows:

	Note	2022	2021
		Rup	ees
Present value of defined benefit obligation Fair value of any plan assets	25.4 25.4	265,876,926 (293,133,410) (27,256,484)	248,556,585 (256,909,032) (8,352,447)

Annual Report 2022

25.8	Historical results	2022	2021	2020	2019	2018
				Rupees		
	Present value of defined benefit obligation	265,876,926	248,556,585	202,888,717	208,381,885	197,700,484
	Fair value of plan assets	(293,133,410)	(256,909,032)	(242,152,664)	(217,190,129)	(177,730,800)
	(Surplus) / deficit	(27,256,484)	(8,352,447)	(39,263,947)	19,969,684	16,514,020
	Remeasurements of plan liabilities	(8,285,552)	21,750,801	(40,068,679)	(3,175,430)	19,345,982
	Remeasurements of plan assets	(10,618,488)	(700,289)	8,012,246	(5,632,814)	623,703

- 25.9 Actual return on plan assets during the year amounted to Rs. 36.87 million (2021: Rs. 21.36 million).
- **25.10** Based on the actuarial advice, the Holding Company intends to charge an amount of approximately Rs. 17.1 million in respect of contribution to gratuity fund in the consolidated financial statements for the year ending June 30, 2023.
- 25.11 The Fund is exposed to a number of risks, the most significant of which are detailed below:

Mortality risk	This is the risk that the actual mortality experience is different from what was initially expected. The effect depends on the beneficiaries' service/age distribution and the benefit.
Investment risk	This is the risk of investments underperforming and not being sufficient to meet liabilities. However, the trustees of the fund have a practice to invest the amounts in government securities that are secured.
Final salary risk	This is the risk that the final salary at the time of cessation of service is greater than expectation. Since the benefit is calculated on the basis of final salary, the benefit amount increases proportionately. In order to minimise the risk the actuary of the Holding Company uses past pattern which provides basis to form a reliable estimate.
Withdrawal risk	This is the risk that withdrawals may be higher or lower than actuarial assumptions. The final effect could go either way depending on the beneficiaries' service / age distribution and the benefit. The Holding Company ensures the availability of sufficient liquid funds in the gratuity fund and makes regular contributions to minimise the risk.

Annual Report 2022

For the year ended June 30, 2022

25.12 The sensitivity of the defined benefit obligation to changes in principal actuarial assumptions is as follows:

Impact on defined benefit obligation					
Change in assumption Increase in assumption assumption					
	Rupees				
1.0% 248,500,003 283,946,21					
1.0%	282,525,322	249,465,349			

Discount rate
Salary growth rate

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the consolidated statement of financial position.

**25.13** The distribution of timing of payment of benefits is as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6 to Year 10
Defined benefit obligation	46,612,807	27,539,734	43,963,955	22,281,700	40,611,220	237,688,746

- 25.14 The weighted average duration of the defined benefit obligation is 6.66 years.
- **25.15** The information provided in notes 25.1 to 25.14 has been obtained from the details provided by the actuary of the Holding Company.

27	TRADE AND OTHER PAYABLES	Note	2022 Rup	2021 ees
	Trade creditors Accrued liabilities		949,954,124 168,362,333	692,985,980 140,597,234
	Other liabilities  Advance from customers against finance lease and ijarah finance Sales tax payable Federal excise duty payable Insurance premium payable Provision for Provincial Workers' Welfare Fund Payable to minority shareholders of Standard Chartered Leasing Limited Others	27.1	7,314,906 26,612,852 1,923,509 181,111,741 118,233,689 14,772,204 57,180,757 407,149,658	15,948,424 23,771,480 1,733,787 82,846,252 78,251,975 14,817,636 55,147,089 272,516,643 1,106,099,857

This includes Rs. 20.47 million (2021: Rs. 17.35 million) in respect of Sindh Workers' Welfare Fund liability of the Modaraba. As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income.

The Sindh Revenue Board (SRB) vide letter no. SRB/DC-A(W)/2017/Rep/4760 dated January 16, 2017 had advised the Modaraba to pay off all its liabilities falling due under the SWWF Act. The management considered that the SWWF Act is limited only to the province of Sindh and till the time there is any mechanism available for apportionment of total income relevant to province of Sindh, no SWWF liability to SRB can be paid out. On these grounds, foreseeing the expected WWF demand and penal actions from SRB, the Modaraba had filed a Constitutional Petition (CP) No. C.P.D.3879/2017 with the Honorable Sindh High Court. On March 16, 2020, an interim order was issued by the Honorable Sindh High Court whereby the Modaraba was instructed to deposit the SWWF liability either with SRB or Nazir as appointed by the Court. During the previous year, the Modaraba has deposited the SWWF amounting to Rs 7.183 million with SRB, calculated on a proportionate basis and as advised by its legal counsel and consistent with the grounds adopted by the Modaraba in its petition. The management has provided for SWWF liability for the period from January 1, 2014 to June 30, 2022 in these consolidated financial statements on a prudent basis.

#### 32 CONTINGENCIES AND COMMITMENTS

#### 32.1 Holding Company

32.1.1 The Additional Commissioner Inland Revenue (ACIR) passed an amended assessment order on July 18, 2014 under section 122(5A) of the Income Tax Ordinance 2001 (the Ordinance) for the tax year 2010 and created a demand of Rs.167 million by disallowing capital loss on sale of shares and certain other matters. The Holding Company preferred an appeal against the amended assessment order passed by the ACIR before the Commissioner Inland Revenue (Appeals) (CIRA). The CIR-A disposed of the appeal with minor relief to the Company. The Holding Company has filed an appeal before the Appellate Tribunal Inland Revenue (ATIR) on the issues decided against the Holding Company by the CIR-A. During May 2021, the Holding Company has filed an application for refixation of hearing of appeal against which hearing was fixed for June 10, 2021. However, the same was deferred and matter is pending for adjudication.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these consolidated financial statements.

32.1.2 During 2017, the Deputy Commissioner Inland Revenue (DCIR) amended the orders for the tax years 2011 and 2014 creating an aggregate demand of Rs.126.2 million mainly on account of difference in determination of minimum tax liability under section 113 of the Ordinance. The Holding Company's appeals against these amended orders before the CIR-A was maintained and are currently pending adjudication before the ATIR. During May 2021, the Holding Company has filed applications for refixation of hearing of appeals against which hearing was fixed for June 10, 2021. However, the same was deferred and matter is pending for adjudication. The Holding Company has obtained a stay order against the recovery of demand from the Sindh High Court (SHC) until adjudication of the appeal by ATIR.

For the year ended June 30, 2022

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these consolidated financial statements.

32.1.3 The assessments of Standard Chartered Leasing Limited (SCLL) - amalgamated entity - for the years 1998-99 to 2002- 03 were finalised by the tax officer whereby lease key money amounting to Rs. 239 million was added to income. In appeals with the ATIR, the addition was maintained. SCLL filed a rectification application before ATIR that certain arguments advanced at the time of hearing of appeals were not considered while framing the order. The ATIR vide appellate order dated February 27, 2008 recalled its original appellate order for all these years and referred the case to the Chairman ATIR to constitute a larger bench for rehearing / decision of the case.

No provision has been made in these consolidated financial statements in this respect as the management is of the view that the same will be allowed in the favour of the Holding Company.

32.1.4 The ACIR passed an amended assessment order under section 122(5A) of the Ordinance for the tax years 2015 to 2018 where demands in aggregate of Rs. 3,229 million were raised. This was mainly the result of disallowance of tax loss on lease terminations and certain other matters. In tax years 2015 and 2016, the issue of determination of the levy of minimum tax has also been raised. Additionally on October 3, 2019, the ACIR rectified the amended assessment order (rectification order) under section 221(1) of the Ordinance for the tax year 2017 and created an additional demand of Rs.290 million after taking into account the amended amount of brought forward tax losses. The Holding Company preferred appeals against these amended assessment orders before the CIR-A for all these years. The Holding Company was granted stay against recovery of demands for TY 2015 and TY 2016 from the SHC. On January 8, 2020 CIR-A has disposed off certain matters whereas certain matters were remanded back with specific directions to the officer. The Holding Company as well as the income tax department have filed appeals before the ATIR on the matters which have not been decided in their favour by the CIR-A and these are pending for adjudication.

In January 2021, the ACIR has given effect to the orders passed by CIR(A) for tax years 2017 and 2018 in which demands of Rs. 1.22 billion and Rs. 1.36 billion respectively were raised. During February 2021, the Holding Company filed rectification applications. The ACIR has substantially rectified the orders and allowed tax losses on termination and unabsorbed depreciation resulting in a reduction in tax demand to Rs. 252 million and Rs. 479 million respectively. Accordingly, the Holding Company filed an appeal for both the tax years before CIR(A) against the remaining pending issues in the appeal effect orders along with an application for rectification for tax year 2017. The officer passed the rectification order and further revised the demand for tax year 2017 to Rs. 227 million. Further, the Holding Company has discharged 10% of the demand u/s 140 of the Ordinance amounting to Rs 19.02 million and Rs 14.58 million for tax year 2017 and tax year 2018 respectively. Both are pending for adjudication.

In February 2021, the ACIR has also given effect to the first appeal order setting aside assessments for tax years 2015 and 2016 where demand of Rs. 11.06 million and Rs. 118.76 million were raised. During March 2021, the Holding Company filed appeals against these orders before the CIR-A and the same are pending for adjudication. The Holding Company has also discharged 10% of the demand u/s 140 of the Ordinance amounted to Rs 1.10 million and Rs 11.87 million for tax year 2015 and 2016 respectively.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly no tax provision has been made in these consolidated financial statements.

32.1.5 The Holding Company by way of the amendment notices and the orders under section 122(5A) of the Ordinance was charged with the levy of super tax under section 4B of the Ordinance for the years 2015 to 2018. The Holding Company's legal advisor is of the opinion that levy of super tax is unlawful and leading to double taxation. Accordingly in January 2019, the Holding Company had filed constitutional petition before the SHC challenging the levy of super tax. On July 21, 2020, the SHC dismissed the petition stating that levy of super tax is lawful its an additional tax, and not a double tax. The Holding Company filed a petition in the Supreme Court of Pakistan (SCP) for tax years 2015-2018 dated September 12, 2020 where stay had been granted in November 2020 subject to deposit of 50% of the impugned outstanding tax with the authorities.

For the year ended June 30, 2022

This matter was also challenged in appeal before CIR-A for tax years 2015 to 2019 and after being maintained it has also been taken up before the ATIR for the years 2015 to 2018. This levy has been considered in light of the position emerging after the appellate order of the CIR -A and it is expected not to have effect in the tax years 2015 and 2016 in light of the available losses.

Further, in line with the SCP decision, the Holding Company has paid 50% of super tax liability for tax year 2017 and tax year 2018 amounting to Rs 18.5 million and Rs 25.8 million respectively.

The Holding Company has already made a provision in respective tax years 2016 to 2019 amounting to Rs. 145 million against the super tax.

**32.1.6** In 2020, the Holding Company received an amended assessment order under section 122(5A) of the Ordinance for tax year 2019 wherein a demand of Rs. 1,022 million was raised. This was mainly due to the result of disallowance of tax losses on lease termination and certain other matters including super tax. The Holding Company has filed an appeal against the order and the matters are pending for adjudication.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly no tax provision has been made in these consolidated financial statements.

**32.1.7** The Holding Company received an amended assessment order dated October 04, 2021, under section 122(5A) of the Ordinance for tax year 2020 wherein a demand of Rs.137 million has been raised. This was mainly due to the result of disallowance of tax losses on lease cancellations, write-offs and certain other matters. The Holding Company has filed an appeal against the order and the matters are pending for adjudication. The Holding Company has paid 10% of the demand u/s 140 of the Ordinance amounting to Rs 13.76 million.

Based on the tax advisor's opinion, the management is confident of a favorable outcome on these matters. Accordingly, no tax provision has been made in these consolidated financial statements.

**32.1.8** The Holding Company received an amendment assessment order notice dated July 5, 2022, under section 122(5A) of the Ordinance for tax year 2021 wherein a demand of Rs.57 million has been raised. This was mainly due to the result of disallowance of tax losses on lease cancellations, write-offs and certain other matters. On August 3, 2022, the Holding Company has filed an appeal against the order and the matters are pending for adjudication.

Based on the tax advisor's opinion, the management is confident of a favorable outcome on these matters. Accordingly, no tax provision has been made in these consolidated financial statements.

32.1.9 The Holding Company received an order on monitoring of withholding taxes under section 161(1) of the Ordinance for tax year 2016 wherein a demand of Rs. 50 million along with Rs. 36 million default surcharge has been levied. This was in continuation with the notice dated October 11, 2017 which was then duly responded by the Holding Company. However, due to change in jurisdiction of the case, the notice was raised again on June 22, 2022. The Holding Company responded the notice along with previous submitted reply and evidences dated June 29, 2022.

The Holding Company has filed an appeal dated July 21, 2022 against the order and the matter is pending for adjudication.

Based on the tax advisor's opinion, the management is confident of a favorable outcome on these matters. Accordingly, no tax provision has been made in these consolidated financial statements.

**32.1.10** The DCIR issued show cause notices to the Holding Company challenging the estimates of advance tax under section 147 of the Ordinance filed by the Holding Company for the quarter ended March 31, 2019 and September 30, 2019 and additionally demanded Rs. 259.4 million and Rs. 117.2 million respectively for these year. The Holding Company's tax advisors are of the opinion that the estimates filed by the Holding Company is in accordance with the law and accordingly the Holding Company filed a constitutional petition before the Sindh High Court (SHC) against the recovery of impugned advance tax demand. The SHC has passed a stay order restricting the FBR from taking any coercive measures against the Holding Company.

For the year ended June 30, 2022

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these consolidated financial statements.

**32.1.11** In 2019, the Holding Company received show cause notices from the Sindh Revenue Board (SRB) demanding Sindh Provincial Sales Tax (SPST) amounting to Rs. 519 million against income from operating lease rental of generators for the years ended June 30, 2012, 2013, 2014, 2015, 2016 and 2017 along with the applicable penalty and default surcharge.

In April, 2016, the Holding Company had filed suits against the show cause notices relating to the years 2012 to 2015 before Sindh High Court (SHC) challenging the levy of SPST on renting of generators and obtained a stay order restricting SRB from taking any coercive measures against the Holding Company. In 2019, these suits were withdrawn due to the decision by Supreme Court of Pakistan that in order for a suit to continue, a minimum of 50% of the tax calculated by the tax authorities must be deposited in the respective treasury. Consequent to withdrawal of the suits, SRB issued fresh show cause notices for each of the tax years 2012 to 2017. For financial year 2012 and 2016, the Assistant Commissioner SRB also passed an order against the Holding Company and created a demand of Rs. 43.6 million and Rs. 77.3 million respectively and issued recovery notices. The Holding Company has filed an appeal against the recovery orders before the Commissioner Appeals SRB and also obtained interim relief from SHC by filing separate petitions for each of the years from 2012 to 2017, challenging the levy of SPST on renting of generators and obtained stay order restricting SRB from taking coercive measures against the Holding Company.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly, no tax provision has been made in these consolidated financial statements.

**32.1.12** During 2017, the Holding Company received show cause notice from SRB for short payment of SPST of Rs. 5.4 million against supplies made to a local vendor in September 2015. Additional Commissioner SRB Karachi confirmed the said liability through order No. 125 of 2017 dated May 15, 2017 which was also challenged by the Holding Company by filing an appeal before Commissioner appeals SRB Karachi.

Based on the tax advisor's opinion, the management is confident of a favourable outcome. Accordingly no tax provision has been made in these consolidated financial statements.

**32.1.13** In continuation to the notice received from SRB in 2018, the Holding Company received an order dated November 03, 2021 u/s 40(1)(b) of the Stamp Act, 1899 amounting to Rs. 19.5 million, which also includes the late payment charges of Rs. 6.5 million. On December 10, 2021, the Sindh High Court disposed-off the petition filed by the Holding Company on applicability of stamp duty on purchase orders and issued its decision on January 22, 2022, dismissing Company's plea against applicability of stamp duty. The Holding Company had also filed a petition on December 10, 2021 before SHC to prevent the SRB from taking any coercive action against the Holding Company subsequent to the issuance of the recovery order, as the matter was pending in SHC. The Court directed the SRB to provide the Holding Company an opportunity of being heard and to decide the matter within 3 months, and till such period no coercive action can be taken against the Holding Company.

The Holding Company filed an appeal with member SRB against the recovery order. However, member SRB has passed an order of Rs. 19.5 million, including amount of additional charges. The Holding Company has filed petition to Sindh High Court against the order. On April 06, 2022, directions were issued with regard to payment of the stamp duty of Rs 12.5 million whereas hearing was adjourned on the additional charges of Rs 6.5 million. Accordingly, the Holding Company has paid the stamp duty amount of Rs. 12.5 million on April 16, 2022. Based on legal opinion, the management is confident of a favorable outcome on waiver of additional charges of Rs 6.5 million.

Accordingly, no provision against additional charges levied has been made in these consolidated financial statements.

- 32.2 Leases committed but not executed at the reporting date is Rs. 22.5 million (2021: Nil).
- **32.3** Commitments relating to capital expenditure at the reporting date amounted to Rs. 0.63 million (2021: Rs. 0.25 million).

For the year ended June 30, 2022

#### 32.4 OLP Modaraba

The Modaraba has issued letters of comfort to various commercial banks on behalf of its customers. These aggregate to Rs. 83.8 million (2021: Rs. 57.5 million) as at the reporting date.

40.1 In 2013, the Sindh Revenue Board (SRB) levied Sindh sales tax on management remuneration, which is paid by the Modaraba to its Management Company under the provisions of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980, treating it as a fee and chargeable under the Sindh Sales Tax Act, 2011. The Modaraba, however, considers that the management remuneration is an allocation of profit under the Shariah principle of "Modaraba" and therefore does not qualify to be treated as a fee and therefore does not attract any services sales tax.

Pursuant to Order number SRB-COM-I/AC-V/Mgt/SCSOP/5878/2012 of the SRB dated April 22, 2013 issued to the Management Company, the Modaraba has recorded a provision in respect of Sindh Sales Tax on the Management Company's remuneration at applicable rates with effect from November 1, 2011. The Management Company had filed an appeal before the Appellate Tribunal SRB against this order. The Appellate Tribunal SRB through its order dated February 19, 2016 allowed the appeal and set aside the order-in-original and order-in-appeal and remanded back the case to the assessing officer for re-assessment. Thereafter, on April 8, 2016, the assessing officer issued a fresh notice to the Management Company contending that sales tax on the Management Company's remuneration is applicable. Against the notice, the Management Company has filed an appeal before the Honorable Sindh High Court. As an interim relief, the Court vide its Order dated October 13, 2016 has stopped the assessing authorities to pass any final order till the culmination of its proceedings. The interim relief was reconfirmed by the Court in its Order dated November 5, 2018. The case is pending to date. However, the Modaraba has continued to recognise the provision for services sales tax on the Management Company's remuneration.

For the year ended June 30, 2022

#### 41 REMUNERATION OF THE CHIEF EXECUTIVE, DIRECTORS AND EXECUTIVES

	36.46	535,855,603	26.33	369,168,975

#### 42.3 Current status of pending tax assessments

#### Tax Year 1999 to 2000

In the assessment year 1999-2000 the Officer Inland Revenue (OIR) had revised the income tax assessment order of the Holding Company under Section 221 of the Ordinance. The Holding Company had preferred an appeal against the order of the OIR before the Commissioner Inland Revenue [CIR(A)] who confirmed the treatment of the OIR. The Holding Company then filed an appeal before the Appellate Tribunal Inland Revenue (ATIR). The ATIR while deciding the appeal filed by the Holding Company, has remanded back the appellate order dated December 12, 2005 to the CIR(A) to pass speaking order after considering all the relevant facts of the case. The case is still pending adjudication, however, as a matter of prudence, the Holding Company has made adequate provision in respect of the disallowances.

#### Tax Year 2010 to 2020

Under Section 114 of the Income Tax Ordinance 2001, the Holding Company has filed the returns of income for tax years 2010 to 2020. The said returns were taken to be assessment orders passed by the Commissioner Inland Revenue on the day the said returns were filed other than tax year 2010, 2011, 2014, 2017, 2018, 2019, 2020 and 2021.

#### Tax Year 2010, 2011, 2014, 2017, 2018, 2019 and 2020

Details of the assessment made by the tax authorities are provided in note 32.1.1, 32.1.2, 32.1.3, 32.1.4, 32.1.5, 32.1.6, 32.1.7 and 32.1.8.

### 45 SEGMENT INFORMATION

The Group has four primary reporting segments namely, 'Finance lease', 'Finances & Loans', 'Islamic Finance' and 'Operating lease', based on the nature of business and the related risks and returns associated with these segments. The finance lease operations are primarily for long-term leases of movable assets to corporate entities and individuals. Finances and loans are primarily extended to corporate entities and individuals for purchase of saloon vehicles. This segment also includes micro finance which primarily represents group / community based lending to the underprivileged community. Under the operating lease segment, the Group provides equipment on short-term rentals to corporate entities. Islamic Finance includes ljarah and Diminishing Musharakah to corporate entities and individuals. Other operations, which do not fall into the above segment categories and are not deemed by the management to be sufficiently significant to disclose as separate items, are reported under 'Investment in associates and others'.

#### 50 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's activities expose it to a variety of financial risks which mainly include market risk, credit risk and liquidity risk. The Board of Directors of the Group has the overall responsibility for the establishment and oversight of the Group's risk management framework. The Board is also responsible for developing and monitoring the Group's risk management policies.

#### 50.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices. Market risk comprises three types of risks: currency risk, yield / interest rate risk and other price risk.

#### 50.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group incurs currency risk in US dollar, Saudi Riyal, UAE Dirhams and Egyptian Pound on account of its foreign currency bank account, held for sale investments and investment in associate. The Group's exposure to foreign currency transactions is as follows:

For the year ended June 30, 2022

	2022	2021
	Rup	ees
Foreign currency bank account	5,805,140	4,447,984
Investment in associate	1,207,909,411	915,924,945
Assets classified as held for sale	172,043,037	172,043,037

As at June 30, 2022, if the Pakistani Rupee had strengthened / weakened by 10% against these currencies with all other variables held constant, the impact on the total comprehensive income would have been lower / higher by an amount of Rs. 138.535 million (2021: Rs. 109.241 million).

#### 50.1.2 Yield / interest rate risk

Yield / interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Group has adopted appropriate policies to minimise its exposure to this risk. The interest rate profile of the Group's significant interest bearing financial instruments and the periods in which these will mature are as follows:

				202	2			
	Effective yield / profit rate %	Total	Upto one month	Over one month to three months	Over three months to one year	Over one year to five years	Over five years	Not exposed to yield / profit rate risk

### a) Sensitivity analysis for variable rate financial instruments

The Group has extended KIBOR based long-term leases and finances to various counter parties that expose the Group to cash flow interest rate risk. In case of increase / decrease in KIBOR by 100 basis points on the last repricing date with all other variables held constant, the profit before tax would have been higher / lower by Rs. 257.52 million (2021: Rs. 175.4 million).

Furthermore, the Group also has KIBOR based financial liabilities in Pakistani Rupees representing short-term running finance arrangements, short-term and long-term finances obtained from various financial institutions and certificates of deposit which expose the Group to cash flow interest rate risk. In case of increase / decrease in KIBOR by 100 basis points on the last repricing date with all other variables held constant, the profit before tax for the year ended June 30, 2022 would have been lower / higher by Rs. 150.13 million (2021: Rs. 107.5 million).

The Group holds unutilized credit lines with banks amounting in aggregate to Rs 3,367 million as at June 30, 2022 (2021: Rs. 2,547 million) as disclosed in the note 20.1 and 29.1.

For the year ended June 30, 2022

#### b) Sensitivity analysis for fixed rate financial instruments

As at June 30, 2022, the Group holds Market Treasury Bills which are classified as 'financial assets at fair value through profit or loss', exposing the Group to fair value interest rate risk. In case of 100 basis points increase / decrease in rates announced by the Financial Markets Association of Pakistan for Market Treasury Bills with all other variables held constant, the net profit for the year and net assets of the Group would have been higher / lower by Rs. 6.7 million (2021: Rs. 4.6 million).

### 50.1.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

#### 50.2 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The risk is generally limited to principal amounts and accrued profit thereon, if any. The Group has established procedures to manage credit exposure including credit approval limit, credit exposure limits, collateral and guarantee requirements. These procedures incorporate both internal guidelines as well as the requirements of the NBFC Rules and the NBFC Regulations. The Group also manages credit risk through an independent credit department which evaluates customers' credit worthiness and obtains adequate securities where applicable.

All investing transactions are settled / paid for upon delivery. The Group's policy is to enter into financial instrument contract by following internal guidelines for approval.

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. The concentration of credit risk indicates the relative sensitivity of the Group's performance to developments affecting a particular industry or geographic location. Significant concentration of the Group's risk assets by class of business, industry sector and geographical region is set out in note 45.

For the year ended June 30, 2022

Difference in the balance as per the carrying value and maximum exposure is due to the fact that investments in Government securities, equity securities and cash in hand are not exposed to credit risk.

The Group controls the credit quality of receivables through diversification of activities to avoid undue concentration of risks with individuals, groups or specific industry segments. For such purpose, the Group has established exposure limits for single lessees and industrial sectors. The Group has an effective rental monitoring system which allows it to evaluate customers' credit worthiness and identify potential problem accounts. An allowance for potential lease, instalment and other loan losses is maintained at a level which, in the judgment of management, is adequate to provide for potential losses on lease and other loan portfolios that can be reasonably anticipated. The credit quality of receivables can be assessed with reference to their historical performance with no or some defaults in recent history.

The carrying value of receivables which are past due are as under:

For the year ended June 30, 2022

The credit quality of the Group's bank balances and investment portfolio are assessed with reference to external credit ratings which in all cases are above investment grade rating.

The analysis below summarises the credit rating quality of the Group's bank balances as at June 30, 2022:

	2022	2021
	Rup	ees
Bank balances		
AAA	692,637,670	891,369,017
AA+	18,685,837	91,580,117
AA	672,245,729	-
AA-	5,799,576	2,469,883
A+	72,793	3,997,898

State bank of Pakistan	1,041,083	768,314
	1,390,798,161	990,256,333

The Group does not hold any other financial asset which are rated.

**50.2.1** The Group applies the IFRS 9 simplified approach to measure expected credit losses for net investment in finance lease, micro finance, Ijarah and Musharika finance. To measure the expected credit losses, such financial assets have been grouped based on days past due. On that basis, the loss allowance as at June 30, 2022 and June 30, 2021 was determined as follows:

### Net investment in finance lease

	2022			2021			
	Expected loss rate	Gross carrying amount	Loss allowance	Expected loss rate	Gross carrying amount	Loss allowance	
			Rup	ees

For loans and other financial assets, a life time ECL is recorded in which there has been Significant Increase in Credit Risk (SICR) from the date of initial recognition and for financial assets which are credit impaired as on reporting date. A 12 months ECL is recorded for all other financial assets which do not meet the criteria for SICR or "credit impaired" as at reporting date. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The Group also considers reasonable and supportive forward-looking information in determination of ECL.

**50.2.2** An analysis of the portfolio of the Modaraba that is classified as non-performing as per the requirements of the Prudential Regulations for Modarabas is as follows:

ljarah rentals receivable (being principal outstanding) Net investment in Ijarah finance Diminishing Musharika Sukuk certificates

#### 50.3 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting its financial obligations as these fall due. Liquidity risk arises because of the possibility that the Group will be required to pay its liabilities earlier than expected or will face difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The table below summarises the Group's financial liabilities into relevant maturity groupings based on the remaining period at the reporting date to contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

	Carrying amount	Contractual cash flows	Upto three months	More than three months and upto one year	More than one year
			Rupees

#### 51 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

The fair value of investments classified as "at fair value through profit or loss" and "at fair value through other comprehensive income" are based on active market. The investment in associate is accounted for using the equity method.

Fair value of net investments in finance lease, long term loans and finances, long term deposits and other assets, other liabilities, long term certificates of deposit and other accounts are approximate to their carrying value. The provision for impairment of finance lease and long term loans and finances has been calculated in accordance with the accounting policy mentioned in note 3.7.

In the opinion of management, fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these assets and liabilities are short term in nature or are periodically repriced.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Group to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

For the year ended June 30, 2022

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

2022					
Level 1	Level 2	Level 3	Total

Annual Report 2022 205

For the year ended June 30, 2022

Item	Valuation approach and input used
Market Treasury bills	The fair value of Market Treasury bills is derived using PKRV rates. PKRV rate is average of the yield-to-maturity on government securities traded in the secondary market and determined at the end of day. The yield-to-maturity on government securities is quoted by the six (06) brokerage houses keeping in view the yield-to-maturity on government securities traded in the secondary market.
Fixed assets (leasehold land and office building)	The revaluation by the valuer is carried out on the basis of professional assessment of present market values.
Short-term investments	The fair value of unlisted ordinary shares is determined using the Market Value approach.

<sup>\*</sup>Leasehold land and building are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values as disclosed in notes 4 to these consolidated financial statements. The valuation experts used a market based approach to arrive at the fair value of the Holding Company's properties. The approach uses prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a quantitative disclosure of sensitivity has not been presented in these consolidated financial statements.

#### 52 CAPITAL RISK MANAGEMENT

The objective of the Group when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its business.

The Group manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend paid to its shareholders or issue new shares.

As required under the NBFC Regulations, every investment finance company involved in deposit taking shall maintain a capital adequacy ratio of 8% for the first two years after the amendment coming into force and 10% thereafter. The Group has maintained and complied with the minimum equity requirement during the current year.

53	EARNINGS PER SHARE - basic and diluted	2022	2021
	Profit for the year after taxation attributable to		
	equity holders of the Holding Company (Rupees)	854,585,497	921,041,652
	Weighted average number of ordinary shares	175,407,647	175,407,647
	Earnings per share - basic and diluted (Rupees)	4.87	5.25

53.1 Diluted earnings per share has not been presented separately as the Holding Company did not have any convertible instruments in issue at June 30, 2022 and June 30, 2021 which would have had any effect on the earnings per share, had the option to convert been exercised.

### **Associates**

Details about the Group's investment in associate and summarised financial information are disclosed in note 7 of these consolidated financial statements.

#### 55 NON-ADJUSTING EVENTS AFTER THE REPORTING DATE

The Board of Directors of the Holding Company in its meeting held on September 16, 2022 proposed a final cash dividend of Rs. 2 per share (2021: Rs. 2 per share) for the year ended June 30, 2022, amounting to Rs. 350,815,294 (2021: Rs. 350,815,294). This appropriation will be approved by the members of the Holding Company at the Annual General Meeting to be held on October 27, 2022. The consolidated financial statements for the year ended June 30, 2022 do not include the effect of the above appropriations which will be accounted for in the consolidated financial statements of the Group for the year ending June 30, 2023.

Annual Report 2022 207

For the year ended June 30, 2022

#### 56 **CORRESPONDING FIGURES**

Certain corresponding figures have been reclassified, rearranged or additionally incorporated in this consolidated financial statements for the purposes of comparison and better presentation. There were no significant reclassifications / restatements to corresponding figures during the year.

#### 57 DATE OF AUTHORISATION FOR ISSUE

These consolidated financial statements were authorised for issue on September 16, 2022 by the Board of Directors of the Holding Company.

#### 58 **GENERAL**

Figures reported in these consolidated financial statements have been rounded off to the nearest Rupee unless otherwise stated.
